

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Oscar	which types of Roadways are the most deadly for Wildlife.	Nice Background Good use of space	Could have used a lighter font color	What can be done with freeway design to make it safer?	Protect Wildlife from untimely demise

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Casey	Where do cyclist ride?	Background is not overwhelming. 3D charts are eye catching	Abstract did not need to have blue background	Why are there not more designate bike lanes?	More bike lanes could encourage more ridership.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Ingrid	Env. and Social Awareness of 18-25, 26-34 Yr. olds Elec. cons	Graphs and Pictures are eye catching	Maybe could have used a light color background	Do you think people will take this issue seriously	Might make people think twice before buy more electronics

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Derek	Nissan Leaf vs. Honda Accord Emissions	Had a graph with error Bars!	Maybe a darker shade of blue would have made the poster.	How many miles are each vehicle driven?	Cars are a big part of human caused GHG's.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Eric Acedo	Solar Energy Waste management in CA	I get the point. Solar Companies are not conducting EPR	Mention some of the obstacles to EPR	Why is e-Si the practical choice of EPR? less new easier to recycle	Resources are not reused

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Jaime River	How do we tag Impact on local knowledge	clear results	Be sure to include income graphs in paper?	Does knowledge have an impact on their behavior?	Native landscape practices: biodiversity, reduced water use

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Christina Gutierrez	The Greenest Greek Competition	Evaluates sustainability at Camp	Why did male score better?	What questions were on the survey? Knowledge attainment practice	sustainability @ school.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Kristi Goss	Ethnicity, Income & Household Energy Savings in San Jose, CA	I like the topic. clear results	Other ways to promote knowledge?	Did you mention anything about solar panels?	Saving electricity helps environment

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Josh McClusky	Can Habitat Enhancements Be used to Create Prime Foraging Habitat?	Very good clear connection as to why foraging habitat important.	Need more elaboration for discussion.	The number for hay bales is not specific to burrowing owls?	Identifying prime foraging habitat will allow for the recovery of this species. requirement

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Jaimie Bauer	How do Income + Age Impact Consumers' Knowledge of Native Landscaping?	Graph easy to follow - excellent summary of important results	Maybe add more ways to connect with/support younger generation (aids in maintaining this attitude)	Why do you think income wasn't as much of a factor for the younger generation?	This study demonstrates where resources can be directed to increase awareness.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Christian Gutierrez	The Greenest Greek Competition	Compelling research, excellent use of technology	Clarify a bit on the research ?'s: -Pride -Feelings of sustainability promotion -Actual reductions	Are Greek males (as opposed to Greek females) conserved more?	Potential for incorporating sustainability into the Greek Greek lifestyle/Community.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Maimda Summers	Opinions toward the plastic bag Ban: SJ vs. MV	clearly stated - Great recommendations aimed at the older set.	Perhaps leave out "old ppl are set in their ways" unless have data to support this.	Where were the people in SJ & MV surveyed at?	By learning about barriers to adoption of this practice, they can be overcome

(more data for other cities considering a ban)

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Hepher Smith	Which Munnie is Better	Interesting way to measure prod. evaluate. We potential impacts of nurseries	What are the suggestions for environmental reformation	What methods will reduce non-native growth?	Valuable information for environmental reformation

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Oscar Delgado	Which types of roadways are most deadly for wildlife?	Interesting perspective for reducing wildlife deaths	Evaluations of why you found these results might help	Why do residential and expressways have more roadkill?	Reducing wildlife deaths

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Eric Aceedo	Solar Energy Label Management in CA	Great study to evaluate company's environmental responsibility?	How were the EPR scores graded	Any way for companies to influence EPR? - Any incentive for companies to have EPR	Reducing waste through reuse and recycling

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Derek Daniels	Lead vs. Acid Emissions	Interesting impacts of three vehicles	Most of this information is already known How do hybrid vehicles compare	How do price & expected life expectancy of these vehicles affect emissions rates	CO ₂ reduction through consumer choice

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Katherine Ches	Percent cover of ferns in Henry Howell State Park.	Objectives flow nicely. Makes sense	Make discussion more explanative, but also succinct. - indicator species?	Why does Bracken fern flourish in disturbance	Helps to protect old growth forests by identifying where giant chains are.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Olivia Thomas	Willingness to pay for E-waste recycling	great findings! Its very interesting that money doesn't affect WTP	Did the area you surveyed have any relationship to WTP	Did you ask how much they min and max was to pay for E-waste?	good to know who to target when looking for WTP.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Josh McCluskey	Can habitat Enhancements be used to create Prime Foraging Habitat?	good study, very meaningful to help enhance owl populations	What other animals exist in the area that can benefit? will their presence help/hurt the owls?	How long of a period were the habitats studied?	this would help humans understand better how to manage wild habitats.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Derek Daniels	Nissan Leaf vs. Honda Accord Emission	This is important info! awesome to know, I'll buy an electric!	Where is your p-value was it significant?	Why did you choose the leaf and not other cars? pens, tska?	Limiting GHGs is very important and this study shows exactly how to!

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Blaze Kawachi	Solar Survival of SJSU professors	Liked results set-up/info	graphics not clear	Any recommendations on how to reduce cost?	Solar energy is renewable = not as dirty

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Lowie Bader	How do humans affect important to summer knowledge of water conservation?	nice clear results table	No error bars on table	Can city ordinances help water conservation?	Native landscape conserves water

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Kathleen Chase	% of cover of ferns in Henry Cowell State Park	Layout, flow, colors are great (info too)	Discuss more concise	Are there any other types of ferns of concern?	reduction of invasives will benefit native species

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Maria Reyes	Environmental Stewardship of closed spaces in Santa Clara County	Great methods	larger sample?	Would neutral weight in questions reflect effect of field answers?	Get alternatives for sustainable objectives

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Josh McCluskey	can habitat enhancements be used to create prairie foraging habitat?	great layout, compatible colors, great maps & pictures	NO DISCUSSION? ^{Typo formatting} where it at?	What are the units on the scale?	would time be better spent on restoration not focusing on vegetation?

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Jaime Bauer	How to increase Age Impact Consumers Knowledge of native landscaping?	Beautiful layout, appealing photos	Have a little more of objects methods in abstract.	How Random was participation through survey monkey?	IF you can get people better important should native landscaping be marketed to them?

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Ingrid Velasquez	Environmental Social Awareness of 13-25 year old electronic consumers	Very clean looking, great color compatibility like citations	still too many words in introductions	What things do you think contributed to difference in Normans study?	with this information can there be policy put in place that electronics must use best tech and not release in stage...

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Olivia Thomas	willingness to pay (WTP) for waste recycling	like layout and organization, and simple.	maybe a picture instead of an illustration	why do you think there wasn't any significance? ^{W/ more}	How should this knowledge be applied, should e-waste recycling be located at high schools

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Olivia	WTP for E-Waste	Easy to read graphs with very interesting results	Specify the "factors" in recommendation section.	Are you defining E-Waste?	Yes. E-Waste is a growing problem.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Dustin Vega	Water Efficiency Comparison: Vertical Condens	Interesting and original topic.	Blurry poster text.	Can you account for nutrients in the soil?	High. Land use is a major issue in urban areas.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Kevin Trew	Cleaning Products: Effectiveness on E-Coli	Super topic! Very interesting results	Blurry graph.	None Great!	Yes. Green products must be as effective as standard products if they are to compete.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Janre Bauer	Does age Impact knowledge about native gardens	Very well designed poster.	Blurry poster.	None? Great!	yes. Gardens require water! Sustainable gardens are important.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Joshua McCluskey	Can Habitat Enhancements Be Used to Create Prime Foraging Habitat?	Clear & to the point.	Scale bar is a little off, No discussion.	What species was attracted to what more?	Understand what type of enhancement to attract appropriate species.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Joseph Lovelace	Comparison of Materials used to line collectors arrays for solar ovens	Outstanding study and student design.	Blurry and it was a bit confusing to find the results.	Why do you think people are not using this more?	It is a great experiment to encourage people to use solar ovens and save energy.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Melanie Rossi	Is there a Correlation Between Income, School Garden Complexity, and Size?	Very easy to read.	Maybe graphs can be prettier?	There seems to be a trend, what do you think can be improved on to find significance between income & garden size and/or complexity.	This helps with environmental justice and can help improve gardens in needed areas.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Kevin Tieu	Cleaning Products: Disinfection Effectiveness on Escherichia Coli	Good collection of sample options (cleaning product)	Blurry poster... Pretty a bit ambiguous	Any significance between the green and "regular" or not green one?	Help to educate users on more green options?

Olivia

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
C.J.	Economic Effects on Municipal Solid Waste...	Very impressive results section Great recommendations	N/A	Why do you think income doesn't have an affect on MSW?	Diversion rates should be emphasized in the commercial sector

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Dustin	Water Efficiency Comparison Between...	very well executed study interesting results	wish there was more info on the species	Are there particular plants that are best suited planted for vertical towers? & should be promoted	It is interesting to see which urban watering systems are effective

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Eric A.	Solar Energy mgmt in CA	super interesting topic interesting results great presentation on an imp issue	I wish the graph was more clear	Why do you think companies haven't invested in EPR?	PV recycling programs need to be established

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Casey Junod	Where do cyclists ride?	Beautiful poster, Results section is very clear. Very interesting study	Error bars	Where morning riders safer?	Bicycle infrastructure must be developed on the municipal level

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
THAI CHAI	Produce stores and fast food owners in city of St. Paulon ethnicity	Love the map lots of effort to create it	title too long	How did you decide what fast food is?	can be used to see if healthy foods are available to minorities

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
MARK BRYANT	ENV standing of elected officials in S.C.	good DATA! I like the idea of your study	more then (point out) note the way they responded would have a lot to your study	what is standing?	I think it can be good to see if politician will follow through with green statements

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
REE NAYLA JAIN	Farmers Market is organic produce more local than conventional	Very nice layout and very concise I like it	IT would have been nice to see to which produce traveled the farthest	was size of the farm a factor?	This is great to see if GTO production matters in organic food.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
C) GRAYS	Economic effects on municipalities and waste measured by disposable	I like your small and pictures	Results are good but hard to find	Are you recommending being applied in the real world?	TRACKS what is responsible for the waste stream - SUPER APPLICABLE

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Maria Beglebin	Envystandards of Elected Officials in S.C. County	The scope of this project is huge. you Congrats, Rank.	I would like to see more visuals tell your story	why didn't you name names	People in power make decisions that affect the environment

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Kenneth Williams	Air Pollutants footfall v. Vello	Great visual & way to think outside the box	would like to see bullet points, are charts confusing	How what are good for this	our Emissions Reduction.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Cossey June	Where to Cycle Ride	This is an amazing study. Best work in the class in my opinion	your Recommendations are solid. Make them stand out	will you follow this through?	Bike = Sustainability

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Stefanie Nakagawa	farmers' markets	Apples Great visual	Title is a little confusing	where are the farmers markets?	Agriculture organics

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Casey Juroz	where do cyclists ride	good to have a lot of info but not overwhelming	none	where can't they go in the street	bikes are good.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
CJ	long title	to many numbers in results	good info	can we change trends certain trends	gives an idea of what sectors can reduce waste

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Joseph Weller	Solar Ovens	really good info	Hard to find a definite use	How fast is it heat up.	Can use it place or BBQ pit or conventional oven

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Joseph Mc Cluskey	Habitat enhancement for diversity	really like the maps are stuff	a lot going on	what else could be done	Supports wildlife restoration

May 9, 2013

Comment sheet - ENVS 198 poster session

Commenter name: Katherine Ches

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Zack Wient	Old growth second growth fairy rings	• good recommendations - like how everything is in separate boxes - like the pictures	- put p-value in exponential format - more benefits for old growth	• what are your questions? • Isn't it obvious old growth is larger?	Help preserve old growth forests

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Casey Inoel	Where do cyclists ride	Methods clearly laid out • Intro flaws well	• error bars • reward results sound a little choppy • relate recommendations to sustainable transit	- Why do more experienced riders bike early? why not in afternoon?	- more bikes = less cars on road = sustainable transportation

- good but talk more about reducing CO2 • make sure discussion explains & you found what you found

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Heather Smith	Which manure is better	Methods very clear	- talk about horse/cow manure benefits for soil - discussion: reiterate why your results make sense	How contribute to sustainability? • what was the ANOVA btw?	reusing poop instead of throwing it away

- put actual recommendation on how manure is sustainable • put graphs in excel

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Derek Daniels	Nissan leaf v. Honda accord Emissions	- Abstract succinct - good recommendations - understandable results	• Add more to intro • say more than just results in discussion.	Why has the electric cars re-explored? - more feasible? cost-effective? - gas \$ high?	Electric vehicles = less emissions and more cost effective in long run.

- talk about why the Nissan 140k would save emissions

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Malinda Sumner	Options towards Plastic Bag Ban	Well-organized good intro, good results	what would your recs be towards those agencies or w/ negative news?		Plastic Bag Bans are becoming more prevalent. part. in CA. what is a solid way to educate?

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Casey Turner	Where do cyclists ride?	strong poster, good results = methods	aim your recs @ your specific audience	N/a	Bike lanes can encourage more sustainable transportation.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Ingrid Velasquez	Electronic & consumers	clean poster simple & understandable interesting data well-explained	able explanation of results	how would you promote educ. on it?	This is a really important topic given the amount of toxic waste that lands in the landfill.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Marice Begiering	Elected officials in S.C. County	strong topic & really good methods	as a lab. on discussion	are there other studies conducted?	The key to any env. change is through policy and influencing politicians.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Derek Daniels	Missan Leaf vs. Honda Accord Emission	I thought this was a great area to research w/ popularity growing among electric	Associate this level of research with electric cars	Does this make people you know more pushed to buy electric.	Lowering emissions & moving away from gas is great for the future.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Stephanie Norkyana	Farmers Market: Organic produce more local than conventional?	Great, effective, layout.	maybe more recommendations?	Has showing this info among your peers opened up their purchasing habits?	Less input into the soil clearly means less travel a sustainable food market.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Blake Yamauchi	Solar Survey of SJSU Professors	extremely interesting question to research!	expand survey to more campus for further research.	If more incentives were offered do you think teachers with smaller income would adjust to solar.	Moving away from coal would aid in a sustainable society.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Dustin Vegg	Water efficiency comparison between a vertical garden & garden bed.	The graphs displayed the data nicely & drew me in.	Perhaps using a larger variety of plants could improve the research.	How would you incentive vertical gardens.	This could inspire more local food growth & reduce food miles.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Katherine Chesco	% cover of Ferns in Henry Cowell State Park	Nice color. ^{sounds like there was a lot of hiking well done}	Next time try being in wording  Maybe try different parks	Good job, next time try to look at more different plants	Not sure what Ferns have to do with sustainability

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Krista Gross	Ethnicity, Income + household energy Savings in San Jose, CA	Nice colors - Very informative	- Box in the wording - Bring the whole project down to a simple persons point of view.	What other ways can we find energy savings?	Yes, I think it can be used for future reference

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Maria Benziebira	Environmental Standings of Elected Officials in Santa Clara County	Nice background & spacing.	Add some kind of a picture	How do you know if the Council member is telling the truth	Not sure how it can relate to sustainability

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Charles Gleaves	Economic Effect on MSW measured by disposal rate	Very good subject to work on.	A little wordy - Bring more pics to make it interesting	How can this be used differently	Yes

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Olivia Thomas	Willingness to pay for e-waste Recycling	Interesting and valid topic for a senior - sem project	Analyze income too + represent.	Was income for people surveyed a factor?	More people may recycle e-waste if we can figure out how income is involved.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Charles Gleaves	Economic Effects on Municipal Solid Waste Measured by Disposal Rates	Very organized & surprising results	Find out why higher income has less waste.	What was the most common type of waste.	Figure out why income levels have more waste than others / reduce.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Casey Sunod	Where do cyclists ride?	Very clear representation of bike lanes.	Error Bars!	Is gender an important factor?	Increasing availability of bike lanes in areas where needed would offset carbon emissions.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Krista Gross	Ethnicity, Income, and household Energy savings in S. Ca.	Good Representation of lower income willingness to learn	What energy saving methods are used most / to what ethnicity?	Analyze seasons use / weather.	Fossil Fuels reduction if annual household bills are reduced.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
KATHERINE CHEST	6 COURSE IN HENRY CORWELL STATE PARK	IT LOOKS GOOD	SJSU LABEL NEEDS TO BE BLUE!	WHAT ARE YOUR PICTURES OF?	FEELS AND SOMETHING ABOUT OUR GROWTH PRACTICES

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
JANIE BAKER	HOW DO INCOME & AGE IMPACT CONSUMERS' KNOWLEDGE OF NATIVE LANDSCAPE	THE GRAPH REALLY POPS!	I WOULD BOLD THE ABSTRACT	WHAT WOULD YOU CHANGE?	IF PEOPLE WOULD BE MORE KNOWLEDGEABLE w/ LANDSCAPING THEY COULD CONSERVE WATER

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
JOSHUA MCELROY	CAN HABITAT ENHANCEMENTS BE USED TO CREATE FUNCTIONAL HABITAT	EVERYTHING FLOWS AND POSTER LOOKS GREAT	THE ABSTRACT CENTER ABSTRACT	WHAT WAS THE MOST DIFFICULT PART OF YOUR STUDY?	THE POTENTIAL TO CREATE HABITAT

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
CHARLES CROOKS	GROWING EFFORTS IN MULTIPLE STUDY WOULD BE DISAPPOINTING	CLEAR FLOW, GRAPH, AND BACKGROUND	AND MORE RECOMMENDATIONS	WHY DO YOU THINK THERE WAS NO SIMILARITY?	REDUCE WASTE IN LANDFILLS

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Nick Davis	SSU's Future Energy	I like that your study is relevant to our lives in S.J.	Spell out San Jose State University	What were the results you were expecting?	Solar will help SSU.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Ingrid Velazquez	Env. + social awareness of 18-25 & 26-34 year olds	It's cool how you found results other than another study	More study subjects	How do we get the younger generation to know more about e-waste.	Increases re-use

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Stefanie Nakagawa	Farmers Markets	Apples on same side! Woo!	write out all numbers that are single digit (five/5)	Which city did you visit 2 farmers markets - 5 markets - # cities	Organic has less miles travelled = more sustainable.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Molinda Sumner	Opinions towards the Plastic Bag Ban.	Structure of poster is Santastic.	Why hypothesis that ages 18-24 & 25-34 will be in favor for the bag ban instead of 18-34?		Less bags (plastic) made = more sustainable more re-used

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Jaime	how do income + age impact knowledge	large graph is easy to see nice colors used	A little blurry more in the discussion section	include some native plants in poster maybe	Native landscape is great to combat water issues.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Ingrid	Environment + Social Awareness Electronic	nice layout. Very basic + easy to understand.	Maybe put pictures of piles of waste in a 3rd world country	How do do the middle aged people feel?	Yes. Electronic waste is a huge problem

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Christian	Greenest Greek Competition	like how there's a picture of yourself giving out the award!	one graph isn't as clear as the other one. Maybe make it a white background	How did people feel? Were they happy to participate?	Yes. houses need to manage waste more efficiently

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Krista	ethnically, income + housing energy	great color choice. Great graphs + lots of them	On graph missing one error bar	was there any trends with the stores and results?	Yes. Energy is a big concern

Commenter name: Ingrid V.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Malinda Summers	Opinions Towards Plastic Bag Ban	Nice layout. Well written. Good graphs	-Recommendations -Recommendations more close to your project	What is your opinion on the ban?	Yes because bag bans are becoming more common due to the fact that bags are bad.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Jaime Bauer	How Do Income & Age Impact Consumers...	• Short text. Very direct. • Recommendations good.	• For aesthetics more pics	• How can we get those who don't know the impacts understand the impacts	Yes because native plants are good for conservations

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Kevin Triel	Cleaning Products: Disinfection	• Very interesting choice • Happy to see that green cleaners work	• Better lab set-up for no air exposure	• How much pollutants are put into the air from the chemicals?	<p> Supplement. How can we clean more sustainably. Yes because it turns out green cleaners are not as green. Cleaners can cause respiratory issues. </p>

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Ashim Nabagawa	Farmers Market: Is Organic Procedure More...	• Love the topic • Good to know which farmer's market is "better"	• If more time more farms.	• Favorite market	Farmers markets claim to be sustainable sometimes but conventional is sold sometimes

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
NICK DAVIS	SJSU'S FUTURE ENERGY	- GREAT GRAPHS - NICE PICTURES	- CONFUSED ON METHODOLOGY - NO RECOMMENDATION	- DO NOT UNDERSTAND DISCUSSION - WHAT DID YOU LEARN?	HIGH. ENERGY USE IS THE MP AND CONSERVATION CAN IMPROVE SUSTAINABILITY

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
KATHERINE LINDS	RECENT GREEN OF FEEDS IN HENRY CORRAL STATE PARK	- GREAT VISUALS - GREAT GRAPHS - STRONG METHODOLOGY	- SUMMARIZE VALUES TO THREE STAR FIGS	WHAT DOES THIS FEED COVER PLAY IN SUSTAINABILITY	YES VERY HIGH. CAN BE APPLIED TO CLIMATE CHANGE

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
JOSEPH LOVELACE	COMPARISON OF MATERIALS USED TO LINE COLLECTION HOOPS FOR SILVER DUES	- GREAT VISUALS - AWESOME PROJECTS	- ELABORATE ON METHODS	- HOW DOES THIS APPLY TO	- YES. IN TERMS OF RESIDENTIAL AND INDIVIDUAL.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
EMILY THOMAS THE PLANK DESIGN	NALINDA SUMMERS	- GREAT ORGANIZATION - VERY VISUAL	- ELABORATE ON METHODOLOGY	HOW DOES IT APPLY TO SUSTAINABILITY	I'll ASK HER.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Oscar Delgado	Which Types of Roadways are the most Really for Wildlife?	Really the overall objective of study is a great topic & important	- Like the background & information. - Having light color text boxes will help text visibility	- Would you do this study in another county?	Make people more aware of the importance of conservation.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Derek Daniel	Nissan Leaf VS. Honda Accord Emissions	- Good results & Analysis - Clear objectives	- Everything is simple & straight to point	- Are there other cars to study?	To improve air quality

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Eric Acedo	Solar Energy Waste Management in CA	- Well organized, precise, & straight to point	- Would make a larger Graph	- Future studies of Solar Energy hardware?	- Reduce Carbon Foot print

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Dustin A. Vega	Water Efficiency Comparison Between a Vertical Gardening Towers	- Really good Organization	- Text format & size prints blurry	- What inspired you to do this study?	- Water Conservation 😊

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Jana Bielefeld	Preferences Limiting the Use of Drought Tolerant Turfgrass	Clearly stated abstract and easy to find	I would use bullet points to be more concise	What is the cost effectiveness between turf and non turf landscapes	It takes a conservative approach

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Thai-Chau Li	Produce Stores and Fast Food Coverage in the City of San Jose based on Income and Ethnicity	I liked how clear the map was and how the acronyms were labeled	The author title was a bit difficult to read	Why was it limited to just CA.	Takes a good approach at health and wellness

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Krista Cross	Ethnicity, Income and Household Energy Savings in San Jose, CA	the pink really makes the graphs pop and draws quick attention	Try to head out surveys to make them just 4 grocery stores to gain more insight	Why not choose locations that encompass more locations gentrified through out the city	Raising awareness to energy savings.

Presenter Name	Poster title	Compliment?	Critique?	Question?	Application to sustainability?
Deek Daniels	Nissan Leaf vs. Honda Accord Emissions	Clear simple and easy to follow.	Try using more graphs to highlight the changes.	Which car has a higher tendency to be stolen. vehicle protection/security.	Carbon emissions and energy efficient cars.
