

TAKE MUSE – THE FIRST SEMESTER EXPERIENCE CLASS

Get excited about your first semester! Take a **Metropolitan University Scholar’s Experience (MUSE)** class. MUSE seminars are designed to help you with the transition from high school to college. MUSE classes are small seminar classes especially for Freshmen that fit into your General Education program, but you can take **one** only and **only** in your first semester. **Compared to students who do not take a MUSE class, students who take a MUSE class have higher college GPAs, and are more likely to stay and complete college in a timely manner.**

WHICH MUSE CLASS SHOULD I TAKE?

We advise you to take a class that sounds interesting to you. **Remember you can take MUSE only in your first Fall semester, and can take only one MUSE course. All MUSE classes are identified by a “Q”** in their course number. Many of the department suggestions do not specifically include a MUSE class, however **most majors can take their MUSE course in any GE area. If you have one of the majors below, here are some suggestions:**

Nutrition and Food Science: Take your MUSE course in Area C1, C2, or E. Alternatively you can take the Area D1 PSYC 1FQ course, as PSYC 1 is required for your major.

Health Science: Take HS 001FQ, as HS 1 is required for your major or any course in Area C1, C2, or D.

CHAD Plan A: CHAD can take CHAD 60FQ, as CHAD 60 is required for your major or any course in C2.

CHAD Plan B: CHAD can take CHAD 60FQ, as CHAD 60 is required for your major, or any course in B1, B2, C1, Or C2.

Pre-Nursing: You can take Sci 2 in Area E, and a MUSE course in Area C1 or C2. Alternatively you can take PSYC 1FQ, as PSYC 1 is required for your major, as a D1 MUSE course.

Majors in any Social Science: Often Musc 10A (a C1 course) is listed on your “roadmap”, but you can take a MUSE class instead in almost any GE area. **Anthropology, Economics, Psychology, and Sociology** majors should not take D1 MUSE classes as your majors require a course in D1. However **PSYC** majors can take the Area D1 PSYC 1FQ course for their major as a MUSE course and **ECON** majors can take the Area D Econ 1BQ course for their major as a MUSE course. **Geography** majors can take their MUSE class in B2, C1, C2, or E. **Political Science** majors should take their MUSE course in C1, D1 or E.

Engineering Majors

Aviation and Technology: Take your MUSE course in GE Area C1, C2, or E. Alternatively you can take the Area D Econ 1BQ course as ECON 1B is required for your major .

Engineering: Take MUSE in Area E.

Business Majors: You can take your MUSE class in Area B1, B2, C1, C2, or E. Alternatively you can take the Area D ECON 1BQ course as ECON 1B is required for your major.

Majors in any Science: Take your MUSE course in GE Area C1, C2, or D1. Take SCI 002 in Area E.

American Studies sequence (AMS 1A/1B): Take your MUSE course in Area B1, B2, D1, or E.

Humanities Honors sequence (HUM 1A/1B): Take your MUSE course in Area B1, B2, D1, or E.

If you have ADHD or LD, check out “ADHD: Chaos Reigns” in Area E (PSYC 96KQ), regardless of your major.
