San José State University
Department of Psychology

PSYC 158 – Perception, Section 01
Fall 2018 Course Syllabus

Instructor: Dr. Cary S. Feria
Office Location: DMH (Dudley Moorhead Hall), Room 312
Telephone: (408) 924-5620
Email: cary.feria@sjsu.edu
Office Hours: Tuesday 11:50am-12:40pm; Thursday 9:00-9:45am
You are welcome to schedule an appointment with me for a different
time, if you are unable to make these times.

Class Days/Time: Tuesday, Thursday 10:30-11:45am
Classroom: DMH 357
Course Section: 01

Course Description

*SJSU Course Catalog Description:* Empirical and theoretical approaches to the psychology of perception with an emphasis on vision. Topics include the perception of form, color, depth and motion as well as the effects of attention and experience. Prerequisite: PSYC 001.

*Specific Course Description:* Our senses are the source of all of our experiences and knowledge about the outside world. Seeing the expression on a loved one’s face, hearing your favorite song, and tasting a delicious meal are all only possible because of your sensory and perceptual processes. In this course we will ask “How do we know about the world around us?” and “Why does the world appear the way it does?” We will explore the major findings and theories in relation to these questions, as well as the experimental methods used to research them. We will cover the biology of the human body and brain that makes perceptual processing possible, and examine the relationship between the physical world and our perceptual experiences. This course will focus most on the sense of vision, but will cover some other senses, too.

Learning Outcomes

*Course Learning Outcomes (CLO)*

Upon successful completion of this course, students will be able to:

CLO1 – know the biological parts of the sensory systems, and the functions of those parts.
CLO2 – understand how our senses and perceptual processes work, and what factors affect our perceptions.
CLO3 – understand the experimental methods that are used to study sensation and perception.
CLO4 – use experimental evidence as a tool for critically assessing theories about perception.

Additional course objectives:

– To help students improve their ability to present scientific findings in writing.
Program Learning Outcomes (PLO)

Upon successful completion of the psychology major requirements...

PLO1 – Knowledge Base of Psychology – Students will be able to identify, describe, and communicate the major concepts, theoretical perspectives, empirical findings, and historical trends in psychology.

PLO2 – Research Methods in Psychology – Students will be able to design, implement, and communicate basic research methods in psychology, including research design, data analysis, and interpretations.

PLO3 – Critical Thinking Skills in Psychology – Students will be able to use critical and creative thinking, skeptical inquiry, and a scientific approach to address issues related to behavior and mental processes.

PLO4 – Application of Psychology – Students will be able to apply psychological principles to individual, interpersonal, group, and societal issues.

PLO5 – Values in Psychology – Students will value empirical evidence, tolerate ambiguity, act ethically, and recognize their role and responsibility as a member of society.

Required Texts/Readings

Textbook

ISBN number: 978-1-60535-641-9

Course Requirements and Assignments

Exams:
There will be 3 exams. Exams will cover material from class and the textbook. Exams will be mostly multiple-choice, but may also include short-answer and diagrams. Exams are closed-book and closed-notes. The final exam will be cumulative. A study guide will be given out before each exam. (aligned with CLO 1, 2, 3; PLO 1, 2)

Lab Reports:

Some days in class, you will perform lab activities giving you hands-on experience with the type of research that is carried out in the field of sensation and perception. Because each lab report requires participation in the lab activity, attendance is mandatory. If you are absent on the day of a lab activity, you cannot receive credit for the assigned work from that day. In some cases, you may also be responsible for completing some of the data collection outside of class time. Each lab activity will include instructions about the product (calculations, graphing, write-up, etc.) that should be turned in.

There will be 8 lab activities for which you will be expected to write lab reports. Your two lowest scoring lab reports will not count toward your grade, so 6 lab reports will count toward your grade. (This policy of dropping the lowest two lab reports helps in case students miss a lab day, because if a student misses one or two labs for any reason, then those labs will be dropped from their grade.) You will lose 10% of the point value of a lab report for each day it is late. Lab reports will be turned in by each student individually. (aligned with CLO 2, 3, 4; PLO 1, 2, 3, 4, 5)
Grading Information

Final course grades will be based on the scale below:

- **A+** $\geq 97\%$
- **A** 93-96%
- **A-** 90-92%
- **B+** 87-89%
- **B** 83-86%
- **B-** 80-82%
- **C+** 77-79%
- **C** 73-76%
- **C-** 70-72%
- **D+** 67-69%
- **D** 63-66%
- **D-** 60-62%
- **F** $< 60\%$

Extra Credit Opportunities:

(a) Bonus Quizzes
There will be an optional bonus quiz at the end of many class periods. The bonus quizzes are designed to help you and me evaluate your progress on understanding the material. They may cover any material from class or the book. Each bonus quiz will contain 3 questions. If you get at least 2 of the questions correct, you will receive 1 bonus point! You may be able to earn a maximum of 10 bonus points through the quizzes.

(b) Research Review Paper
You may also choose to write a research review paper (4-6 pages) on a topic of interest to you for extra credit. The paper should focus on a specific topic within sensation and perception. The paper should discuss at least 6 references, at least 5 of which must be articles from scientific research journals. If you choose to write a paper, you need to have your topic approved by me no later than Tuesday November 13. Depending on the quality of the paper, you may receive up to 8 bonus points. The paper must be submitted to turnitin.com (a website that checks for plagiarism) as well as turning in a printed copy to me. The paper must be turned in before the final exam.

Classroom Protocol

Canvas
Lecture slides, exam grades, and other materials will be posted on the course Canvas website. Please do not email me through Canvas – email me at cary.feria@sjsu.edu instead.

Getting Help
If you are having difficulties with any aspect of this course, please come to my office hours, and I will do my best to help you. If you are unable to come to my office hours, you can contact me to make an appointment for a different time. If you have just a short question, you also can send it to me by e-mail.

Attendance

*Missed Classes.* If you are absent, you should consult a classmate to get the lecture notes and to find out about any announcements made in class.

*Missed Exams.* I strongly discourage make-up exams. No make-up exams will be given unless the student presents a valid excuse. I reserve the right to decide if the excuse is valid. I will be more likely to allow you to make up an exam if you make every effort possible to contact me before the scheduled date of the exam. The fastest way to contact me is often by e-mail.
Class Courtesy

- Cell phones are not permitted in class. Please turn off your cell phone and put it away in your backpack prior to entering the classroom.
- If you must arrive late or leave early, please do so quietly and with a minimum of distraction.

Cell Phone/Exam/Quiz Policy

- Students cannot have any cell phones or other electronics out in the classroom when an exam or quiz is being given. Students must keep their cell phone/electronics turned off or in silent mode, and inside their backpack.
- If a student has a cell phone or other electronics out when an exam/quiz is being given, they will receive a grade of zero on the exam/quiz.
- Even after the student has handed in their exam/quiz, they still cannot have a cell phone/electronics out in the classroom. Students must wait until after they leave the classroom to take out cell phones/electronics.
- There will be no discussion of what the student was doing with the cell phone/electronics, the student will simply receive a grade of zero.

Note

The procedures and schedule in this course syllabus are subject to change at the instructor’s discretion.

University Policies

The University Policy S16-9. Course Syllabi (http://www.sjsu.edu/senate/docs/S16-9.pdf) requires the following language to be included in the syllabus: “Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/studying, or course related activities, including but not limited to internships, labs, and clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus.”

University policy S17-1 (http://www.sjsu.edu/senate/docs/S17-1.pdf) which states that “Faculty members are required to have a culminating activity for their courses, which can include a final examination, a final research paper or project, a final creative work or performance, a final portfolio of work, or other appropriate assignment.”

University policy F69-24 at http://www.sjsu.edu/senate/docs/F69-24.pdf states, “Students should attend all meetings of their classes, not only because they are responsible for material discussed therein, but because active participation is frequently essential to insure maximum benefit for all members of the class. Attendance per se shall not be used as a criterion for grading.”

Note that “All students have the right, within a reasonable time, to know their academic scores, to review their grade-dependent work, and to be provided with explanations for the determination of their course grades.” See University Policy F13-1 at http://www.sjsu.edu/senate/docs/F13-1.pdf for more details.

General Expectations, Rights and Responsibilities of the Student

As members of the academic community, students accept both the rights and responsibilities incumbent upon all members of the institution. Students are encouraged to familiarize themselves with SJSU’s policies and practices pertaining to the procedures to follow if and when questions or concerns about a class arises. To learn important campus information, view University Policy S90-5 at http://www.sjsu.edu/senate/docs/S90-5.pdf and SJSU current semester’s Policies and Procedures, at http://info.sjsu.edu/static/catalog/policies.html. In general, it is recommended that students begin by seeking clarification or discussing concerns with their instructor. If such conversation is not possible, or if it does not address the issue, it is recommended that the student contact the Department Chair as the next step.
Dropping and Adding

Students are responsible for understanding the policies and procedures about add/drop, grade forgiveness, etc. Add/drop deadlines can be found on the current academic year calendars document on the Academic Calendars webpage at http://www.sjsu.edu/provost/services/academic_calendars/. The Late Drop Policy is available at http://www.sjsu.edu/aars/policies/latedrops/policy/. Students should be aware of the current deadlines and penalties for dropping classes.

Information about the latest changes and news is available at the Advising Hub at http://www.sjsu.edu/advising/.

Consent for Recording of Class and Public Sharing of Instructor Material

University Policy S12-7, http://www.sjsu.edu/senate/docs/S12-7.pdf, requires students to obtain instructor’s permission to record the course and the following items to be included in the syllabus:

- “Common courtesy and professional behavior dictate that you notify someone when you are recording him/her. You must obtain the instructor’s permission to make audio or video recordings in this class. Such permission allows the recordings to be used for your private, study purposes only. The recordings are the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material.”
  - It is suggested that the greensheet include the instructor’s process for granting permission, whether in writing or orally and whether for the whole semester or on a class by class basis.
  - In classes where active participation of students or guests may be on the recording, permission of those students or guests should be obtained as well.

- “Course material developed by the instructor is the intellectual property of the instructor and cannot be shared publicly without his/her approval. You may not publicly share or upload instructor generated material for this course such as exam questions, lecture notes, or homework solutions without instructor consent.”

Academic integrity

Your commitment as a student to learning is evidenced by your enrollment at San Jose State University. The University Academic Integrity Policy S07-2 at http://www.sjsu.edu/senate/docs/S07-2.pdf requires you to be honest in all your academic course work. Faculty members are required to report all infractions to the office of Student Conduct and Ethical Development. The Student Conduct and Ethical Development website is available at http://www.sjsu.edu/studentconduct/.

Instances of academic dishonesty will not be tolerated. Cheating on exams or plagiarism (presenting the work of another as your own, or the use of another person’s ideas without giving proper credit) will result in a failing grade and sanctions by the University. For this class, all assignments are to be completed by the individual student unless otherwise specified. If you would like to include your assignment or any material you have submitted, or plan to submit for another class, please note that SJSU’s Academic Integrity Policy S07-2 requires approval of instructors.

Campus Policy in Compliance with the American Disabilities Act

If you need course adaptations or accommodations because of a disability, or if you need to make special arrangements in case the building must be evacuated, please make an appointment with me as soon as possible, or see me during office hours. Presidential Directive 97-03 at http://www.sjsu.edu/president/docs/directives/PD_1997-03.pdf requires that students with disabilities requesting accommodations must register with the Accessible Education Center (AEC) at http://www.sjsu.edu/aec to establish a record of their disability.

University Policies

Per University Policy S16-9, university-wide policy information relevant to all courses, such as academic integrity, accommodations, etc. will be available on Office of Graduate and Undergraduate Programs’ Syllabus
Information web page at http://www.sjsu.edu/gup/syllabusinfo/* Make sure to review these university policies and resources.
## Course Schedule
**PSYC 158 – Perception, Section 01, Fall 2018**

Note: This schedule is subject to change. Reading due dates and topic dates are approximate. I will announce any changes of exam dates in class and by email.
