**Important Note About Course Grade**

According to SJSU GE policy, this course must be passed with a C or better as a CSU graduation requirement.
Course Description

The goals of 100W are that students will develop advanced proficiency in college-level writing and appropriate contemporary research strategies and methodologies to communicate effectively to both specialized and general audiences. This class reinforces and advances skills developed in Written Communication IA and IB, and then broaden and deepen these to include mastery of the discourse peculiar to the discipline in which the course is taught.

GE Learning Outcomes and Required Course Content

Learning Outcomes (LOs) are specific, measurable goals and objectives that students have demonstrated upon successful completion of the course. GE/SJSU Course Learning Outcomes (GELOs) are course outcomes mandated by General Education and can be found, along with additional required course content, in the Fall 2014 GE Guidelines, which can be found here: http://www.sjsu.edu/senate/docs/2014geguidelines.pdf

Students shall write complete essays that demonstrate college-level proficiency. Upon successful completion of this course, students will be able to:

GELO 1. produce discipline-specific written work that demonstrates upper-division proficiency in language use, grammar, clarity of expression satisfied by the following major assignments (there are other assignments that also address this GELO): Literature Review, Mini-Literature Review, APA Style Mastery Test

GELO 2. explain, analyze, develop, and criticize ideas effectively, including ideas encountered in multiple readings and expressed in different forms of discourse satisfied by the following major assignments (there are other assignments that also address this GELO): Literature Review, Mini-Literature Review, Research Report, Research Article Summaries and Evaluations

GELO 3. organize and develop essays and documents for both professional and general audiences satisfied by the following major assignments (there are other assignments that also address this GELO): Literature Review, Mini-Literature Review, General Audience Paper

GELO 4. organize and develop essays and documents according to appropriate editorial and citation standards satisfied by the following major assignments (there are other assignments that also address this GELO): Literature Review, Mini-Literature Review, Research Report, APA Style Mastery Test

GELO 5. locate, organize, and synthesize information effectively to accomplish a specific purpose, and to communicate that purpose in writing satisfied by the following major assignments (there are other assignments that also address this GELO): Literature Review, Mini-Literature Review, Annotated References, Literature Review Outline, Research Skills Pretest and Posttest

The course Canvas site is an online resource supplement for this course. Use of this site and the information provided is not a substitute for attending lectures. The site will be updated regularly throughout the semester. This site contains:

- Discussion Board (Course Announcements, student questions)
- Links to webpages that will be of use to you throughout the course
- Handouts and articles
- Lecture slides (generally posted after lecture is presented)
- Assignment submission
- Rubrics and feedback for major assignments
- Grade roster

My intention is that the site will become an additional forum, outside of class, in which we can debate, discuss, and raise questions about the course material. Check this site regularly for course announcements, articles, assignments, and other course materials.

Course Requirements and Assignments

The assignments in Psychology 100W are designed to **gradually build the writing and research skills necessary to write scholarly papers** appropriate for the discipline of psychology.

An assignment summary table appears in this syllabus. Details for each assignment are provided in lectures and in assignment information sheets. Assignment information sheets (as well as other useful resources) can be found on the course Canvas site. You are expected to bring copies of each handout (paper or electronic) to the appropriate class.

The written assignments in Psychology 100W are designed to **gradually build the writing and research skills necessary to write scholarly papers** appropriate for the discipline of psychology. The major skills and associated assignments include (but are not limited to):

- **Basic skills review** (e.g., plagiarism tutorial, research skills tutorial, formatting tips in Microsoft Word)
- **APA style** (e.g., APA style Mastery test)
- **Writing assignments** (including, but not limited to)
  - Dissecting a Literature Review
  - Article Summaries and Evaluations*
  - Literature Review* (see description below)
  - Literature Review development (see description below)
  - Peer Reviews
  - Brief Research Report* (see description below)

* Students will be given the opportunity to revise in response to instructor feedback and resubmit

**Mini-Literature Review**

The major paper for this course is a literature review (see description below). To prepare you for this assignment you will write a “mini-literature review” (800 – 1000 words) that will help you to learn how to read, understand, and accurately report psychological research reports, develop synthesis skills by describing how studies build upon one another, and apply APA style.
Literature Review

The major paper you will be writing for this course is an *APA style literature review* (approximately 2000 - 2500 words including references; 10 or more scholarly references). The goal of a literature review is to answer a research question by describing and synthesizing relevant theory and research findings relevant to the question. You will be developing your final literature review in several assignments, including (but not limited to):

- **Research Question Assignment** in which you develop, with help from the instructor, a research question appropriate to the discipline of psychology and to the requirements of the course.
- **Annotated References Assignment** in which you identify at least 10 – 15 sources relevant to your literature review topic using databases and other resources appropriate to psychological research.
- **Outline Assignment** in which you organize the main points of your literature review and indicate which sources will be used to support the main point, and how it will do so (e.g., full summary of the article vs. “microsummary” of the article)
- **Literature Review Conferences and Drafts** in which you receive feedback from a variety of sources and revise your paper as needed.

Research Report

A second major paper you will be writing for this course is an *APA style research report* (approximately 1000 - 1500 words including references). The goal of a report is to describe the results of an empirical study. We will be conducting a simple study in class, and you will write the research report as if you were the experimenter.

Final Examination or Evaluation

The final evaluation for this course is the oral presentation of students’ literature review. Due to time constraints, these presentations are scheduled over several class periods at the end of the semester – including during the time of the final exam. Attendance is mandatory for oral presentations.
Grading Information

Course grades will be based on the number of points accumulated throughout the semester. The table on the next page summarizes the points and percentage of course grade associated with each course assignment.

Rubrics for all major assignments can be found on the course Canvas shell.

Final grades in this course will be assigned as indicated below.

Dear Ms. Morton,

My name is Miranda Jackson and I am in your 100W class that meets Monda. I am not sure when the Response Journal assignment is due because of conflicting information. The syllabus schedule says Nov. 5, but the assignment sheet itself says Nov 9. Thank you for your attention to this matter.

Regards,

Miranda
