Course Description

This course provides the student with the opportunity to learn and develop the basic rules and
skills of volleyball, the 6-6 offense and the defense against the 6-6 offense.

Course Goals

After activities and assigned readings, students will be able to demonstrate through class activi-
ties/assignments, skill tests, and exams:

- Knowledge of fundamental skills, technique, and rules of volleyball

- Proficiency in execution of the skills covered
- An understanding of the history, rules, strategies, safety and etiquette associated with volleyball

- An understanding of the mental and physical health benefits to be derived from volleyball

- A positive change in personal fitness as it relates to components such as muscular strength and endurance, body composition, balance, coordination, and agility.

Course Learning Outcomes (CLO)

After completion of the physical activity graduation requirement, students shall be able to:

- Demonstrate proficiency in the execution of the motor/sport skills appropriate to the specific activities completed.

- Identify and/or explain the applicable history, rules, strategies, current research, safety, and etiquette related to the specific activities completed.

- Identify and/or explain the benefits of physical activity as related to physical and mental health.

Course information will be discussed in class, posted on Canvas, and or/emailed to the student.

Course Notes and Classroom Protocol

1. Assignments received late will receive a deduction of 2 points for each day late and will not be accepted after one week past the due date.
2. In-class quizzes must be taken in class at the time given and cannot be made up. If the student knows in advance that he/she will be missing a class day, he/she should notify the instructor by e-mail in case of any quizzes or assignments that must be completed prior to assignment date.
3. This is an activity class and by its nature you can only benefit and experience change by physical participation in the activity. For whatever reason, should you be unable to participate in class to the degree that your final grade will be unacceptable, you must drop the class or take an incomplete. Students that miss a significant amount of class time should expect to see reflections in grades.
5. All students must be dressed properly (see KIN policy) in order to participate in activity. If a student is not dressed properly they will be asked to change or sit out due to safety hazards.
6. An in-class quiz score will only be recorded if activity for that class period is also completed. For this reason, in-class quizzes may be at the beginning, middle, or end of the class period.
7. Cell phones should not be used during class time due to safety hazards.
8. Students are expected to arrive on time and participate throughout the entire class period.
