Via Services, a 501(c)3 non-profit organization that has served individuals with disabilities and their families for 72 years, is once again offering a Community Health Summer Nurse Internship at Via West Campus, our nationally-accredited special needs camp in Cupertino. Each year, Via West hosts 3,000+ children, teens, and adults with developmental and physical disabilities during school year respite weekends and longer summer sessions.

Our internship began in 2009 with a grant from The Valley Foundation, and more than 70 student nurses have completed the program. This year, we are opening 10 spots in this highly-competitive internship. Would you be able to share this flyer with your nursing students?

Please don’t hesitate to contact me if you have any questions, or would like further information.
