REGISTERED NURSES TRANSFORMING HEALTHCARE IN THE SILICON VALLEY: EVIDENCE AND INNOVATION

Please remember to sign up for the First Annual Conference jointly sponsored by The CSU Northern CA DNP Consortium, The Valley Foundation School of Nursing at SJSU, Sigma Theta Tau International-Alpha Gamma Chapter, and CNSA. The conference is on April 22, 8:30 a.m. to 4:00 p.m.

Research Opportunity/Leadership

If our nation is to make the opportunity for health available to all, we need leaders who will be able to meet the challenges before us—leaders who refuse to be siloed, leaders who refuse to do things the way they have always been done, leaders from all walks of life who reflect the marvelous diversity of our nation.

If you are an early- or mid-career researcher, you can help shape the future. New Connections, one of RWJF’s signature leadership programs, aims to diversify the perspectives that inform RWJF program strategy by providing research grants, networking, and skill building opportunities to scholars from underrepresented and historically disadvantaged backgrounds and/or who are the first in their family to receive a college degree.

This is your opportunity to tap into a global community of scholars and develop new professional collaborations as you refine your own areas of investigation as an independent researcher.

Apply now through May 16, 2017>

Seeking “Kodak Moments”

Next time you are on campus, take a few minutes to view our expanding photo gallery with class pictures dating back to 1959. Thanks to grant funding from the Alpha Gamma Chapter of Sigma Theta Tau and graduating class gifts, we have reframed class pictures using archival mats and UV protective glass. Our University photographer restored several class photos that were badly faded. As you do your “spring cleaning,” consider donating your class picture to TVFSON. An accompanying check for $125.00, made payable to SJSU School of Nursing, covers framing costs. We are seeking class pictures for these graduating classes:

Apply Today for a 2017 NLN Foundation Faculty Scholarship Award

Accepting Applications until May 31, 2017

To address the nurse faculty shortage and attract more seasoned and ethnically diverse nurses to become nurse educators, the NLN Foundation will award scholarships of up to $8,000 to help complete graduate education.

Funds may be used for tuition, support for a dissertation or thesis, or travel for attendance at an onsite internship or classes.

Eligibility

You must be:

- a nurse pursuing and advanced degree (master's or doctorate) in preparation for a career as a full time nurse educator
- Have completed at least one full year of the program
- an NLN member, either through individual dues or through employment at a member institution.

With the support of our generous donors, the NLN is the only member organization providing scholarships specifically to nurse educators. Together, we are preserving the past and building the future of nursing education.

If you have questions related to the application process, please visit our website or contact foundation@nln.org.
Congratulations to Dr. Deepika Goyal and Dr. Kasuen Mauldin and Dr. Sadhna Diwan on their contributions to a newly published book that is dedicated to the health of South Asians - three SJSU CASA faculty have contributed:

Deepika contributed 2 chapters on Maternal Mental Health and on Intimate Partner Violence
Kasuen & Sadhna – contributed a chapter on Nutrition

Their work can be found at…

https://books.google.com/books?id=sXFdDgAAQBAJ&printsec=frontcover&source=gbs_ge_summary_r&cad=0#v=onepage&q&f=false

Dr. Tamara McKinnon, Dominique Teaford (MS Class of 2016) and Dr. Laura Brunetto (DNP Class of 2014) will be beginning a research project based on the community health scenario, “The First Knock”. The purpose of the scenario is to dispel anxiety that students have when making their first home visit.

Here are 2 exciting opportunities to travel and learn with Dr. Deepika Goyal

Career enrichment program to Lima, Peru June 18 - 25, 2018

A maternal-child health faculty led program (FLP) to Pune, India, Jan 3 - 14, 2018
http://www.sjsu.edu/gei/flip/programs/winter/india-goyal/index.html
Dr. Dorothy Moore (Class of 2014), and faculty in the DNP program, is keyed into publishing! She has two articles pending in well known publications.

Dr. Moore also shares the following FACULTY OPPORTUNITY

“Last spring I applied to the Parkinson’s Disease Foundation: Edmond J. Safra Visiting Nurse Faculty program and was selected to participate in the training at UCSF/SF VA. It is a big commitment—four days of training including two days of clinical shadowing, and an obligation to write an article or lecture or other scholarly project. There is a $2000 stipend for those who complete the program. The training is amazing: small group sessions with world experts (seriously). A very worthwhile time.”

Here is the link for applications for nurse faculty (can be part-time).

The training session this summer is:

Monday, July 17-Tuesday, July 18-San Francisco, CA

Center for Parkinson’s Disease and Movement Disorders at UCSF Medical Center and UCSF VA Medical Center

Program Coordinator: Susan Heath, R.N., M.S.N.

Here is the article I wrote as an “Edmond J. Safra Nurse Scholar“:

Dr. Diana Cormier (Class of 2014) be presenting a poster and podium discussion to the Academy of Neonatal Nurses Advanced Practice Nurses Conference in Honolulu April 22, 2017.

Dr. Rupalee Patel (Class of 2015) and an SJSU baccalaureate grad, has a new publication based on a continuation of her award winning DNP project,

Homecare and Healthcare Utilization Errors Post–Neonatal Intensive Care Unit Discharge in Advances in Neonatal Care • Vol. 00, No. 00 • pp. 1-7

All authors include:

Rupalee Patel, DNP, C-PNP, C-PHN, IBCLC; Matthew Nudelman, MD; Adebola Olarewaju, MS, C-PNP; Sunshine Weiss Pooley, MD; Priya Jegatheesan, MD; Dongli Song, MD, PhD; Balaji Govindaswami, MBBS, MPH

Dr. Elizabeth Austin is running for national office in the AORN.

See her at https://www.aorn.org/about-aorn/governance/voting-matters/meet-the-candidates

There is a “Watch Video” button under each candidate’s photo on the Meet the Candidates page. When clicked, the button will open a new window and play the video.
Congratulations to Brian Dang and Jeland Palicte, two of the ten outstanding student researchers will be recognized with their faculty mentors for excellence in research at the 38th Annual Student Research Forum Wednesday, April 5 Noon - 2:00 P.M. (Engineering Conference Room 285/287).

This event, which includes an awards ceremony followed by a reception and poster session, is hosted by the SJSU Office of Research and the SJSU Research Foundation.

The following SJSU Research Competition finalists will go on to represent San José State University at the 2017 CSU Student Research Competition April 28 and April 29 at California Polytechnic State University (Cal Poly), San Luis Obispo:

- Alexander Cabot and Irene Lin, Department of Physics & Astronomy
- Bryan Dang and Jeland Palicte, The Valley Foundation School of Nursing
- Hadil Shalan, Department of Chemistry
- Kunal Goswami, Department of Computer Engineering
- Mary Ryan, Department of Linguistics and Language Development
- Maryam Runiassy, Department of Computer Engineering
- Ryan T. Scott, Department of Kinesiology
- Sarah Lysgaard, Department of Art & Art History

Please join the SJSU community to congratulate these outstanding student researchers and their faculty mentors.

---

Job openings

El Camino Hospital is delighted to once again offer a RN Transition into Specialty Program and also a RN New Grad Program. These programs are funded by a generous donation from the El Camino Hospital Foundation.

The RN Transition into Specialty Program is being offered to RNs currently working at ECH and have an interest in moving into: Critical Care-MV & LG, Progressive Care, Emergency Department MV &LG or the Interventional Services.

The RN New Grad Program is being offered for RNs who have graduated within the past 12 months and are ready to start their career.

Applications are now being accepted through the ECH Website.
