Spring 2019 BSN Nursing Applicants:

*** Read this Information for those applying by Sept 15, 2018 for a possible Jan 2019 start→ Nursing BSN Applicants (Important Information)***

For those students who are either ongoing SJSU students or are prior Baccalaureate transfers, planning to apply to nursing, you have a separate nursing application. The UNIV application is open ~Aug 28 until SEPT 15, 2018 for all Spring 2019 applicants who meet the above criteria (and those listed on web site....). NOTE: you should have all lower division general courses completed by the end of the Fall 2018 semester- and this includes CHAD 70. For Prior Baccalaureate students applying, the site is located on the calstate.edu/apply web page (See hyperlinks below for extensive information). You will still need to apply to the nursing program separately to nursingCAS.org (Go to http://www.sjsu.edu/nursing/students/prospective/index.html (read the BS information packet and look at advising slides). The NursingCAS online nursing application opens 8.28.2018 and closes 9.15.18 at 8 pm (for Spring 2019 applicants). NOTE: The UNIV does not admit transfers for Spring semesters. THE WST exam (Prior Baccs exempted from this) should be completed 3 months prior to the application due date (ideally). Try to get into the June exam or prior to that; scan a blank paper into Nursing CAS indicating your name & that you have a prior Bacc. Degree so exempted)... ] The SJSU testing web site https://testing.sjsu.edu is where you register for WST (or any of the TEAS tests). If your prerequisites do not show as equivalent on http://artic.sjsu.edu (under school to school), go to our web page sjsu.edu/nursing and under “forms” at top of page, follow the electronic information for “Prerequisite substitution form” (PSF). The articulation pages are for California state schools; These PSFs are completed by you and sent electronically to a specific email address, with a scanned catalog course description) for review (Do this now! Don’t wait). Faculty are off all summer so it may be Aug. before you get a reply. Please separately scan in the course description for the PSF. Again, this is only for courses that do not show up as equivalent at California State Colleges/Univ.

For those who have taken AP courses, please complete the prerequisite substitution forms, and use either College board scores or results that appear on an official college transcript. According to past applicants, the Nursing CAS application can take up to 4-5 hrs. if you attended several schools- as you must input all individual grades for all college classes ever taken. Also, you will need the additional scanned documentation to upload (Driver’s license; and one of the following: Birth certificate/ or U.S. Passport, /or current green card) → please scan as “lighter” on a Xerox machine, so they are legible. In addition, include a scan of the 1-page signed functional, technical competencies form and TEAS and WST results. TEAS score must be a minimum of 78% on the first or second attempt for TEAS 6. We only need to see the highest of the two. If prior military, you need to scan your DD 214, discharge papers. Please note the GPA for the 5 prerequisites is 3.2 minimum. Those who do not meet the criteria, are not eligible to apply, and may email Dr. Sue Malloy Suzanne.Malloy@sjsu.edu (the Nursing Undergraduate Coordinator about career options).
