Pi Theta Epsilon (National Occupational Therapy Honor Society)

The mission of Pi Theta Epsilon is to support the development of occupational sciences and the practice of authentic occupational therapy by promoting research and other scholarly activities by its members. In this way, the organization serves not only the profession, but helps to insure quality health care services for the general public.

The purposes of PTE, as stated in the society's Constitutions, are:

- To recognize and encourage scholastic excellence of occupational therapy students
- To contribute to the advancement of the field of occupational therapy through scholarly activities, such as research development, continuing education, and information exchange between student and alumni members, and
- To provide a vehicle for students enrolled in accredited programs in OT to exchange information and to collaborate regarding scholarly activities.
