... eye catching areas that draw the reader to important information? ... Font size? ... photos, graphs, maps or other visual elements?	don't like the type like photos	love picking font	line creating up good	use some color	like font colors	too small can't read	line boxes + background	good 9	like background	font colors well	like picking font	like nice graph	make words font	make words font	use more space bigger font

General Comments:

zack: make better background (plain), Δ font type, bad titles
 osep: Nice → pleasing to look at, missing results, use more bullet points, put Q + Hypotheses
 Stephanie: like the apples, overall a little plain, set up well, graph bigger, Δ background, results section?
 Malinda: Distracting, can't read, over all parts are there
 * More ON BACK → → →
 Malinda: reminds of me of an add for SJSU, well organized → error bars?, flaws well

- Kevin: fix title, like the color boxes; Δ growth of text boxes
- Jay: like background \Rightarrow cut down words (results) \rightarrow bullets! Use Excel graphs make white ^{around}
- Oscar: too small, can't read, fix graph, like background picture, make second graph bigger ^{yr}
- Plain, split it up
- Kenneth: Formatting errors, add recommendations make graph legend bigger, add research Q
- looks busy to me
- ^{Jaime} ~~Jaime~~: Fix title, flaws well, pretty, make error bars or fix graph to match table
- Ingrid: kind of plain, ~~like~~ text frames \rightarrow utilize extra space you have \rightarrow more pics, graphs
- Eric: make formatting more even, graphs bigger + in excel \rightarrow name smaller, pretty, like ^{colors}
- Derek: Δ font, ~~too many words~~, too many words put together, break it up w/ pictures
- of the cars. make title bigger
- Christian: ~~more~~ more background picture make graph bolder and all words bolder. Add Intro, rec. and Abstract. Also Add more pics. Mostly Add missing sections and make graphs bigger + more visible. Pictures!
- Blake: fix graphs in excel, add discussion and recommendations, make font bigger and spread it out, add pictures. looks a little plain put tests in methods section

... photos, graphs, maps or other visual elements?

General Comments:

- Bold/large title of each section.
- Nice, clean format!
- Please ↑ font size
- Background is a bit distracting
- Bold headings left to right for sections
- Nice clean format!
- Combine hypothesis + objectives
- Great use of color!
- Remove references
- Great use of color!
- Rearrange sections
- Beautiful graphics + layout!
- Good info!
- Beautiful graphics + layout!
- Great layout & spacing!
- Maybe rearrange sections
- Color good job!
- design (are beautiful)
- may want to add graphics.
- Provide boxes for sections hard to read.
- Nice borders & headings!

General Comments:

Pictures very organized layout
 more some things clear
 apply
 maybe make background lighter
 - good color scheme
 - good color scheme
 too much words
 - organized
 - very easy to read
 - I like the subheading.
 - make graph bigger or letters bigger to read.
 - Name
 - overall really good.
 - red, can't read.
 - use the space you have
 - maybe graph can be wider.
 - the background seems to become a theme thing.
 - organize it so that it's an easy follow to read.

General Comments:

- less than par
- ✓ good/may need more or less
- + great!

Good but plain

Really scattered nice colors

Squeeze perhaps together a little more maybe.

Everything is amazing. Make white text boxes.

Amazing, but needs less words maybe

Colors

References?

Bigger Pictures

Little too busy

Less words/

Break R1

Reorganize layout

Redo background boxes

Words blend w/ Background. Organize Great.

Break it up into sections
