Kinesiology Undergraduate Degree Program Learning Outcomes

At the completion of a Bachelor of Science degree program in the Department of Kinesiology students should be able to:

1. obtain a critical understanding and the ability to apply theoretical and scientific knowledge from the subdisciplines in kinesiology for personal fitness, healthy lifestyles, sport, and/or therapeutic rehabilitation.
2. Effectively communicate the essential theories, scientific applications, and ethical considerations related to kinesiology.
3. Apply scholarship and practice of different movement forms to enhance movement competence in kinesiology.
4. Recognize and apply sustainable approaches as they relate to kinesiology.
5. Identify social justice and equity issues related to kinesiology for various populations.

Fall 2018**Course Learning Outcomes**

The content of this course will focus on the tools and procedures for gathering data on movement skills, physical/health-related fitness, and sport performance. Actual interpretation of test results will assist students in learning programmatic competencies to meet individuals needs in adapted physical activity. Upon conclusion of this course the student will demonstrate:

1. an understanding of different types and purposes of assessment used in the adapted physical activity programming of individuals with disabling conditions (PLO1, 2, 3, 4, & 5);
2. knowledge and competencies in identifying and utilizing at least four types of assessment for fundamental motor skills/patterns, physical/health-related areas and sport fitness performance of individuals with disabling conditions (PLO1, 2, 3, & 5)
3. an understanding of the fundamentals of test administration and variables to consider (PLO1, 2, 4, & 3);
4. skills in test presentation and interpretation and its use in the IEP (or other reports) of individuals with disabling conditions (PLO1, 2, & 4); and
5. skills in the development of an IEP and/or programmatic suggestions based on the assessment results (PLO1, 2, 3, & 5).

Course Requirements/Assignments & Evaluation Criteria:

- | | |
|--|-----|
| 1. Four Quizzes (PLO 1, 2, & 5) | 15% |
| 2. One Exam (PLO 1, 2, & 5) | 20% |
| 3. Class Activities (PLO 1, 2, & 4) | 15% |
| 4. Field Assessment Prep (PLO 1, 2, 3, 5) | 20% |
| 5. Field Assessment Project (PLO 1, 2, 3, 5) | 30% |

- Other readings are provided online through Canvas

When are finals?

This course's culminating activities are final presentation and paper. University [policy S17-1](#) states that "Faculty members are required to have a culminating activity for their courses, which can include a final examination, a final research paper or project, a final creative work or performance, a final portfolio of work, or other appropriate assignment." More details can be found in this University policy S17 document: <http://www.sjsu.edu/senate/docs/S17-1.pdf>

Grading Information

Final course grade will be assigned according to the following scale based on the total accumulated percentage of available points during the semester.

A+=100-97%	A=96-93%	A-=92-90%
B+=89-87%	B=86-83%	B-=82-80%
C+=79-77%	C=76-73%	C-=72-70%
D+=69-67%	D=66-63%	D-=62-60%
F= 59-0% Unsatisfactory

Course Policies

- **Learning Environment:**

The classroom is a special environment in which students and faculty come together to promote learning and growth. It is essential to this learning environment that respect for the rights of others seeking to learn, respect for the professionalism of the instructor, and the general goals of academic freedom are maintained. Differences of viewpoint or concerns should be expressed in terms which are supportive of the learning process, creating an environment in which share of themselves without losing their identities, and to develop and understanding of the community in which they live. The instructor reserves the right to lower the grade if students do not meet class behavior expectations. All students are expected to actively participate. That means that students should:

- actively prepare by reading assigned materials
- bring class notes and reading materials to class
- refrain from anything not class related during class
- turn off cell phones
- close laptops during class sessions, presentations, and meetings
- respect each other's opinion

- **Make-up Work & Tests**

A missed exam or presentation will result in a zero point and no make-up test/presentation will be allowed under normal circumstances. If you need a special arrangement, you MUST discuss options with the instructor at least 48 hours BEFORE the test/presentation day. All tests will cover the information from the lectures and reading assignments (could be cumulative)

- All hardcopies of your assignments need to be turned in at the beginning of the class on the due date. All electronic copies of your assignments need to be turned in via Canvas by 11:59 p.m. on the due date
- If you fail to turn in an assignment on time (either an electronic copy or hardcopy), you will receive 50% of the points for the assignment (your points, not total points for the assignment) within a 3-day window including weekend, 25% of the point within 7-day window, and 0% after the 7-day window

- **Field Assessment Professional Behavior Expectations**

Students may go to an off-campus site for a field assessment project. In this case, proper attire is required such as tennis shoes, sweat pants, collar shirt and/or SJSU T-shirt. No gum, no headphone, and no cell phone, please. Failure to meet the professional behavior expectations will result in 20% deduction of your total points for each occasion

• Group Work Policy

- A “group work” is meant to be worked on as a group. Therefore, do not divide the assignment into sections as people start arguing which section is more challenging to do than other parts of the assignment.
- Because some individuals have difficulty working with others, they have an option to work individually and submit an individual work.
- All group members will receive the same points for the assignment: clearly indicate on the title page ALL group members who have contributed to writing the paper, and thus will be handing in identical versions/
- If you choose to continuously miss group meetings or fail to maintain contact with your group, do NOT expect your group to include your name on the group work. In such a case, you will need to complete this assignment on your own.
- The instructor will NOT accept complaints about group members any later than one week before the assignment due date. You should have a well-developed draft by then and should be aware of any difficulties you have had working with someone. The instructor will NOT accept complaints about group members until you have discussed your complaint with that group member and discussed possible solutions. That is, you must first address your concerns with that group member and bring it to his/her attention that you feel he/she is not contributing equally to the project before you come to me. If you still think you need to come to me, you must be able to tell me the response you received from the group member, so that the instructor knows a legitimate attempt was made to resolve the issue on your own.
