Course Description

In this class you will practice and improve writing skills appropriate to the broad field of psychology, including essays, reports and scholarly communication. The goals of 100W are that students will develop advanced proficiency in college-level writing and appropriate contemporary research strategies and methodologies to communicate effectively to both specialized and general audiences. This class reinforces and advances skills developed in Written Communication IA and IB, and then broaden and deepen these to include mastery of the discourse peculiar to the discipline in which the course is taught.

Learning Outcomes and Required Course Content

Overview

Learning Outcomes (LOs) are specific, measurable goals and objectives that students have demonstrated upon successful completion of the course. 100W is designed to address 3 levels of Learning Outcomes:

GE/SJSU Course Learning Outcomes (CLOs). These are outcomes mandated by General Education and can be found, along with additional required course content, in the Fall 2014 GE Guidelines.

Psychology 100W Course Learning Outcomes (CLOs). These are outcomes for this specific course. For Psychology 100W, Course Learning Outcomes (CLOs) are the discipline-specific ways in which the general GE/SJSU learning outcomes (SLOs) for 100W (Area Z) will be fulfilled. The specific CLOs for this course contribute to the overall experience, learning opportunities, and Program Learning Outcomes (PLOs) students are exposed to when completing the SJSU Psychology Major.

Program Learning Outcomes (PLOs). These outcomes refer to the broad goals of the SJSU Psychology Major program and can be found in Appendix A of this syllabus. The SJSU Psychology Major is designed to address 5 broad PLOs. These PLOs are outcomes students should be able to demonstrate after having successfully completed the Psychology Major.

GE/SJSU Student Learning Outcomes (SLOs)

Students shall write complete essays that demonstrate college-level proficiency. Students shall be able to:

SLO 1. produce discipline-specific written work that demonstrates upper-division proficiency in:
   a. language use
   b. grammar
   c. clarity of expression

SLO 2. explain, analyze, develop, and criticize ideas effectively, including ideas encountered in multiple readings and expressed in different forms of discourse

SLO 3. organize and develop essays and documents for both professional and general audiences
SLO 4. organize and develop essays and documents according to appropriate editorial and citation standards

SLO 5. locate, organize, and synthesize information effectively to accomplish a specific purpose, and to communicate that purpose in writing

Additional GE/SJSU Content Requirements

- **This course must be passed with a C or better as a CSU graduation requirement.**
- **Diversity.** Issues of diversity shall be incorporated in an appropriate manner.

  - Assignments will total a minimum of 8000 words assigned throughout the semester, providing frequent practice and feedback for improving application skills.
  - Course syllabi must reflect assignments that meet the 8000 word minimum. *The last page of this syllabus summarizes for each course assignment the word totals, points totals, and relevant SLOs being assessed*

- **Reading.** Readings used in the course should be models of excellence.

  - a. synthesize disparate research findings into a coherent framework which addresses a question or topic relevant to the discipline of psychology, and/or
compare and contrast differing theories and research findings

**Program Learning Outcomes (PLOs)**

Upon successful completion of the psychology major requirements…

Assignments and Grading Policies

The assignments in Psychology 100W are designed to gradually build the writing and research skills necessary to write scholarly papers appropriate for the discipline of psychology. Assignments in 100W generally include (but are not limited to):

- Basic skills review (e.g., plagiarism tutorial, research skills tutorial,)
- Writing assignments (e.g., reflection pieces, article summaries, literature review, research report)
- APA style mastery assessments

The course schedule and assignment summary table at the end of this syllabus provide a timeline and the planned grading for each assignment. You are expected to come to class with the requisite materials and having completed the assigned readings and assignments.
Assignments

An assignment summary table appears at the end of this syllabus. Details for each assignment are provided in lectures and in assignment information sheets. Assignment information sheets (as well as other useful resources) can be found on the course Canvas site. You are expected to bring copies of each handout (paper or electronic) to the appropriate class.

The written assignments in Psychology 100W are designed to gradually build the writing and research skills necessary to write scholarly papers appropriate for the discipline of psychology. The major skills and associated assignments include (but are not limited to):

- **Basic skills review** (e.g., plagiarism tutorial, research skills tutorial, formatting tips in Microsoft Word)
- **APA style** (e.g., APA style Mastery test)
- **Writing assignments** (including, but not limited to)
  - Dissecting a Literature Review
  - Article Summaries and Evaluations*
  - Literature Review* (see description below)
    - Literature Review development (see description below)
  - Peer Reviews
  - Brief Research Report* (see description below)

* Students will be given the opportunity to revise in response to instructor feedback and resubmit

**Literature Review**

The major paper you will be writing for this course is an *APA style literature review* (approximately 2000 - 2500 words including references; 10 or more scholarly references). The goal of a literature review is to answer a research question by describing and synthesizing relevant theory and research findings relevant to the question. You will be developing your final literature review in several assignments, including (but not limited to):

- **Research Question Assignment** in which you develop, with help from the instructor, a research question appropriate to the discipline of psychology and to the requirements of the course.
- **Annotated References Assignment** in which you identify at least 10 – 15 sources relevant to your literature review topic using databases and other resources appropriate to psychological research.
- **Outline Assignment** in which you organize the main points of your literature review and indicate which sources will be used to support the main point, and how it will do so (e.g., full summary of the article vs. “microsummary” of the article)
- **Literature Review Conferences and Drafts** in which you receive feedback from a variety of sources and revise your paper as needed.
Course Grade and Assignment Policies

Course grades will be based on the number of points accumulated throughout the semester. The assignment summary table at the end of this syllabus provides the points associated with each assignment. Final grades in this course will be assigned as indicated below. **According to SJSU GE policy, this course must be passed with a C or better as a CSU graduation requirement.**

University Policies

Academic Integrity

Your commitment as a student to learning is evidenced by your enrollment at San Jose State University. The University Academic Integrity Policy S07-2 at http://www.sjsu.edu/senate/docs/S07-2.pdf requires you to be honest in all your academic course work. Faculty members are required to report all infractions to the office of Student Conduct and Ethical Development. The Student Conduct and Ethical Development website is available at http://www.sjsu.edu/studentconduct/.

Instances of academic dishonesty will not be tolerated. Cheating on exams or plagiarism (presenting the work of another as your own, or the use of another person’s ideas without giving proper credit) will result in a failing grade and sanctions by the University. For this class, all assignments are to be completed by the individual student unless otherwise specified. If you would like to include your assignment or any material you have submitted, or plan to submit for another class, please note that SJSU’s Academic Integrity Policy S07-2 requires approval of instructors.

Campus Policy in Compliance with the American Disabilities Act

If you need course adaptations or accommodations because of a disability, or if you need to make special arrangements in case the building must be evacuated, please make an appointment with me as soon as possible, or see me during office hours. Presidential Directive 97-03 at http://www.sjsu.edu/president/docs/directives/PD_1997-03.pdf requires that students with disabilities requesting accommodations must register with the Accessible Education Center (AEC) at http://www.sjsu.edu/acc to establish a record of your disability.

In 2013, the Disability Resource Center changed its name to be known as the Accessible Education Center, to incorporate a philosophy of accessible education for students with disabilities. The new name change reflects the broad scope of attention and support to SJSU students with disabilities and the University's continued advocacy and commitment to increasing accessibility and inclusivity on campus.

Accommodation to Students' Religious Holidays

San José State University shall provide accommodation on any graded class work or activities for students wishing to observe religious holidays when such observances require students to be absent from class. It is the responsibility of the student to inform the instructor, in writing, about such holidays before the add deadline at the start of each semester. If such holidays occur before the add deadline, the student must notify the instructor, in writing, at least three days before the date that he/she will be absent. It is the responsibility of the instructor to make every reasonable effort to honor the student request without penalty, and of the student to make up the work missed. See University Policy S14-7 at http://www.sjsu.edu/senate/docs/S14-7.pdf.

Dropping and Adding

Students are responsible for understanding the policies and procedures about add/drop, grade forgiveness, etc. Refer to the current semester's Catalog Policies section at http://info.sjsu.edu/static/catalog/policies.html. Add/drop deadlines can be found on the current academic year calendars document on the Academic Calendars webpage at http://www.sjsu.edu/provost/services/academic_calendars/. The Late Drop Policy is available at http://www.sjsu.edu/aars/policies/latedrops/policy/. Students should be aware of the current deadlines and penalties for dropping classes.
Information about the latest changes and news is available at the Advising Hub at http://www.sjsu.edu/advising/.

Attendance and Grading

Note that University policy F69-24, “Students should attend all meetings of their classes, not only because they are responsible for material discussed therein, but because active participation is frequently essential to insure maximum benefit for all members of the class. Attendance per se shall not be used as a criterion for grading.”

Definition of a Credit Hour

Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of forty-five hours over the length of the course (normally 3 hours per unit per week with 1 of the hours used for lecture) for instruction or preparation/studying or course related activities including but not limited to internships, labs, clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus. More details about student workload can be found in University Policy S12-3.

As an example, the expectation of work for a 3-credit course is 2.5 hours of direct faculty instruction (i.e., time spent in the classroom) and six hours of out-of-class student work (e.g., reading, studying, doing assignments, doing research) each week.

Consent for Recording of Class and Public Sharing of Instructor Material

University Policy S12-7 requires students to obtain instructor's permission to record the course.

- “Common courtesy and professional behavior dictate that you notify someone when you are recording him/her. You must obtain the instructor's permission to make audio or video recordings in this class. Such permission allows the recordings to be used for your private, study purposes only. The recordings are the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material.”
  - If you wish to record lectures for your private, study purposes, please discuss this with the instructor. Written permission to record lectures will need to be granted for the whole semester or on a class-by-class basis.
  - In classes where active participation of students or guests may be on the recording, permission of those students or guests should be obtained as well.

**Subject:** Psyc 100W: Assignment due date question

Dear Professor Herb (or Dr. Herb),

My name is Miranda Jackson and I am in your 100W class that meets T/Th 10:30 - 11:45. I am not sure when the Response Journal assignment is due because of conflicting information. The syllabus schedule says Nov. 5, but the assignment sheet itself says Nov 9. Thank you for your attention to this matter.

Regrets,

Miranda

Regular attendance is necessary to do well in the course.
Although the course has an online resource, this resource is not a substitute for attending lectures. Many assignments are completed IN CLASS and cannot be made up.
Laptops
In-class laptop use should be restricted to course-related activities (e.g., taking notes). Other activities (e.g., web surfing) distract both the instructor and students and will not be tolerated. You will be asked to turn off your laptop if you are engaged in non-class activities. You will be asked to refrain from laptop use for the duration of the course if this behavior continues.

Cellphones and other electronic devices
Please be certain to turn off or put in silent mode all cell phones, pagers, and any other devices that produce distraction prior to entering the classroom.

Late arrivals
If you must arrive late or leave early, please do so quietly and with a minimum of distraction.

Be respectful of others
Respect differing points of view offered by students. Independent discussions should not be happening when someone is addressing the class.

I expect you to come to class prepared
“Prepared” means you have completed the readings and any assignment before class starts, and written down any questions you had from the assignment. You should be as prepared as you expect your professor to be.

Communication
Use email!! Use office hours! Talk to me!!

Check the course Canvas site regularly
If I become ill, I will inform you the night before that I will be absent. Please set your spam controls to accept my email address.

Recording of Class Lectures & Sharing/Distribution of Course Content
Common courtesy and professional behavior dictates that you notify someone when you are recording him/her. You must obtain the instructor’s permission to make audio or video recordings in this class. This permission allows the recordings to be used for your private, study purposes only. The recordings are the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material.

- If you wish to record lectures for your private, study purposes, please discuss this with the instructor. **Written permission** to record lectures will need to be granted for the whole semester or on a class-by-class basis.

- In classes where active participation of students or guests may be on the recording, permission of those students or guests should be obtained as well.

Course material developed by the instructor is the intellectual property of the instructor and cannot be shared publicly without his/her approval.
