

University Admissions Update  
(from the <http://info.sjsu.edu> web site)-  
Posted as of the 12/02/2008

Challenges brought on by California's budget shortfall have forced California State University to limit enrollment on all 23 campuses for the first time in history. ***Systemwide impaction will affect all prospective students.*** The application deadline for students who intend to enroll as freshmen at San José State in fall 2009 was Sunday, November 30. Deadlines for other applicant groups and campuses vary. Review the following link for more information ....  
<http://info.sjsu.edu/web-dbgen/narr/static/admission/impaction.html> (Other information concerning who is eligible or ineligible to apply to the university and information on the application deadlines is posted on the SJSU main web site). Nursing majors must first apply to the university. You may call the School of Nursing at 1-408-924-3142, if you have further questions concerning the nursing application process. There are monthly nursing group advising sessions scheduled and these 2 hour sessions are very informative. Call 408-924-3131 for those dates/times.
