San Jose State University Department of Psychology

Psyc 142 (01) Child Psychopathology

Spring 2019

Instructor: Dr. Saba Torabian
Office Location: DMH 232
Telephone: (408)858-6129
Email: saba.torabian@sjsu.edu

Please write PSY 142 on the subject line of your email
Allow one business day for me to respond
Office Hours: Thursdays 10:15 to 11:15
Class Days/Time: TTh 7:30AM-8:45AM
Classroom: DMH 356

Course Description:

“Overview of common child and adolescent psychological disorders and developmental psychopathology addressing issues such as ethnicity, SES and gender differences throughout; The course focuses on DSM5 classifications, adaptive and maladaptive behaviors, risk and protective factors within the child, family and environment and developmental models.”

Course Content Learning Objectives:

Upon successful completion of this course, students will be able to:

- **LO1**: Students will be aware of the special features associated with the presentation of psychological disorders in children and adolescents (e.g. the concerns regarding the child are presented through the lenses of the adult making the referral; some childhood problems such as autism take time to gradually unfold, etc.).
- **LO2**: Students will become aware of the impact of ethno-cultural beliefs, values, and practices on the conceptualization and expression of behavioral disorders in children, as well as of the impact of poverty and economic disadvantage on the well-being of children and adolescents.
- **LO3**: Students will be able to identify the types of information needed to be collected and assessed in order to make a diagnosis.
- **LO4**: Students will be familiar with the DSM-5 criteria for diagnosis of the major childhood psychological disorders, and will be able to provide diagnosis and differential diagnosis for hypothetical vignette cases.
- **LO5**: Students will understand the complexity associated with issues of etiology, and will be familiar with the current status of the major etiological models and the interactions among them.
- **LO6**: Students will be familiar with criteria that distinguish variations of normal development from deviations from normal development, as they apply to the understanding of childhood disorders.
GE Learning Objectives:
The GE Writing Requirement is met through the weekly writing assignments that are posted on the instructor’s website.

GE learning Outcomes

Upon the completion of this course students should be able to demonstrate

• GELO 1 A broad understanding of issues related to the social sciences
• GELO 2 An ability to communicate ideas effectively both in speaking and in writing
• GELO 3 The capacity for critical and creative thinking;
• GELO 4 The ability to assess information
• GELO 5 The ability for creative and critical thinking

Class activities linked to these outcomes are:

• The identification of the main questions asked by researchers in this area
• The examination of the multiple explanations provided to the questions
• The exploration of yet unknown issue waiting for subsequent research

Measurement of the course learning outcomes will be achieved via analysis of clinical vignettes for each disorder, midterms, and a cumulative final exam.

Program Learning Outcomes (PLO)

Upon successful completion of the psychology major requirement:

PLO1 – Knowledge Base of Psychology – Students will be able to identify, describe, and communicate the major concepts, theoretical perspectives, empirical findings, and historical trends in psychology.

PLO2 – Research Methods in Psychology – Students will be able to design, implement, and communicate basic research methods in psychology, including research design, data analysis, and interpretations.

PLO3 – Critical Thinking Skills in Psychology – Students will be able to use critical and creative thinking, skeptical inquiry, and a scientific approach to address issues related to behavior and mental processes.

PLO4 – Application of Psychology – Students will be able to apply psychological principles to individual, interpersonal, group, and societal issues.

PLO5 – Values in Psychology – Students will value empirical evidence, tolerate ambiguity, act ethically, and recognize their role and responsibility as a member of society
Textbook (required):

Faculty Web Page and MYSJSU Messaging

Copies of the course materials such as the syllabus, power-point slides, and other materials are available on canvas.

You are responsible for regularly checking canvas.

Classroom Protocol:

This course is based on the active participation of the student, and the main requirement is READING and ATTENDANCE. You are expected to read the assigned materials before class, so that the teacher can elaborate and expand. Because of time constraints it may not be impossible to cover all the segments of a given unit. However, you are responsible for all the assigned reading, as the exams will include questions from ALL the parts of the unit. We will cover one chapter per week, and follow the sequence of the textbook, chapter-by-chapter.

Review sessions: Approximately every few weeks we will have review session for the previously studied material. We will divide into groups, led by students. Your participation is highly encouraged.

Attendance:

Your regular attendance and participation are factors contributing to the successful completion of this course. If you do not attend class you will miss on the opportunity to ask questions and to get clarifications. In addition, please make all effort to come to class on time.

NOTE that University policy F69-24, “Students should attend all meetings of their classes, not only because they are responsible for material discussed therein, but because active participation is frequently essential to insure maximum benefit for all members of the class. Attendance per se shall not be used as a criterion for grading.”

Definition of a Credit Hour

Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of forty-five hours over the length of the course (normally 3 hours per unit per week with 1 of the hours used for lecture) for instruction or preparation/studying or course related activities including but not limited to internships, labs, clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus.
As an example, the expectation of work for a 3-credit course is 150-minutes of direct faculty instruction and six hours of out-of-class student work each week.

**Distractions:**
You cannot surf the Internet, text-message, check your messages or respond to cell-phone during class.

**Teacher Availability:**
Do not hesitate to e-mail me or to come by with questions. As my goal is for every student to succeed in my class, if you have not done well on any of the tests, please come to see me ASAP.

**Dropping and Adding:**
Students are responsible for understanding the policies and procedures about add/drops, academic renewal, etc. Information on add/drops are available at [http://info.sjsu.edu/web-dbgen/narr/soc-fall/rec-298.html](http://info.sjsu.edu/web-dbgen/narr/soc-fall/rec-298.html). Information about late drop is available at [http://www.sjsu.edu/sac/advising/latedrops/policy/](http://www.sjsu.edu/sac/advising/latedrops/policy/). Students should be aware of the current deadlines and penalties for adding and dropping classes.

**Exams:** **We will have 2 midterms and 1 final.** Each midterm will consist of 40-50 multiple-choice questions. Each question is worth 2 points. Please bring a scantron (#882) and a pencil. Each Midterms exams worth 15% of the final grade (30% total for both of the midterms) while the final exam worth 25% of the final grade. **Final will be cumulative.**

**Classroom activities (10%). They cannot be made up.** The dates for the classroom activities are not announced ahead of time. Active participation throughout the semester will be required for successful completion of this class. The dates for the classroom activities are not announced ahead of time as they are designed to encourage classroom attendance. They will be scored generously and if you are generally on target in your comments, you should receive full credit for each of these assignments. They will not be returned. **Each of the classroom activities worth about 2% of your final grade (This may change depending on how many are given throughout the semester).** There will be roughly around 5 classroom activities.

**Presentation (15%):** There will be a 8-10 min power point presentations done in groups of 2 on any topic that is of your interest related to any of the topic covered in the class. **Presentation should be based on 4-5 recent related peer-reviewed journal articles.** Try to pick topics that are on the most recent discoveries related to the field.
Writing projects (20%): There will be one writing project throughout the semester. Paper should be about 10 pages in length (double-spaced, single sided), no less than 10 and no more than 12. Proper spelling, grammar, and punctuation is expected and will be factored into your grade. Plagiarized papers will result in a failing grade for the course (i.e., a grade of “F”) and the student will be referred to the Office of Judicial Affairs. More details regarding the structure of the paper will be provided in class. Papers will be turned in electronically on canvas (more about this later). Therefore, papers must be submitted as Word documents or WordPerfect documents (.doc or .wpd). This paper is due on Monday May 13th at 11:59pm.

Grading

The following grade scale will be used.

- A+ (96-100%)
- B+ (86-89%)
- C+ (76-79%)
- D+ (66-69%)
- F (0-59%)
- A (93-95%)
- B (83-85%)
- C (73-75%)
- D (63-65%)
- A – (90-92%)
- B - (80-82%)
- C - (70-72%)
- D - (60-62%)

Exam Dates:

- Midterm 1: Feb 14th 2019
- Midterm 2: March 19th 2019
- Final: Wednesday, May 15th at 7:15

No Make-up Exams Allowed: Only with valid written medical excuse will any exam be allowed at a time other than those scheduled for your class. Those who do not show up for the exam will automatically receive a zero grade for that exam.
If you have 3 finals in one day, University Policy S04-4 [Link](http://www.sjsu.edu/senate/docs/S06-4.pdf) requires you request an alternative day 3 weeks in advance (to one instructor) and that you provide evidence in the form of the syllabus from the other classes as proof.

**VERY IMPORTANT**: Electronics Policy: After many semesters of students misusing electronic devices in a large lecture room, I have now implemented a LIMITED ELECTRONICS policy.

- **NO PHONES AT ANY TIME. No texting allowed at anytime or If I see you text during the class, I will ask you to leave the class.**
- **LAPTOPS ONLY** for taking note purposes.
- The reason for this is simple: over the last few years more and more students are being more and more distracted and are distracting other students with their use of electronics. More importantly, there is now a lot of research showing that electronic use during class LOWERS students’ grades.

**University Policies**

**Academic integrity**

Students should know that the University’s Academic Integrity Policy is available at [Link](http://www.sa.sjsu.edu/download/judicial_affairs/Academic_Integrity_Policy_S07-2.pdf). Your own commitment to learning, as evidenced by your enrollment at San Jose State University and the University’s integrity policy, require you to be honest in all your academic course work. Faculty members are required to report all infractions to the office of Student Conduct and Ethical Development. The website for Student Conduct and Ethical Development is available at [Link](http://www.sa.sjsu.edu/judicial_affairs/index.html).

Instances of academic dishonesty will not be tolerated. Cheating on exams or plagiarism (presenting the work of another as your own, or the use of another person’s ideas without giving proper credit) will result in a failing grade and sanctions by the University. For this class, all assignments are to be completed by the individual student unless otherwise specified. If you would like to include in your assignment any material you have submitted, or plan to submit for another class, please note that SJSU’s Academic Policy F06-1 requires approval of instructors.

**Campus Policy in Compliance with the American Disabilities Act**

If you need course adaptations or accommodations because of a disability, or if you need to make special arrangements in case the building must be evacuated, please make an appointment with me as soon as possible, or see me during office hours. Presidential Directive 97-03 requires that students with disabilities requesting accommodations must register with the DRC (Disability Resource Center) to establish a record of their disability.

**Student Technology Resources**
Computer labs for student use are available in the Academic Success Center located on the floor of the Student Union. Additional computer labs may be available in your department/college. Computers are also available in the Martin Luther King Library.

A wide variety of audio-visual equipment is available for student checkout from Media Services located in IRC 112. These items include digital and VHS camcorders, VHS and Beta video players, 16 mm, slide, overhead, DVD, CD, and audiotape players, sound systems, wireless microphones, projection screens and monitors.

**Learning Assistance Resource Center**

The Learning Assistance Resource Center (LARC) is located in Room 600 in the Student Services Center. It is designed to assist students in the development of their full academic potential and to motivate them to become self-directed learners. The center provides support services, such as skills assessment, individual or group tutorials, subject advising, learning assistance, summer academic preparation and basic skills development. The LARC website is located at [http://www.sjsu.edu/larc/](http://www.sjsu.edu/larc/).

**SJSU Writing Center**

The SJSU Writing Center is located in Room 126 in Clark Hall. It is staffed by professional instructors and upper-division or graduate-level writing specialists from each of the seven SJSU colleges. Our writing specialists have met a rigorous GPA requirement, and they are well trained to assist all students at all levels within all disciplines to become better writers. The Writing Center website is located at [http://www.sjsu.edu/writingcenter/about/staff/](http://www.sjsu.edu/writingcenter/about/staff/).

**Peer Mentor Center**

The Peer Mentor Center is located on the floor of Clark Hall in the Academic Success Center. The Peer Mentor Center is staffed with Peer Mentors who excel in helping students manage university life, tackling problems that range from academic challenges to interpersonal struggles. On the road to graduation, Peer Mentors are navigators, offering “roadside assistance” to peers who feel a bit lost or simply need help mapping out the locations of campus resources. Peer Mentor services are free and available on a drop-in basis, no reservation required. Website of Peer Mentor Center is located at [http://www.sjsu.edu/muse/peermentor/](http://www.sjsu.edu/muse/peermentor/).
