November 12, 1982

MEMO TO: All Faculty and Staff

FROM: Gail Fullerton
President

SUBJECT: THE GREAT AMERICAN SMOKEOUT DAY

On Thursday, November 18th, The Great American Smokeout will take place throughout the United States. For six years San Jose State University has participated, and I am happy to continue the tradition by proclaiming November 18th The Great American Smokeout Day on campus.

The purpose of GAS Day is to help people take the first step toward quitting smoking. Students, faculty, and staff may participate in this nation-wide campaign by becoming volunteer pledge solicitors, by signing pledge cards, and by encouraging others to participate. Pledge cards and information are available at the Student Health Service and at the Health Information booth located in front of the Associated Students Business Office.
