Open to SJSU Community

The Office of Research in partnership with the Research Foundation provides undergraduate and graduate research students the opportunity to present their work and compete for selection as SJSU representatives at the annual CSU Student Research Competition. The Presentations will consist of an oral in-person presentation in front of the University Graduate Studies & Research (GS&R) Sub-Committee and students, faculty, staff, and members of the community.

Students interested in submitting their work for consideration are asked to contact their College office for additional information or visit the Student Research Competition website at:
http://www.sjsu.edu/research/funding/funding-opportunities/student-research-competition/index.html

- Student work ranges across a number of disciplines including health, social sciences, engineering, creative arts, and the sciences.
- The public is welcomed to enter and exit during breaks between speakers. The speakers have 10 minutes to present and 5 minutes to respond to questions. A break of 5 minutes between speakers enables folks to enter or leave.
- A listing of the speakers, titles and times will be posted outside the room.
