Classroom: DMH163

GE/SJSU Studies Category: Area D1:Social Science, Human Behavior

Faculty Web Page and MYSJSU Messaging (Optional)
You are responsible for regularly checking with the messaging system through MYSJSU and Canvas.

Course Description
This course qualifies as an Area D1 (Human Behavior) course in your General Education requirements. Social Science courses should increase the student’s understanding of human behavior and social interaction in the context of value systems, economic structures, political institutions, social groups, and natural environments. Human Behavior (D1) students will be able to recognize the interaction of social institutions, culture, and environment with the behavior of individuals.

This course is designed as an introduction to general psychology. During the course of study an attempt will be made to answer:

- How best to define Psychology?
- Its status—is it positive or normative, and is it a pure science?
What are its applications?
As per the SJSU course catalogue the concepts of perception, attention, learning, remembering, thinking, development, intelligence, aptitudes, emotion, motivation, adjustment, conflict, will be covered. Hence students will understand classical and current theories, research methods of the various sub- categories of psychology. Students will be encouraged to develop an understanding of differences in cultural value orientation, social-institutional contextual realities, personal situational construction of daily life events, and how these are critical in evaluating the validity of the psychological principles as applied to understand human behavior. Students will be able to appreciate broad generalizations of behavior as well as intricacies of individual behavior. They will be apprised of the use of psychological principles and their utilization in enhancing of their sense of well-being and their personal effectiveness. They will be encouraged to become proficient in using the concepts and methods of psychology in a two-pronged way, firstly as a social scientist collecting, analyzing, interpreting behavioral data, and secondly as a practitioner, applying psychological principles to understand personal experiences and to enhance personal growth.

Students will be assessed for the knowledge that they acquire based on the following objectives. They will be assessed throughout the semester in ways enlisted below:

1) Exams (multiple choice, essay type, true/false)
2) Writing assignments (critical thinking essay, in-class writing assignment, video responses)
3) Participation (individual participation, group activities, in-class presentations)
4) Homework assignments, projects, library tutorials.

Course Goals and Learning Objectives

Area D1 GE Class Learning Objectives (CLOs)

The following Area D1 GE Class Learning Objectives will be addressed throughout the semester. Chapters corresponding to each objective are provided for all the five learning objectives respectively. Further, in addition to the material presented in these chapters, student learning will be enhanced through lectures, videos, and the above mentioned assessment activities.

Upon successful completion of this course:

CLO1 Students shall be able to identify and analyze the social dimension of society as a context for human life, examine the processes of social change, social continuity, study the role of human agencies in these processes and delineate the forces that engender social cohesion and fragmentation.

Assessment example 1 (class group work and discussion):
Students will be divided into groups and given topics related to current occurrences both at the national and international level. They will be asked to describe how these events...

General Psychology, 28359, Spring, 2017
contributed to the processes of social change, social continuity, social cohesion, fragmentation. Group leaders (chosen by the students) will come up and share with the class the viewpoints of their respective groups.

Assessment example 2 of possible exam questions for this learning objective: Students will be asked to define: Groupthink, social facilitation, social loafing and give examples of the same. Students will be asked to delineate the independent and dependent variables in an experiment conducted by Dr. Stanley Milgram, in 1963 experiment examining obedience to authority.

Further this objective will also be emphasized while studying chapters 1, 7, 9, 13 and corresponding class presentations. More specifically the topics pertaining to this objective will be addressed and emphasized upon while studying social cognition, social perception, groupthink, social influence, social facilitation, conformity, compliance, as well as motivational and affective components of behavior through lectures and through multimedia presentations.

CLO2 Students will be able to place contemporary developments in cultural, historical, environmental, and spatial contexts.

Assessment example of a potential group project for this learning objective: Students will be required to analyze a case history from the standpoints of the different perspectives. Hence the class will be divided into groups representing each of the perspectives i.e., biological, learning, cognitive, socio cultural, psychodynamic. Each group will be asked to explain the given case study by taking the standpoint advocated by the perspective that the group has chosen. In doing so each group will analyze the case study using concepts and key terms associated with the perspective the group has chosen, make a poster and present to the class.

The Chapters 1, 4, 5, 6, 7, 8, 9, 14, 15 and corresponding class presentations will further emphasize this learning objective. For a further understanding of this objective topics pertaining to tracing the roots of psychology to its current status, contributions of the forerunners in this field as well as in the domains of learning, memory, consciousness, development, historical viewpoints of abnormality will all be discussed. Current classification of mental disorders will be studied. Emphasis will be on understanding behavior as a culmination of the collective impact of cultural, environmental and spatial factors.

CLO3 Students will be able to identify diverse identities based on cultural, ethnic, gender, class, regional, national, global basis with a view to assessing their underlying similarities, differences and their interactions.

Assessment example of possible exam question for this learning objective:
Compare and contrast racial identity and ethnic identity. What are the factors that contribute to the development of these identities? How do these identities affect the self-esteem of the individual?

Define adolescent cognitive development, and giving suitable examples explain the two kinds of egocentric thinking, namely imaginary audience and personal fable.

This objective will also be stressed upon in Chapters 3, 6, 7, 8, 9, 11, 12, 13 and corresponding class presentations. Sensing, perceiving the world around us, forming concepts, development across the lifespan, gender development, gender and cultural perspectives on moral reasoning, understanding the subtleties of language as well as verbal and nonverbal communication will be explained with special reference to this objective. Evolution of emotions, socio cultural meaning of expressed emotions, individual’s place in the vast cosmos called society, understanding of human needs will be explained with a view to enhance the in-depth understanding of this objective. What makes us who we are—personality, aspects of health psychology, stress and the coping mechanisms will also be dealt in detail.

CLO4 Students will be able to analyze different viewpoints and their applications to present day social issues.

Assessment example of potential application for this learning objective: For enhancing understanding of this objective, students will be explained the various methods being used in Psychology which give it the status of science. Further students will be asked to examine “Little Albert” study, Tuskegee Syphilis study. Students will participate in a group discussion forum titled “Critiquing Earlier Studies” in which each of these studies will be examined vis-a-vis the ethical concerns that were flouted by these studies. They will also examine if informed consent was obtained or not. Further they will provide an insight on some of the ethical concerns that were flouted by these studies.

This objective will also be emphasized in the Chapters 1, 3, 4, 5, 6, 7, 8, 9, 11, 12, 14 and corresponding class presentations. The methodology used in psychology namely, experimentation, observation, case study, quantitative as well as qualitative treatment of psychological data will be explained. The genesis of the testing movement with special reference to the domains of intelligence and personality will be addressed. Students will be apprised of the ethics of research. Further research being conducted in the areas of consciousness, effects of drug use, as well as in diagnosing maladaptive patterns of behavior will be highlighted.

An important part of the educational experience of the PSYC 1 is not only learning about important facts and findings from scientific research in psychology but also serving as a participant in research in psychology. Broad exposure to a variety of research methodologies (experiments, correlational studies, lab studies, online studies, etc.) will provide experiential knowledge for students. Hence serving as a research participant will also contribute to this course learning objective.
CLO5 Students will be able to study and appreciate the fact that individual behavior is a product of the interaction of social institutions, culture, and environment.

Assessment example of an in-class discussion for this learning objective: Students will be introduced to Geert Hofstede’s Onion model and his Cultural Dimensions Theory. They will be asked to apply the onion model and explain how their behavior is influenced by the interaction of social institutions and environment. Students will be asked to explain the importance of culture and how it has influenced them. Students will also examine Hofstede’s cultural dimensions theory and answer the questions: Why is it important to be aware of cultural differences? What are some of the practical implications of this theory, in terms of say, communication, negotiation?

This objective will also be assessed by conducting class room exercises using role play, transactional analysis techniques using psychological games with a view to sensitize students to different patterns of communication, so that they are able to gain an understanding of subtle nuances of interpersonal behavior as well as gain clarity regarding their self-concept. Students will be encouraged to analyze behavior as a by-product of diverse influences such as social institutions and culture.

This objective will be further stressed upon in the Chapters 4, 5, 7, 9, 12, 13, 14, and corresponding class presentations. In advancing the learning of this objective the individual’s unique place in the social fabric will be explained. More specifically topics addressing issues of stereotype, prejudice, attitudes and attitude change, criteria of abnormality, the causes of abnormal behavior, classification of psychological disorders, symptomatology of psychological disorders, will enhance the understanding of this objective.

Program Learning Outcomes (PLO)

Upon successful completion of the psychology major requirements...

PLO1 – Knowledge Base of Psychology – Students will be able to identify, describe, and communicate the major concepts, theoretical perspectives, empirical findings, and historical trends in psychology.

PLO2 – Research Methods in Psychology – Students will be able to design, implement, and communicate basic research methods in psychology, including research design, data analysis, and interpretations.

PLO3 – Critical Thinking Skills in Psychology – Students will be able to use critical and creative thinking, skeptical inquiry, and a scientific approach to address issues related to behavior and mental processes.

PLO4 – Application of Psychology – Students will be able to apply psychological principles to individual, interpersonal, group, and societal issues.
PLO5 – Values in Psychology – Students will value empirical evidence, tolerate ambiguity, act ethically, and recognize their role and responsibility as a member of society.

Required Texts/Readings

Textbook
ISBN: 9781323311516

Other equipment / material requirements
882e Scantrons

Register with REVEL. Detailed instructions for logging into REVEL will be posted under Modules on Canvas.

You are to bring to each class additional material by your Instructor for daily in-class reading.

Course Requirements and Assignments

Class room participation: There will be 15 points for participating in classroom activities. This may include individual participation, group activities, in-class presentations, quizzes. There will be no make-up opportunities for in-class activities, so if a student is not present in class on the day the activity is conducted they will not be allowed to make-up for this missed in-class activity.

NOTE as per University policy F69-24, “Students should attend all meetings of their classes, not only because they are responsible for material discussed therein, but because active participation is frequently essential to ensure maximum benefit for all members of the class.” Attendance per se shall not be used as a criterion for grading.

Online infoPower and Plagiarism Tutorials: Students are required to take the online *infoPower*, worth 4 points and *Plagiarism tutorials*, worth 5 points.

NOTE: In order to get credit students must receive 90% and above on both of these tutorials. Tutorials are due on 3/1/2017 hence bring a printout of your tutorial results to class.

Registration with SONA online system: All students are required to register by 2/15/2017 and provide proof to me.
Research participation: Research participation will be treated as a course assignment worth 6% of the final course grade. To obtain the full 6%, you will need to complete 4 hours of research participation (1.5% per hour).

- 6% of your grade will consist of completing 4 hours of study participation (1.5% per hour = 5.25 points per hour). Hence completion of 4 hours is worth 21 points.
- You are required to complete one hour of research participation by March 1st, 2016.

You are required to complete the 4 hours by May 15th, 2017.

BOGS Area D1 GE: Writing Requirements
Students must write a minimum of 1500 words via writing assignments in General Psychology.

Project Writing: There will be a minimum of two writing assignments in this course. These assignments are designed to comply with the University’s General Education course credit writing requirement of a minimum of 1500 words.

1) These assignments aim at providing you
   a) practice in your writing skills,
   b) feedback from the instructor on your writing
   c) Opportunity for incorporating this feedback in your writing assignments.

In pursuance of fulfilling these requirements, your papers will be returned within two weeks after submission, with instructor’s feedback regarding your written assignment. You will be provided with opportunities to incorporate feedback from your instructor and thereby correct your written work.

2) Help you to achieve mastery of various aspects of the five Learning Objectives mentioned above. Writing assignments will incorporate material from the five learning objectives based on topic(s) addressed in the writing. Some writing assignments may cover material pertaining to more than one objective, whereas some other writing assignments may thematically deal with only one objective per assignment.

Note: Some students may be asked to go to the Writing Centre that addresses specific areas in their writing that may need attention. This will be explained further in class.

Students are required to turn in the following written assignment for this course:-
1. A 250 word in-class write-up. Details will be explained in class.
2. A 1500 word essay in which they will be asked to apply the onion model and explain how their behavior is influenced by the interaction of social institutions and environment. Students will be asked to explain the importance of culture and how it has influenced them.
This assignment will be in pursuance of G.E. CLO 4. This will be due on 4/19/2017.

Detailed instructions for writing of these assignments will be provided in class and on canvas. All the written assignments are to be proof-read before being turned in and checked for Punctuation, Grammar, spellings. Your papers are to be typewritten, double-spaced, 12 pitch font, one-inch margins, using Times New Roman font. On a sheet attached to the front of all your papers, Title of your paper, your Name, Course, Course Number, Semester/Year, and Due Date are to be included. Written work should follow the guidelines described in the American Psychological Association Publication Manual (6th Ed.). For some assignments students may be required to upload their work both in class and to Turnitin.com to ensure that material is not plagiarized. In case of material being found to be plagiarized the student will be accorded a failing grade (F). The student will also be referred to the Office of Student Conduct and Ethical Development for further action.

Important Note: Written assignments found to be having substantial amount of errors in grammar, punctuation, spelling, clarity, conciseness, and validity of content will be returned ungraded as per the policy adopted by the Department of Psychology. Further there will also be a penalty of 10% on the final grade of rewritten work.

The revised and rewritten paper must be resubmitted within a week along with the copy of the original paper. Hence a completion of these two term projects will provide the requisite credit in Area D1. Late submissions will not be entertained and no credit will be awarded.

Exams: There will be two class exams, each comprising of multiple-choice, true/false, questions each worth 1 point, resulting in a total of 50 points for each exam and 100 points for the 2 exams (50x2=100 points). You are to take your exams as per the schedule of your section you are officially registered in. Taking the exam in another section than your own will result in a grade of zero.

Exams 1& Finals will be closed-book exams. Study Guides will be provided for these exams. Second Exam will be a take-home exam and study guide will not be provided for this exam.

➢ First Exam (Chapters 1-4) will be held in class on 3/1/2017.
➢ Second Exam (Chapters 5-8) will be take-home exam and scantrons will be due in class on 4/5/2017.
➢ Final Exam: The syllabus for the closed-book final exam will include chapters 9, 11, 12, 13, 14 and 15. There will be 75 multiple choice type questions, each item worth a point. Final Exam will be held on 5/24/2017 from 5:15P.M.-7:30P.M., in our class-room.

REVEL Assignments:
Module Quizzes: These will be due every Tuesday prior to our class on Wednesday.
Chapter Quizzes will be taken in each class on Wednesdays after my lecture. The chapters for which these quizzes are required are: 1,2,4,5,6,7,8,9,11,12,13,14,15.
Grading Policy

Grading: This will comprise of

- 100 points for all REVEL assignments. Your final percentage score in REVEL will be converted to a raw score. For example, if you have earned 85% in REVEL, you will receive 85 out of the 100 points possible for all REVEL activities.
- 100 points for the two class exams.
- 21 points for completion of 4 hours of study participation.
- 75 points for the final exam.
- 30 points for essay on Hofstede's Onion Model of Culture.
- 15 points for classroom participation exercises, video reports (this portion of your grade may also include unannounced class exercises, unannounced in-class quizzes on additional material, group discussions, as well as home-work).
- 9 points in total for the online tutorials, 4 points for infoPower and 5 points for plagiarism tutorials.

Therefore total possible points will be 350.

GRADING SCALE

A- 314-323   A  324-337   A+ 338-350
B- 279-288   B  289-302   B+ 303-313
C- 244-253   C  254-267   C+ 268-278
D- 209-218   D  219-232   D+ 233-243
F 0-208

Note:

- All assigned work should be submitted on the specified date.
- Late submissions will amount to an immediate loss of 10% of the due credit.
- Assignments which are more than three weekdays late will not be accepted. There will be no exceptions to this and the assignments are to be submitted personally. No credit will be awarded for emailed assignments.
- This course will follow this syllabus to the extent possible. However timing and specific nature of topics and activities may change. In case of any such changes, these will be clearly stated and mentioned in class. You are responsible for noting down any changes made to the class syllabus.
- Extra credit will not be given.
**Make up exams:** Make-up exams will NOT be given. Therefore, you must take each exam on the day and time it is scheduled. It is unfair to allow students to take tests earlier or later than the scheduled time and, therefore, this will not be allowed. However you will be allowed to reschedule an exam only under extraordinary and well-documented circumstances. It is your responsibility to notify me in advance before the date of the exam, either via email or by leaving me a voicemail including your name, and telephone number. If you are not able to obtain such documentation and you have a serious and extenuating circumstance that has prevented you from fulfilling a requirement as scheduled, notify me as soon as possible. Depending upon the circumstances, you may be allowed a make-up.

**Department of Psychology Research Completion**

An important part of the educational experience of the PSYC 1 is not only learning about important facts and findings from scientific research in psychology but also serving as a participant in research in psychology. Broad exposure to a variety of research methodologies (experiments, correlational studies, lab studies, online studies, etc.) will provide experiential knowledge for students. This experience contributes to **Course Learning Objective 4**, as well aligning with **Program Learning Outcome 2** (Research Methods in Psychology). Thus, it is mandated for PSYC 1 courses that each student obtains a certain number of hours as a participant in research studies in the department. Research participation will count towards your course grade.

You can view available studies offered by the psychology department and sign up for the research participation on the SONA online system: [https://sjsu.sona-systems.com/](https://sjsu.sona-systems.com/)

Details on how to set up an account in SONA in order to participate in research is included in the handout and on the psychology department’s website.

There are several requirements by the department in order to receive full credit for research participation:

1) All students will need to complete at least one hour of their required research hours by March 1st.

2) Half of your research credit participation or 2 credit hours of your 4 hours must be in-person lab studies. Lab studies that require your physical attendance of an experiment held on campus, as opposed to online studies that include virtual participation in research.
If you elect to not participate in research, you can consider the alternative assignment option for full or partial credit for your research hours. Please see the distributed handouts on alternative assignment for details on the requirements.

Department of Psychology Policy for Awarding Research Hours for Partial Completion

For psychology students at SJSU, research participation is a requirement for completion of the PSYC 1 General Psychology course. However, it is the view of the department that **proportional credit** can be given in that points awarded should be commensurate with the effort expended by participants in studies.

Consistent with IRB ethical guidelines, participants can always elect to withdraw from a study for any reason. In these cases, credit will be granted in proportion to the amount of the study completed, with a minimum credit of 0.25 hours.

In cases where participants complete a study unreasonably quickly, credit will be granted in proportion to the amount of the study completed, with a minimum credit of 0.25 hours.

**Detailed research requirement instructions and alternative assignment instructions are posted on department’s website as well as on Canvas.**

**Using Canvas:**

Dear Student,

Our course, Psych 1, will be using San Jose State’s online learning management system Canvas for the upcoming semester.

**Login URL:** [https://sjsu.instructure.com](https://sjsu.instructure.com)

Please note that it should NOT have the “www” at the start of the URL like many other websites.

**Username:** SJSU 9-digit ID number.

**Password:** Self-generated password for your SJSUOne account

**Courses:** Once logged into Canvas, you will see your course or courses listed in the Courses Heading on left side of the page. From the dropdown menu, click on the course name, and you will be entered into the course. Note: That link will not be active until the start date of the course.

**It is recommended that you visit the eCampus Canvas website** at [http://www.sjsu.edu/at/ec/canvas/](http://www.sjsu.edu/at/ec/canvas/). This website offers a number of Quick Start Learning Guides to help you navigate Canvas tools. Also, detailed guides can be found at [http://guides.instructure.com/](http://guides.instructure.com/).

For questions regarding the course or course materials, please contact me, the instructor.
For issues related to Canvas, please contact the eCampus Help Desk. The Help Desk can give technical support for issues encountered in Canvas Courses.

- Phone: (408) 924-2337
- Submit a help ticket using the following URL: https://isupport.sjsu.edu/ecampus/ContentPages/Incident.aspx.

While logged into Canvas, click on the word Help on the upper right corner of the screen.

Classroom Protocol

Specific Class Policy on Etiquette
In this class you are expected to be prepared by doing all of your class readings and assignments. You are expected to be active participants by asking questions, taking notes, and also by interacting with your peers. Classes will comprise of lectures, in-class activities, guest presentations, and films.

Special Note:

➢ If you miss a class, you are responsible for getting the information covered. It is not the responsibility of the instructor to update students on content they missed in class. You are responsible for all information and announcements made in class.
➢ It is vital that you complete all scheduled readings and assignments before each class. Bring your textbook and additional material by your Instructor daily to class.
➢ Do not talk, read, or eat during class.
➢ Please arrive to class on time. If you must arrive late or leave early, please do so quietly and with a minimum of distraction. Please inform me beforehand via email if you will not be in class.
➢ Please refrain from doing homework of other classes or preparing for an exam for another class while attending this class.

Cell Phones as well as other electronic devices
Please turn off (not on vibrate) all cell phones, pagers, any other electronic devices before entering the classroom. If found texting during the lecture you may be asked to leave for the remainder of the lecture.

ON TEST DAYS, be sure to turn off and put away your cell phone and take care of any personal needs before entering the classroom. On test days, you will not be able to leave the classroom during a test & then return and continue taking the test. Also, be sure to have your SJSU ID CARD on test days in case I ask to see it.

Laptops
You may not use your laptops in class unless we are doing a particular assignment which requires a laptop. Laptop use is restricted to note-taking only. Connecting to the internet and using class time to check emails, visiting social networking sites, surfing the web will result in loss of laptop privilege for the remainder of the semester.

University Policies

General Expectations, Rights and Responsibilities of the Student

As members of the academic community, students accept both the rights and responsibilities incumbent upon all members of the institution. Students are encouraged to familiarize themselves with SJSU policies and practices pertaining to the procedures to follow if and when questions or concerns about a class arises. See University Policy S90-5 at http://www.sjsu.edu/senate/docs/S90-5.pdf. More detailed information on a variety of related topics is available in the SJSU catalog, at http://info.sjsu.edu/web-dbygen/narr/catalog/rec-12234.12506.html. In general, it is recommended that students begin by seeking clarification or discussing concerns with their instructor. If such conversation is not possible, or if it does not serve to address the issue, it is recommended that the student contact the Department Chair as a next step.

Workload and Credit Hour Requirements

Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally 3 hours per unit per week with 1 of the hours used for lecture) for instruction or preparation/studying or course related activities including but not limited to internships, labs, clinical practica.

More details about student workload can be found in University Policy S12-3 at http://www.sjsu.edu/senate/docs/S12-3.pdf

Attendance and Participation

Attendance per se shall not be used as a criterion for grading. However, students are expected to attend all meetings for the courses in which they are enrolled as they are responsible for material discussed therein, and active participation is frequently essential to ensure maximum benefit to all class members. In some cases, attendance is fundamental to course objectives; for example, students may be required to interact with others in the class. Attendance is the responsibility of the student. Participation may be used as a criterion for grading when the parameters and their evaluation are clearly defined in the course syllabus and the percentage of the overall grade is stated. The full policy language can be found at http://www.sjsu.edu/senate/docs/F15-3.pdf

Accommodation to Students’ Religious Holidays

General Psychology, 28359, Spring, 2017
University Policy S14-7 states that San José State University shall provide accommodation on any graded class work or activities for students wishing to observe religious holidays when such observances require students to be absent from class. It is the responsibility of the student to inform the instructor, in writing, about such holidays before the add deadline at the start of each semester. If such holidays occur before the add deadline, the student must notify the instructor, in writing, at least three days before the date that he/she will be absent. It is the responsibility of the instructor to make every reasonable effort to honor the student request without penalty, and of the student to make up the work missed.

Dropping and Adding
Students are responsible for understanding the policies and procedures about add/drop, grade forgiveness, etc. Add/drop deadlines can be found on the current academic year calendars document on the Academic Calendars webpage. Students should be aware of the current deadlines and penalties for dropping classes (Late Drop Information). Information about the latest changes and news is available at the Advising Hub.

Consent for Recording of Class and Public Sharing of Instructor Material
University Policy S12-7, requires students to obtain instructor’s permission to record the course and the following items to be included in the syllabus:

- “Common courtesy and professional behavior dictate that you notify someone when you are recording him/her. You must obtain the instructor’s permission to make audio or video recordings in this class. Such permission allows the recordings to be used for your private, study purposes only. The recordings are the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material.”
- It is suggested that the greensheet include the instructor’s process for granting permission, whether in writing or orally and whether for the whole semester or on a class by class basis.
- In classes where active participation of students or guests may be on the recording, permission of those students or guests should be obtained as well.
- “Course material developed by the instructor is the intellectual property of the instructor and cannot be shared publicly without his/her approval. You may not publicly share or upload instructor generated material for this course such as exam questions, lecture notes, or homework solutions without instructor consent.”

Academic integrity
Your commitment, as a student, to learning is evidenced by your enrollment at San Jose State University. The University Academic Integrity Policy F15-7 requires you to be honest in all your academic course work. Faculty members are required to report all
infractions to the office of Student Conduct and Ethical Development. Visit the Student Conduct and Ethical Development website for more information.

**Campus Policy in Compliance with the American Disabilities Act**

If you need course adaptations or accommodations because of a disability, or if you need to make special arrangements in case the building must be evacuated, please make an appointment with me as soon as possible, or see me during office hours. Presidential Directive 97-03 requires that students with disabilities requesting accommodations must register with the Accessible Education Center (AEC) to establish a record of their disability.

**Student Technology Resources**

Computer labs and other resources for student use are available in:

- **Academic Success Center** at http://www.sjsu.edu/at/asc/ located on the 1st floor of Clark Hall
- **Academic Technology Computer Center** at http://www.sjsu.edu/at/hd/ on the 1st floor of Clark Hall
- **Associated Students Computer Services Center** at http://as.sjsu.edu/ascsc/ on the 2nd floor of the Student Union
- **Student Computing Services** at http://library.sjsu.edu/student-computing-services/student-computing-services-center
- **Computers at the Martin Luther King Library** for public at large at http://library.sjsu.edu/reserve-studymeeting-room/computers-king-library
- Additional computer labs may be available in your department/college

A wide variety of audio-visual equipment is available for student checkout from Media Services located in IRC 112. These items include DV and HD digital camcorders; digital still cameras; video, slide and overhead projectors; DVD, CD, and audiotape players; sound systems, wireless microphones, projection screens and monitors.

**SJSU Peer Connections**

Peer Connections’ free tutoring and mentoring is designed to assist students in the development of their full academic potential and to inspire them to become independent learners. Peer Connections tutors are trained to provide content-based tutoring in many lower division courses (some upper division) as well as writing and study skills assistance. Small group and individual tutoring are available. Peer Connections mentors are trained to provide support and resources in navigating the college experience. This support includes assistance in learning strategies and techniques on how to be a successful student. Peer Connections has a learning commons, desktop computers, and
success workshops on a wide variety of topics. For more information on services, hours, locations, or a list of current workshops, please visit Peer Connections website at http://peerconnections.sjsu.edu for more information.

**SJSU Writing Center**
The SJSU Writing Center is located in Clark Hall, Suite 126. All Writing Specialists have gone through a rigorous hiring process, and they are well trained to assist all students at all levels within all disciplines to become better writers. In addition to one-on-one tutoring services, the Writing Center also offers workshops every semester on a variety of writing topics. To make an appointment or to refer to the numerous online resources offered through the Writing Center, visit the Writing Center website at http://www.sjsu.edu/writingcenter. For additional resources and updated information, follow the Writing Center on Twitter and become a fan of the SJSU Writing Center on Facebook. (Note: You need to have a QR Reader to scan this code.)

**SJSU Counseling and Psychological Services**
The SJSU Counseling and Psychological Services is located on the corner of 7th Street and San Carlos in the new Student Wellness Center, Room 300B. Professional psychologists, social workers, and counselors are available to provide confidential consultations on issues of student mental health, campus climate or psychological and academic issues on an individual, couple, or group basis. To schedule an appointment or learn more information, visit Counseling and Psychological Services website at http://www.sjsu.edu/counseling
