so on. More details about student workload can be found in University Policy S12-3 at http://www.sjsu.edu/senate/docs/S12-3.pdf. All students have the right, within a reasonable time, to know their academic scores, to review their grade-dependent work, and to be provided with explanations for the determination of their course grades.

**Class Protocol**

All students should demonstrate respect for themselves, each other, and the instructor at all times.

1) **Professionalism/Active Participation:**
   a. Students are expected to arrive and settle by the beginning of lecture.
   b. While you are in class, the instructor expects that you participate. That means that you should:
      - Actively prepare by reading any assigned materials,
      - TALK (ask and answer questions),
      - Bring your ideas, and
      - Refrain from anything not class related during class (newspapers, readings for another class, text messages, etc.)
   c. Students who show unprofessional/disruptive behaviors (e.g., using electronic devices, texting, sleeping, chatting, browsing, reading/studying other materials) will be asked to leave the classroom.

2) **Electronic Devices:**
   a. Cell phones should be turned off during class. A vibrating cell phone is still an activated cell phone.
   b. All headsets/ear buds must be removed upon entering the class.
   c. Texting, e-mailing, or surfing on your cell phone or laptop are not appropriate classroom activities.
   d. Students who engage in these activities will be asked to leave the classroom.

3) **Examination:**
   a. Exams will be administered only on the specified dates. No make-up exams are administered. However, the instructor reserves the right to give make-up exams because of unforeseen valid emergencies which can be officially documented in writing and notified to the instructor via email within 24 hours. Make-up work is only allowed upon presentation of valid medical or legal evidence.
   b. Should a make-up exam be given, it may differ in style from the original exam. If a student has a conflict due to an excused absence the exam, the instructor can arrange for the exam to be taken before the test date.

4) **Assignment:**
   a. All assignments (except in-class assignments) must be typed and submitted to the proper submission folder in Canvas.
   b. All assignments turned in late will result in a 10% grade reduction for each class day the assignment is late, unless a documented and compelling reason is provided.
   c. All written work is intended to be the creation of the individual turning in the assignment; no student may use another student's work and claim it as his/her own. Correctly use referenced materials. Do not plagiarize. It is the role and obligation of each student to be aware of the University’s Academic Integrity Policy (S04-12).
5) Email Etiquette:
When communicating with the instructor via email, you must follow the etiquette below; otherwise the instructor reserves the right of not replying to your email.
   a. Be sure to include a meaningful subject line; this helps clarify what your message is about and may also help the instructor prioritize reading your email.
