ABOUT US:
MOSAIC provides a safe and welcoming environment which honors and celebrates diversity. We offer support and advocacy for historically under-represented groups, leadership opportunities, and intentional programming that focus on critical thought, social injustice, and cultural empowerment.

The programs offered by MOSAIC focus on social justice to promote and foster understanding, interaction, and communication in an inclusive environment amongst the students of SJSU. Our original programming seeks full and equal participation from all groups in society.

MOSAIC Events are wheelchair accessible.

For more information and accessibility needs contact MOSAIC @ (408) 924-6255
