Course Description

In Psychology 100W students are given the opportunity to develop writing skills appropriate to the broad field of psychology, including essays, reports and scholarly communication.

The general goals of 100W are that students will develop advanced proficiency in college-level writing and appropriate contemporary research strategies and methodologies to communicate effectively to both specialized and general audiences. Written Communication II should reinforce and advance the abilities developed in Written Communication IA and IB, and broaden and deepen these to include mastery of the discourse peculiar to the discipline in which the course is taught.

Learning Outcomes

Overview

Learning Outcomes (LOs) are specific, measurable goals and objectives that students have demonstrated upon successful completion of the course. 100W is designed to address 3 levels of Learning Outcomes:

GE/SJSU Learning Outcomes (LOs). These are outcomes mandated by General Education.

Course Learning Outcomes (CLOs). These are outcomes for this specific course. For Psychology 100W, Course Learning Outcomes (CLOs) are the discipline-specific ways in which the general GE/SJSU learning outcomes (LOs) for 100W (Area Z) will be fulfilled. The specific CLOs for this course contribute to the overall experience, learning opportunities, and Program Learning Outcomes (PLOs) students are exposed to when completing the SJSU Psychology Major.

Program Learning Outcomes (PLOs). These outcomes refer to the broad goals of the SJSU Psychology Major program. The SJSU Psychology Major is designed to address 5 broad PLOs. These PLOs are outcomes students should be able to demonstrate after having successfully completed the Psychology Major.

GE/SJSU Student Learning Outcomes (SLOs)

Students shall write complete essays that demonstrate college-level proficiency. Students shall be able to:

SLO 1. produce discipline-specific written work that demonstrates upper-division proficiency in:
   a. language use
   b. grammar
   c. clarity of expression
SLO 2. explain, analyze, develop, and criticize ideas effectively, including ideas encountered in multiple readings and expressed in different forms of discourse

SLO 3. organize and develop essays and documents for both professional and general audiences

SLO 4. organize and develop essays and documents according to appropriate editorial and citation standards

SLO 5. locate, organize, and synthesize information effectively to accomplish a specific purpose, and to communicate that purpose in writing.

Course Learning Outcomes (CLOs)

For Psychology 100W the general GE student learning outcomes (SLOs) for 100W (Area Z) will be fulfilled in the following discipline-specific Course Learning Outcomes (CLOs) [matched GE SLOs indicated in brackets]. Upon successful completion of this course students will:

CLO 1. have developed proficiency at using databases (e.g., PsycINFO and MEDLINE) to locate empirical research and research review articles in an area of psychology [SLO 5]

CLO 2. have demonstrated competency in American Psychological Association (APA) writing style, including grammar, spelling, and syntax [SLO 1, 4]

CLO 3. have summarized and evaluated empirical research articles in an area of psychology [SLO 1, 2, 3, 4]

CLO 4. have written for a general audience [SLO 1, 2, 3]

CLO 5. have organized and developed a literature review, or other appropriate major paper (e.g., research report) in an area of psychology [SLO 1, 2, 3, 4, 5]

CLO 6. have begun to develop critical thinking skills in psychology including the ability to [SLO 1, 2, 3, 4, 5]:

a. synthesize disparate research findings into a coherent framework which addresses a question or topic relevant to the discipline of psychology, and/or

b. compare and contrast differing theories and research findings.

Program Learning Outcomes (PLO)

Upon successful completion of the psychology major requirements…

PLO1 – Knowledge Base of Psychology – Students will be able to identify, describe, and communicate the major concepts, theoretical perspectives, empirical findings, and historical trends in psychology.
PLO2 – *Research Methods in Psychology* – Students will be able to design, implement, and communicate basic research methods in psychology, including research design, data analysis, and interpretations.

PLO3 – *Critical Thinking Skills in Psychology* – Students will be able to use critical and creative thinking, skeptical inquiry, and a scientific approach to address issues related to behavior and mental processes.

PLO4 – *Application of Psychology* – Students will be able to apply psychological principles to individual, interpersonal, group, and societal issues.

PLO5 – *Values in Psychology* – Students will value empirical evidence, tolerate ambiguity, act ethically, and recognize their role and responsibility as a member of society.

GE requirements for 100W stipulate that students shall write a minimum of 8000 words in the course of the semester, and that they shall be provided with frequent practice and feedback for improving their communication skills.

Page 6 of this syllabus summarizes for each course assignment the word totals, point totals, and relevant CLO’s being assessed.

**Course Requirements and Assignments**

“Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per
week) for instruction, preparation/studying, or course related activities, including but not limited to internships, labs, and clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus.”

**Assignments and Grading Policy**

**Pre- and Post-Test**

During the second week of class, students will take an online pre-test of their writing skills; at the end of the semester, an online post-test will be taken. Both are required. The website for the pre-test will be given in class.

**In-class Assignments**

In class, students will write one paper (500 words) discussing your perception of your writing skills as well as any psychological impediments to doing well in this class (love of procrastination, phobia of writing, etc.). Students will then write one paper (500 words) explaining your motivation for college and major influences on your life thus far.

**Paper for General Audience**

Each student will write up the topic of your research paper for a general audience (1,000 words).

**Major Scholarly Paper: Literature Review**

The major paper you will be writing for this course is an APA style literature review (draft approximately 2500 words; edited copy 2500 words; 10 or more scholarly references). The goal of a literature review is to answer a research question by describing and synthesizing relevant theory and research findings relevant to the question.

You will be developing your final literature review in several assignments, including (but not limited to):

- **Research Question Assignment** in which you develop, with help from the instructor, a research question appropriate to the discipline of psychology and to the requirements of the course.
- **Database Assignment** in which you identify at least 10 – 15 sources relevant to your literature review topic using databases and other resources appropriate to psychological research.
Literature Review Conferences and Drafts in which you receive feedback from a variety of sources and revise your paper as needed. You must submit the first and final drafts of the Research Paper to Turnitin.com by a deadline we will establish in class.

PowerPoint Presentation

The student will present a PowerPoint presentation to the class on the topic of their research paper. The student will also responsible for providing the PowerPoint presentation, including a list of References, to other students in the group upon request. More instruction will follow, but the presentation should be approximately 5 minutes long, with time at the end for 3-5 minutes of questions or comments from your peers. Your peers will provide written feedback and evaluation following each oral presentation.

Written Peer Critique of Student Presentations

Following each class in which there are oral presentations, students will write a critique of the strengths and weaknesses of each. There are 5 classes total. Each class critique will be approximately 100 words; thus 500 word total.

Word Count Requirements (8,000 word total)

Written papers in class (2) (500 each paper, 1,000 total words)
Paper for General Audience (500 for draft and 500 for edited copy=1,000 total words)
Research paper (draft 2500 words, final edited copy 2500 words = 5,000 total words)
Power point presentation (500 words)
Critique of student presentations (500 words)

Final Examination or Evaluation

“Faculty members are required to have a culminating activity for their courses, which can include a final examination, a final research paper or project, a final creative work or performance, a final portfolio of work, or other appropriate assignment.”

**Late Assignments**

Late credit/no credit assignments will not be accepted except in cases of documented emergencies, serious illness, or a dean’s excuse. If such a circumstance should arise, please contact me as early as possible and be ready to provide documentation.

Major assignments will lose a full letter grade (10%) for each day late. Graded assignments more than 3 days late will not be accepted.

**Classroom Protocol**

I expect that you will attend regularly and participate in class discussions. As you can see, most classes have required assignments, either to complete in-class or to turn in that session. Therefore it is essential that you attend each class.

Please arrive on time; it is disruptive to everyone else when someone arrives late.

Turn your cell phone off or, if absolutely necessary because of a family emergency, place in vibrate mode. Text messaging will not be tolerated. If you bring a laptop, surfing the web and checking emails will not be tolerated.

**Contacting Instructor**

1. Through regular email. joanna.fanos@sjsu.edu (the best way to reach me)
2. By phone. 408-924-5622
3. Consider emails for this course as professional correspondence.
   a. *Subject Line* should include your class and a brief description of the issue (e.g., Subject: Psych 100W: absence on 10-10-11).
b. *Greetings* should be formal and use your instructor’s title (e.g., Dear Dr. Fanos or Professor Fanos)

c. *Identify yourself* and the course/section you are in. I teach many classes and have many students, so do not assume I remember which section you are in.

**Read the Syllabus!**

You are responsible for knowing the details in this green sheet. If you lose it, get another. I am happy to answer questions about the course as they arise, but I expect you will make some effort to find the answers in the syllabus and class materials, and to pay attention to the answers given.

**Skill-Development Course**

It is important that you understand that this class is a *workshop on skill development* and differs from a standard lecture class that teaches content. I will provide a few lectures and am available for consultation, but I do not “teach” in the traditional lecture sense.

In a *workshop*, you have primary responsibility for learning the material. I can answer any questions about the material you are learning and I provide feedback on your assignments. You are expected to take the initiative in mastering the material and skills in this class.

**Time Management & Regular Attendance**

Time management is a *major* issue for students in this class. As in the workplace, deadlines are real. Assignments are due one after another and you need to keep on top of them! You can fall quickly behind if you fail to turn every assignment in on time.

**Laptops**

In-class laptop use should be restricted to course-related activities (e.g., taking notes). Other activities (e.g., web surfing) distract both the instructor and students and will not be tolerated. You will be asked to turn off your laptop if you are engaged in non-class activities. You will be asked to refrain from laptop use for the duration of the course if this behavior continues.

**Cell phones and other electronic devices**

Please be certain to turn off or put in silent mode all cell phones, pagers, and any other devices that produce distraction prior to entering the classroom.

**Late arrivals**

If you must arrive late or leave early, please do so quietly and with a minimum of distraction.

**I expect you to come to class prepared**

“Prepared” means you have completed the readings and any assignment before class starts, and written down any questions you had from the assignment. You should be as prepared as you expect your professor to be.
