* *Assigned Time option is available only to tenured faculty not yet in the University Faculty RSCA Assigned Time Program. Assigned time should be coordinated in consultation with your Department Chair/School Director to ensure that both you and your Department Chair/School Director have the same understanding. If a faculty member receives a University Faculty RSCA Assigned Time Program award in the second cycle phase as well as a Central RSCA assigned time award (i.e., this program), normally the assigned time awards would be taken in different semesters.*

** *All Unit 3 Faculty members with an Academic Year (AY) or Semester appointment are eligible for the fellowship salary award option as long as they do not have greater than .8 summer work assigned to them (for example, summer session courses) during the month of the award. Faculty members with a 12-month faculty appointment of .8 or less are eligible for the fellowship salary award option.
The fellowship salary award is considered salary and is taxed by the IRS and state. This is an award and it is supplemental and taxed differently from a regular monthly salary check. For example, previous awards were taxed at 22% Federal and 6.6% State plus Social Security and Medicare taxes.*
