Course Content Learning Outcomes

All courses in Area S of SJSU studies must include the following Content Objectives to promote the abovementioned student learning outcomes:

**Content Objective# 1: Diversity** - Issues of diversity shall be incorporated in an appropriate manner.

**Activities and assignments used in assessment of this Content Objective:**

A minimum of 3000 words of writing is required in a language and style appropriate for the discipline.

**Activities and assignments used in assessment of this Content Objective:**

Explaination of how Pre and Post Assessment tests will be used in Assessment of Area S Learning and Content Objectives

Pre/Post Assessment Test-Further to assess these four Learning Objectives, multiple-choice items designed to measure students’ understanding of the various processes outlined in each of these learning objectives will be included in the pre/post assessment tests. Their scores will not be used in computing their final grade.

Student ratings -- In the Post-Assessment test, students will also be asked to rate (on a likert-type scale) the extent to which they believed each Learning and Course Objectives was met.

Student opinions of how course activities/assignments related to Content and Learning Objectives-- Students will also be asked to indicate which course activity/assignment they found to be most relevant to each learning/content objective, and also to discuss why they thought it was effective or ineffective in meeting the goals of each objective.

These two assignments will be organized around the spheres (“isms”) which we are investigating in the class, i.e. race, gender etc. Each student must choose one sphere for the interview assignment and a different sphere for the media-watch analysis. A brainstorming session will be held in the class to come up with appropriate interview questions. Students will be grouped together based on the particular sphere they choose for the interview. For example, all students choosing to interview someone about their experiences with prejudice as a person with a disability will be grouped together. Each group created will submit the questions to me prior to the interview. The person you interview may or may not be a relative or friend of yours. Arrange a time free from interruptions and other people, in a setting comfortable for the person being interviewed. Take careful notes during the interview or tape it (with the permission from the person being interviewed) and review it later.
