Mechanical Engineering Scholarships 2019
Call for Applications

The ME Department is pleased to invite applications for department scholarships. Applications will be evaluated based on academic excellence, engineering accomplishment, leadership, and service.

One scholarship application is sufficient for applying to all awards for which the candidate is eligible. To apply, please complete the online application form at the following link:

*** DEADLINE for application: Saturday, April 20, 2019 ***

Listed below are scholarships that have been available in recent years. Amounts for individual awards typically range from $250 to $5000. Actual amounts for this year are subject to fund availability.

**S. Brooks Walton Scholarship Award** to the ME Graduate of the Year award as selected by the department faculty. There are also two additional S. Brooks Walton Scholarship Awards made to two deserving and promising ME students.

**Mechanical Engineering Endowment Scholarships** are three $500 awards for ME seniors, juniors or graduate students who have demonstrated their excellence in education. Special consideration will be given to students pursuing their senior project or masters project/thesis in areas related to fluid mechanics.

**David A. Brown Fellowship in Mechatronics** to promote the professional development of a junior, senior or graduate engineering student in the area of Mechatronics, who is a U.S. citizen, and advance the development of the Mechatronics program at SJSU. Additional requirements and expectations apply. Please contact Dr. Furman at burford.furman@sjsu.edu for details. Recipients of this award are also expected to work as paid assistants in the Mechatronics Laboratory approximately seven hours per week during the fall and spring semesters in 2019-2020.

**Steven Meacham Memorial Scholarship** is a $5000 scholarship in memory of ME student Steven Meacham, who was to graduate in Fall 2017. Students selected for this scholarship must be undergraduates eligible to take their senior design project classes next year. The selected student must enroll in Engr 195c/d in Fall 2019/Spring 2020 rather than ME 195a/b to work on a community service-related senior design project. Engr 195c/d will be accepted in place of ME 195a/b for graduation and upper division general education requirements.

**Donald Myronuk Memorial Scholarship Award** to a junior, senior, or graduate ME student who is a member of Pi Tau Sigma. Applicants must specify Pi Tau Sigma membership on the application form.

**Francis Huang Memorial Scholarship Award** to deserving and promising ME students. Two scholarships worth $1000 each are available.

All awardees are required to attend the ME alumni event on Thursday, May 9th, beginning at 6:00 PM. Scholarship donors will be invited to this event as well as ME alumni.
