Course Requirements and Assignments

**Active Participation and Reading Responses   30%**

This portion of the grade will be assessed by evaluating students’ active participation in each seminar session. No participation will result in no score for this part of the assessment.

Further explanation: This means that you are expected and responsible for preparing materials for each seminar session. You are expected to speak and make effective class contributions by contributing to class discussions, and by listening and respecting opinions of others. **ABSOLUTELY no makeup points will be available for this component.**

**Professional Portfolio   30%**

Each student will be required to assemble a professional portfolio, which will include a professional resume and your participation in a mock interview. The portfolio shall contain all supporting documents related to the student’s program of study, work, and internship experiences. This includes the internship reflective journal and any other documentation of additional certifications, athletic or sport experiences, awards and honors, attended workshops and conferences, presentations and publications, and other relevant materials related to the student’s professional preparation for a career in the field of kinesiology. Preparation of the portfolio and professional resume will be reviewed and discussed in class.

**Movement Project: Literature Review and Deliverable   30%**

Each student will be required to complete a movement project. The movement project’s final outcome (or product) may take one of many different formats, depending on the student’s emphasis area as well as her or his career goals. Examples of acceptable final products may include a manual, pamphlet, website, podcast, YouTube video, PowerPoint presentation, or publication.

A review of literature using both primary and secondary references is required as a part of the movement project’s final product. Further details will be distributed in class.

**Final Exam 10%**

Format and content will be discussed in class.

“Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/studying, or course related activities, including but not limited to internships, labs, and clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus.”

Classroom Protocol
Students are strongly encouraged to attend and participate in all class sessions.
Students shall be excused from class or other scheduled academic activity to observe a religious holy day of their faith with prior written notification via email to the instructor.

Due Dates
Without documented serious and compelling reasons, no paper will be accepted late (late = after the due date specified by the instructor).

In the classroom, students may use computers only for class-related activities such as taking notes, following the lecture on Web-based PowerPoint slides that the instructor has posted, or finding Web sites to which the instructor directs students at the time of the lecture. Students should abstain from “surfing the web” and/or engaging in IM’s during class, the teacher reserves the right to close the computer, or ask the student to leave the class. This will affect your participation in the class.

Recording of Class Lectures
Common courtesy and professional behavior dictates that you notify someone when you are recording him/her. You must obtain the instructor’s permission to make audio or video recordings in this class. This permission allows the recordings to be used for your private, study purposes only. The recordings are the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material.

Explicit written permission must be requested to make any recording of the class. An announcement will them be made to the class to ensure their comfort with recording the class. If any student objects to the recording then permission will not be granted. If there are no objections then written permission will be provided.

Course material developed by the instructor is the intellectual property of the instructor and cannot be shared publicly without his/her approval. You may not publicly share or upload instructor-generated material for this course such as exam questions, lecture notes, or homework solutions without instructor consent.

University Policies
Per University Policy S16-9 (http://www.sjsu.edu/senate/docs/S16-9.pdf), relevant information to all courses, such as academic integrity, accommodations, dropping and adding, consent for recording of class, etc. is available on Office of Graduate and Undergraduate Programs’ Syllabus Information web page at
