Critical examination of visual representations of sport in popular culture. Facilitate a deeper understanding and appreciation of the artistic qualities that exemplify works of human creativity as related to sport.

Course Description
This course will critically examine visual representations of sport in popular culture. Particular attention will be paid to how media, as a form of popular culture, is produced, represented and, ultimately, consumed. An important goal of the course is to facilitate a deeper understanding and appreciation of the artistic qualities that exemplify works of human creativity in sport. A secondary aim of the course is to help students understand the power of visual representations to shape and reproduce our social reality through the development of media literacy skills. Moreover, the course will examine how dominant ideologies are often perpetuated and, perhaps, resisted in and through a variety of visual forms.
Student Learning Outcomes

GE Student Learning Outcomes (GE-SLOs)

Upon successful completion of this course, students will be able to:

GE-SLO1  recognize aesthetic qualities and processes that characterize works of the human intellect and imagination.

GE-SLO2  respond to works of art both analytically (in writing) and affectively (in writing or through other forms of personal and artistic expression).

GE-SLO3  write clearly and effectively.

Course-Specific Student Learning Outcomes

Upon successful completion of this course, students will be able to:

SLO 1  demonstrate understanding of the interaction of analytical and creative processes involved in the production and consumption of significant works of the human intellect and imagination. Particularly, this course will focus on how sports movies present and represent dominant ideologies in American popular culture.

SLO 2  illustrate how media images (particularly motion pictures) are constructed and, therefore, gain a greater insight into how they are able to communicate particular messages.

SLO 3  use concepts, theories, and media literacy tools to critically explain the possible meanings and messages embedded within sports movies.

SLO 4  analyze American popular culture representations as depicted in sports movies and show how these representations oftentimes perpetuate stereotypical and narrow views of particular populations.

SLO 5  explain the significance of the historical and cultural contexts of how these images are created and interpreted, and how these images correlate with American historical events.

SLO 6  develop and demonstrate critical writing and reading skills by responding to popular culture both analytically (in writing) and affectively (in writing or through other forms of personal and artistic expression).

SLO 7  create a multimedia/artistic project, applying class material to a topic relevant to their interests.

Additional readings will address aesthetic and creative processes of film creation, as well as sociocultural aspects of film in/as popular culture.

**Classroom Protocol**

This course will be driven by discussion and dialogue. Therefore, it will be extremely important for each student to thoroughly read each assignment before arriving in class on the day that each topic is to be discussed. In other words, a significant part of the success of this class will depend upon your willingness and ability to contribute thoughtful and critical comments and questions to the larger class discussion. We will also utilize various alternative media, including the internet and videos, to further promote discussion. Students will participate in class presentations and small group projects to facilitate and foster intellectual community.
• All materials must be original works of the student and typed with text and references in APA format.
• Assignments are due at the beginning of class on the assigned date. Papers are to be used for this class only. Late papers (beginning at 5:00 pm on the due date) will be penalized one full letter grade per day. No papers will be accepted more than 1 week late.
• Reading assignments are expected to be read by the date they are listed on the class plan.
• Discussion is encouraged! But, please keep “social talking” to a minimum during class-time.
• Budget time for assignment completion – this valuable skill will serve you well in your academic life.
• Please try to be on time and switch off phones & other electronic devices (laptops are acceptable if utilized for educational purposes).
• Following university guidelines, an “incomplete” grade will only be assigned for serious and compelling circumstances.

Dropping and Adding

Students are responsible for understanding the policies and procedures about add/drop, grade forgiveness, etc. Refer to the current semester’s Catalog Policies section at http://info.sjsu.edu/static/catalog/policies.html. Add/drop deadlines can be found on the current academic calendar web page located at http://www.sjsu.edu/academic_programs/calendars/academic_calendar/. The Late Drop Policy is available at http://www.sjsu.edu/aars/policies/latedrops/policy/. Students should be aware of the current deadlines and penalties for dropping classes.

Information about the latest changes is available at the Advising Hub at http://www.sjsu.edu/advising/.

Assignments and Grading Policy

In-Class Participation:

Class will be a combination of lecture, seminar, small group discussion, in-class reflection and writing, and watching and reflecting upon films. Since a significant portion of the course is driven by discussion and dialogue, it will be extremely important for each student to thoroughly read each assignment before arriving in class on the day that each topic is to be discussed. While perspectives on particular, often controversial, topics may vary, it is expected that the classroom environment remain a respectful space to have meaningful discussions about the role and impact of sport and motion pictures in contemporary American society.
On-line Discussion Postings (SLO 1, 4):

On-line Discussions – Canvas CMS: Each student will be required to contribute 8 online discussion postings throughout the semester. The postings will be a space for you to reflect on readings, class discussions, or current events, or film & media representations that relate to class topics. You are expected to write approximately 1-2 thoughtful paragraphs per entry. Online postings may be an original response to the particular topic or a reply to a post from one of your classmates. Please keep your tone, language, and content academic and respectful. Topics may be found on the Canvas CMS system under “discussions.”

Film Critiques (SLO 1, 3, 4, 5, 6):

Students will submit two, 2-page typewritten film critiques during the semester, with a minimum of 2 academic references. Critiques are required from the full-length feature film screened in class. Each critique will have particular requirements (TBA) based both on the content of the film as well as class readings and discussion.

Final Paper (SLO 1, 2, 3, 4, 6):

A final term paper will be due toward the end of the semester. The paper provides an opportunity to integrate the larger themes of the class in a written evaluation of a contemporary sports film NOT screened during the semester. Students are expected to incorporate one or more of the analytical perspectives covered in class in their evaluation of a particular sports film.

It will be important to make a claim about the larger social meanings represented in the film by utilizing the “tools” covered in class. Moreover, it will be important to include a discussion of the technical aspects of the film that support your larger claims. Students should attempt to tie whatever issues they raise with larger social issues outside of sport, and describe how these issues or representations have or have not affected American society and culture. Some suggested topics might involve individuals or groups that have been confronted by oppressive or unjust practices/policies related to issues of race/ethnicity, class, gender, sexual orientation, religion, disability, or age. Students are required to cite at least five (5) primary sources (i.e., academic journal articles) in the paper (APA Style). The instructor must approve paper topics. The recommended length of the paper is 4-6 double-spaced pages, and normal fonts, margins, etc. are required. Criteria for evaluation of the paper include (1) content (2) organization/structure (3) integration of relevant theory and class materials (4) writing clarity and (5) originality.

Team Media Project (SLO 1, 2, 5, 6, 7):

In small teams, students will be required to create and present a short media project that explores one or more of the larger themes of the class. The larger aim of the project is to provide a space for students to express alternative media representations of sport that counteract or challenge the representations most often found in contemporary popular culture. The preferred medium for the project is (digital) video; however, other forms of media (animation, print, videotape, live-action) will be acceptable. Creativity is encouraged! Use your imagination. Projects will be evaluated based on the ability to communicate “alternative” media representations of sport, integration of class readings and discussion, creativity, and “production value”. More detailed information to follow.
