THE DISCUSSION: HAVE YOU JOINED THE DISCUSSION YET?
Have you ever wanted to learn more about a certain culture or diversity topic in a safe and fun environment where no question is considered dumb? In these interactive and informal one-hour workshops, come and fill your open mind and empty stomach with delicious information!

DAI PROGRAMS
The Diversity Advocate Intern (DAI) Programs are social justice based workshops that each intern is responsible for researching and presenting. The workshops themselves are fun, interactive, and educational that encourage dialogue amongst the participants.

ADAPT WORKSHOPS
The Advocating Diversity and Allyship Peer Training (ADAPT) Program is a set of workshops that have been created by the DAIs to educate peers on topics of identity, privilege, power, and oppression. These interactive workshops can also be requested to be done in classrooms, group meetings, or for diversity trainings. A full list of the available workshops can be found at MOSAIC’s website at sjsu.edu/mosaic.
