Contact Information

Instructor: Dr. Richard Montgomery
Office Location: SPX 173A
Telephone: (408) 924-3054
Email: richard.montgomery@sjsu.edu (Preferred)
Office Hours: 7:00-7:30 MW or by appointment
Class Meetings & Location: YUH 126

Prerequisites: It is recommended that participants have a complete medical examination. While rigorous physical exercise has many benefits, it may also present hazards for certain groups of individuals. Individuals who choose not to have a medical examination should be aware of the risks and hazards and understand that participation in this class is at your own risk.

Course Description

Intermediate weight training utilizes a variety of weight training equipment, exercises, techniques and lectures to produce a greater understanding of many different avenues to intense training resulting in increased muscle strength and endurance, flexibility, and cardio respiratory efficiency. Prerequisite: KIN 035A or equivalent experience.

Course Goals and Student Learning Objectives

Following activities and assigned reading, students will be able to demonstrate through class activities/assignments, skills tests, and written exams:

- Improving muscular strength of major muscle groups
- Intermediate etiquette in a fitness center
- Developing intermediate level muscle/core strength
• Improving cardiovascular efficiency
• Improving efficiency of training
• Use of various types of weight training and cardiovascular equipment
• Intermediate exercise physiology relating to strength and conditioning
• Developing a realistic exercise management plan
• Health benefits of physical activity
• Physical activity and the process of aging
• Differences in popular types of training disciplines

Activity Program Learning Outcomes

After completion of the physical activity graduation requirement, students shall be able to:

• Demonstrate proficiency in the execution of the motor/sport skills appropriate to the specific activities completed.
• Identify and/or explain the applicable history, rules, strategies, current research, safety, and etiquette related to the specific activities completed.
• Identify and/or explain the benefits of physical activity as related to physical and mental health.

Text/Readings

No text is required. Cognitive material comes from a variety of sources provided in class. Students are expected to keep lecture notes, utilize handouts and may be asked to reference some outside reading sources. Reading materials will be distributed in class and/or emailed to the student.

Course Notes

1. Assignments received or completed late will receive a deduction of 2 points for each day late.
2. A skill assessment must be taken in class at the time given and cannot be made up.
3. A skill assessment is not pre announced and is given promptly at the beginning of the class period.
4. This is an activity class and by its nature you can only benefit and experience change by physical participation in the activity. For whatever reason, should you be unable to participate in class to the degree that your final grade will be unacceptable, you must drop the class or take an incomplete. Please see me for instructions.
5. One skill assessment or activity assignment may be made up at the end of the semester if the make-up results in the difference in a grade.
6. All students must be dressed properly (see KIN policy) in order to participate in activity.
7. A skill assessment will only be recorded if activity for that class period is also completed.
8. Cell phones should not be used during class time except for playing personal music that can be utilized in lieu of the music played during activity.
9. In order to receive an A+ grade you cannot include a make-up quiz.

Course Requirements, Assignments, and Grading:

Evaluation
Skill evaluation/assessment – 10@6 points
Activity assignment – 3@5 points
Outside Assignment - 10 points
Final – 15 points

Grading Scale used to determine final course grade.
