Course Description  
The KIN 197 series are the supervised practicum courses. Athletic Training Students (ATSs) will work toward mastery of specific competencies/proficiencies in the areas of the previous courses: prevention, assessment and evaluation, management, and rehabilitation of athletic injuries. The assigned competencies/proficiencies will be evaluated by your assigned on-and off-campus preceptors. Selected on- and off-campus clinical settings are utilized to assist the ATS in the development of cognitive, psychomotor and affective domain competencies related to the athletic training profession. ATSs will be supervised on-site on a daily basis by the BOC certified athletic trainers (ATCs).

Course Goals and Learning Objectives  
Course Content Learning Outcomes  
At the completion of this course, the student will demonstrate  
1) Accumulation of a minimum of 150 hours of supervised clinical experiences engaged in the practice of various hands-on athletic training techniques at an affiliated practicum site.  
2) Completion of required clinical competencies/proficiencies associated with this practicum course (see attached schedule) – competencies/proficiencies must be initialed and dated by a Preceptor(s) to indicate successful completion.  
3) Completion of all course evaluation methods as noted in this document.  
4) Active participation in the Orientation Meeting, weekly completion of the assigned proficiencies/competencies, and the final semester meeting by sharing experiences and discussing solutions to problems encountered in the athletic training practicum experiences.

Program Learning Outcomes (PLOs)

At the end of a Bachelor of Science degree program in the Department of Kinesiology students should be able:

PLO1: To obtain a critical understanding and the ability to apply theoretical and scientific knowledge from the subdisciplines in kinesiology for personal fitness, healthy lifestyles, sport, and/or therapeutic rehabilitation.

PLO2: To effectively communicate the essential theories, scientific applications, and ethical considerations related to kinesiology.

PLO3: To apply scholarship and practice of different movement forms to enhance movement competence in kinesiology.

PLO4: To recognize and apply sustainable approaches as they relate to kinesiology.

PLO5: To identify social justice and equity issues related to kinesiology for various populations.

Assignments and Grading Policy

Evaluation Methods

1) Competency Manual (clinical proficiencies/competencies) completion – all required elements.
2) Signed Practicum Hours log – accumulation of minimum 150 hours.
   a. *NOTE* - A maximum of 20 hours per week should be spent in the affiliated clinical practicum site – students cannot be required to participate in more than 20 hours per week at their assigned practicum site. In the event that a student voluntarily participates in more than 20 hours per week at their assigned practicum site, only 20 hours can be counted toward the required 150 hours for the 1st semester in the ATP.
3) Evaluation of Student by Preceptor/s at practicum site/s.
4) Evaluation of Preceptor/s at practicum site/s.
5) Signed Handbook Verification forms for each affiliated practicum site.
6) Write a page long “Self-Evaluation” summary of clinical and professional development.
7) Semester interview with the instructor.
8) Copy of current CPR/AED certification per BOC standards (Healthcare Provider, Professional Rescuer or like course) – due at the first course meeting.
9) Copy of current personal professional liability insurance policy – due at the first course meeting.
10) Copy of current bloodborne pathogen training record – due at the first course meeting.

All relevant course materials utilized for evaluation of the student are due by the last day of KIN 197A, Thursday, 12/05, 2019 unless otherwise noted in this document or in class.

Grading

This practicum course is graded as credit/no credit only (CR/NC). No credit (NC) in this practicum course will be given if ALL of the course requirements are not successfully completed by the last day of instruction. This supervised practicum course is approved for one (1) unit of academic credit. ALL proficiencies/competencies evaluations must be completed with a minimum score of 4/5 (80%) per the ATP Competency Manual in order to successfully complete each evaluation associated with this practicum course.

Classroom Protocol

Appropriate behavior in the classroom begins with demonstrating a respect of yourself and others in the course. Please adhere to the following recommendations:
1. Attend all class meetings (and arrive in class on time) and read assigned class material instructions before class.
2. If it is unavoidable and necessary to leave the class before instruction is completed, inform me beforehand.
3. Turn off all cell phones, pagers, PDAs, etc. during classes.
4. Remove ear phones.
5. Participating in other distracting behavior (e.g., reading a newspaper, sleeping, etc.) is very distracting and disrespectful to your peers and the faculty.
6. You are welcome to use laptops in class for class purposes. However, you are on your honor to use it only for class-related purposes.
7. Verbally express opinions/views in a professional manner.

University Policies

Per University Policy S16-9, university-wide policy information relevant to all courses, such as academic integrity, accommodations, etc. will be available on Office of Graduate and Undergraduate Programs’ Syllabus Information web page at http://www.sjsu.edu/gup/syllabusinfo/
