

MS Taxation Program Learning Objectives

San José State University

1. To identify and understand complex tax issues within the context of the global business world.
2. To learn research skills that will assist in exploring both familiar and new areas of the tax law and communicate the findings clearly.
3. To be aware of multi-jurisdictional tax issues.
4. To develop conceptual and analytic skills with real world applications.
5. To develop an appreciation for tax policy issues that underpin our tax laws.
6. To understand the ethical implications of tax practice.

These are the overall learning objectives that students will attain by completing the MST program. Each course has a set of learning objectives that build to the above objectives.
