The Senate voted and AS 1721 was approved with 1 Nay.

VI. Policy Committee and University Library Board Action Items (In rotation)

A. University Library Board (ULB): No report.

B. Curriculum and Research Committee (C&R):

C. Instruction and Student Affairs Committee (I&SA):
This resolution is a result of changes in the Executive Orders from the Chancellor’s Office and some confusion students have over leaves. Unfortunately, the background and rationale were accidentally dropped off the policy in the packet. Senator Sullivan-Green read the background and rationale. In addition, all military leave in
the policy has been clarified to mean U.S. military leave. Those protections do not apply to international military leave. International military service is under the personal leave portion of the policy. All references to EO 665 that referenced remedial status of students has been removed since students are no longer admitted in remedial status. The language in the sections pertaining to retroactive leave and graduate students in RP status has been improved.

Questions:
Q: Would the committee consider changing the language in the section pertaining to graduate students in RP status to say they may not drop out and must maintain continuous enrollment and then go on to say except under rare circumstances? Also, have you considered what the rare circumstances will be and who will determine that?
A: The RP status language was provided by the AVP of Graduate Studies who felt this language would cover a majority of situations.
Q: Could you clarify this in the policy, because it is not entirely clear who would have jurisdiction to determine what is a rare circumstance.
A: The committee will consider this.

Q: On line 89 it refers to Associate Vice President for Student Academic Success Services. In Academic Affairs we have an AVP for Faculty and Student Success. My question is whether this is a different AVP, or does that language need updates?
A: I will verify that language.
Q: The second question I have pertains to section three where it states “authorized by International Student and Scholar Services.” Can you verify this is correct?
A: That section is correct.

Q: It seems to me that the beginning could use a statement of principles as to why these things exist and the advantages of the process. Would the committee consider this?
A: Yes.

Q: This has to do with students in RP status. I find the language “stop out” vague. Is this the same as a leave? What constitutes a “stop out?”
A: The committee will clarify this.

Q: We need consistency across students here.
A: The RP status does provide additional association with the university for working with faculty and whatnot.
Q: I think this is a graduate college or graduate school decision. Now that we have a Graduate College Dean, that is the point of consultation. This is something that exists in graduate colleges all over the universe.
A: The committee will consider this.

Q: This would require a student not only to pay for the internship but not to enroll in another class. Was that the intent?
A: I’m not sure that is something that should go in the leaves of absence policy, but
rather should be in an RP policy that establishes RP expectations and what the nuances of that should be. Once they are in RP status they can’t have a leave of absence.

Senator Sullivan-Green presented *AS 1731, Policy Recommendation, Rescind and Replace S05-4, Qualifications for Student Office Holders (First Reading).* I&SA reduced eight pages to three by reducing repetitiveness. In addition, I&SA made it consistent with AA2012-5. Under section 2, the general requirement, all of those requirements were the same for all office holders covered under this policy. The other changes made to this policy were in section 4. The AS Board of Directors was separated from the campus representatives to the California State Student Association. That would then include the Presidents of the Board of Directors, the Vice Presidents and the Controller. Then on the last page of the policy in lines 36 and 37, the inclusion of the Presidents and Treasurers of recognized student organizations is current practice of the university.

**Questions:**
Q: In Section 2.1.6 where it says maximum allowable units, why would we make an exception when we are being asked to keep programs at 120 units, and say UG students can have 150 units?
A: This language is in the Chancellor’s coded memorandum.

Senator Sullivan-Green presented *AS 1732, Policy Recommendation, Rescind and Replace University Policy F10-1, The Use and Abuse of Alcohol and Other Drugs (First Reading).*

**Question:**
Q: What is social probation?
A: Student organizations are not permitted to hold social events.

Q: Was this discussed with the Alcohol and Drug Abuse Prevention Committee?
A: That was already done by our subcommittee.

### D. Professional Standards Committee (PS):
Senator Peter presented *AS 1726, Policy Recommendation, Amendment C to F12-6, Evaluation in Effectiveness in Teaching for all Faculty (Final Reading).*

Senator White presented an amendment that was friendly to the body to insert the work “typical” in line 98 before “three unit.” Senator White presented an amendment to change line 101 to read, “The decision on determining 15 WTUs shall lie with the Provost or designee.” The amendment was seconded. The **Senate voted and the White amendment passed with 4 Nays**. Senator Khan presented an amendment that was friendly to the body to replace “regular faculty” with “tenure/tenure-track faculty” in line 103. Senator Khan presented an amendment that was friendly to the body to change “lecturers” in line 103 to “lecturer faculty.” Senator Lee presented an amendment to line 99 to change “of courses” to “of courses evaluated by the SOTE instrument.” The amendment was seconded. The **Senate**
voted and the Lee amendment passed with 1 Nay. Senator Van Selst presented an amendment to line 98 to change “typical” to “typical (C1-C6 Course Classification).” The amendment was seconded. The Senate voted and the Van Selst Amendment failed with 1 Yay. The Senate voted on AS 1726 as amended and it passed unanimously.

Senator Peter presented AS 1728, Policy Recommendation, Amendment H to University Policy S15-7, RTP Procedures; Criteria for “Late Add” Materials (First Reading). The RTP Process is long and takes a whole year. There are times during the year when something should be added. There is a committee that considers whether something can be added, but we need clarification as to what can and can’t be late added.

Questions:
Q: Is there any reason not to move this to a final reading?
A: PS would prefer to give the campus time to provide input before a final reading next month.

Q: You mentioned cases have arisen lately. Can you comment on how many cases?
A: Eight.

Q: Can the committee approve adding something that isn’t in the guidelines?
A: That is a great question for the committee. The intention was that the guidelines would give the committee something to guide them.

Q: In line 63 you talk about the Provost working in consultation with the Professional Standards. Did you also consider having the Senior Director for Faculty Affairs help in developing these guidelines?
A: PS consulted with her already and it is with her help that we developed the guidelines. I think there is a distinction between the technical aspects of the policy and an Academic Officer. Since the Provost is in the decision tree of determining who should get tenure and promotion, the Provost or the Provost designee should help the committee determine what goes into the dossier.

Q: Did the committee consider the workload issue for small departments? For example, we just had two sets of late add materials approved for one person within three days of each other. We had to convene that committee two additional times since the beginning of the Fall. When you are a small dept. with a small number of tenure/tenure-track faculty this really makes it difficult.
A: We are acutely aware of this and don’t want to make serious committee meetings, on the other hand there are circumstances when materials should be added.

Senator Peter presented AS 1729, Senate Management Resolution, Membership of the Board of Academic Freedom and Professional Responsibility (BAFPR) (First
**Reading.** PS is suggesting the committee stick with one tenured faculty member from each college and the general unit, but change the term to 2-years and allow emeriti faculty to serve. Faculty would not be elected by the college, but be appointed by the Senate. PS would like to get feedback from the Senate on whether we can make this amendment with a Senate Management Resolution or does it need a Policy Amendment.

**Questions:**

Q: Must the emeriti representatives be tenured?
A: The committee will discuss.

Q: Has the committee considered that this change would allow the Committee on Committees to staff this committee and whether it would be best to use a policy recommendation for this change?
A: Yes the committee did consider this.

Q: Will the emeriti reps be from specific colleges or faculty-at-large?
A: The committee will discuss.

C: The Senate Administrator commented that in the past a policy recommendation was used to amend or rescind another policy. This is due to the fact that a policy recommendation that is signed by the President is University Policy and only the President, or another President down the line, can then amend that policy. Senate Management Resolutions do not get Presidential approval and therefore cannot be used to amend a policy.

Q: Would the committee consider allowing tenured faculty, but not necessarily full tenured faculty members?
A: The committee will consider it.

**E. Organization and Government Committee (O&G):**

Senator Shifflett presented *AS 1727, Policy Recommendation, Amendment B to F07-2, Athletics Policy (Final Reading).* Senator Shifflett presented an amendment that was friendly to the body to delete “1727” after “None” on line 60. This was a typo made by the committee chair. **The Senate voted and AS 1727 passed as amended.**

Senator Shifflett presented *AS 1734, Amendment A to University Policy S18-5, Alcohol and Drug Abuse Prevention Committee (Final Reading).* Senator French presented an amendment to change the word “should” to “shall” in lines 25 and 26. There was no second. **The Senate voted and AS 1734 was approved unanimously.**

Non-resident student enrollment was up 29 students. However, we had 103 fewer International students. Out of state applications for Spring are up by 35 students.

   b. SJSU is attempting to expand what is considered our local admission area. Many of the close by universities include more than just one county in their local admission area. SJSU only uses Santa Clara County.

7. From the CSU Statewide Senate updates:
   
   The ASCSU Executive Committee brought some coherence to the process regarding the response to the GE Task Force Report. They worked to put together a process to get information to the campuses. The plan is for the Executive Committee to bring a first reading of a resolution in March, and a final reading in May using all the feedback and recommended changes from the campuses. Any recommended changes will be sent to the Chancellor for final approval with the earliest possible feedback in November 2019.

8. From the Chief Diversity Officer (CDO):
   
   a. Some erroneous information was sent out regarding Title IX. In those cases where there is only he said/she said evidence, report writing stops where credibility analysis starts. SJSU has only four cases we are conducting investigations into. No employee investigations are affected.
   
   b. The ODEI has started intergroup dialogues again. They already have two full faculty/staff dialogues setup. The majority are staff and students. There have been lots of positive responses.
   
   c. There will also be new diversity training being setup.
   
   d. The CDO is working to send all deans to NCORE this year for the National Conference on Race and Ethnicity

A: IRC 302.

Q: Can you comment on the status of the police chief search?
A: We are waiting for Human Resources to give us the final okay on our candidate.

c. From the Vice President of Student Affairs (VPSA):
The VPSA is considering expanding our local admissions area beyond Santa Clara County to the entire Bay Area. Changes can be submitted annually to the impaction plan. Most of the other CSU campuses in the Bay Area include Santa Clara County in addition to their own county. The VPSA is conducting program reviews in wellness areas including general medical and counseling.

   The Asian-Pacific-Islander and Native American Student Organization Committees thanked the VPSA for the budget line and space afforded them.

Resolved: That S94-7, S95-5, and F15-6 be rescinded and replaced with the following, effective immediately, and be it further

Resolved: That graduate students admitted for Fall 2020 and after will be held to the requirements stipulated in Section 2, and be it further

Resolved: That the currently titled “Writing Requirements Committee” be renamed “University Writing Committee.”

Rationale: Writing requirements and guidelines at the university level are currently contained in three policies: S95-5, F15-6 (an amendment to the previous), and S94-7 (for graduate-level writing), as well as in the Guidelines for General Education (GE), American Institutions (AI), and the Graduation Writing Assessment Requirement as per S14-5. In addition, SJSU is obligated to abide by CSU policies, specifically Executive Order 665.

This policy proposal encapsulates requirements and guidelines in all of the above-mentioned except GE courses. A single policy is more easily accessible and digestible to the campus community. For this purpose, prior policy is kept largely intact. However, after extensive review by the current Writing Requirements Committee about its own charge and membership, some changes have been made. In brief:

- New name for the committee: University Writing Committee (UWC).
- New committee status: reporting directly to the Senate Curriculum & Research Committee, rather than the Board of General Studies (Sec. 3.b.1).
Committee membership updated to include the Writing Center Director and Coordinator of Multilingual Writing Support Services (Sec. 3.b.1).

Committee mission: Formerly a body charged largely with 100W course certification and re-certification via BOGS, the UWC will now be an overseeing / consultative / advisory committee, in keeping with its actual practice in recent years (Sec. 3.a.i).

Undergraduate-level writing requirements (Sec. 1) are mostly the same (with minor changes to office titles, etc.) as in S95-5, except for the section charging Board of General Studies with approval of courses (Sec. 1.c.ii).

Graduate-level writing requirements (Sec. 2) have changed from S94-7 as outlined below.

**Student success orientation:** the above-described modifications to the UWC committee charge partially de-centralize the responsibilities for teaching writing, allowing departments and colleges to make their own pedagogical decisions around that teaching. This move is grounded in the principle that the personnel actually doing the teaching are better equipped to assess and serve their students and therefore better able to help students succeed. Modifications to the graduate-level requirements help to ensure more writing support for graduate students in their disciplines.

An earlier draft of this proposal was passed unanimously by the Writing Requirements Committee on October 5, 2018 for referral to the Senate. The Writing Requirements and Organization and Governance committees have been consulted throughout the entire process.

UNIVERSITY POLICY

University Writing: Requirements/Guidelines and Support by the University Writing Committee (UWC)

1. Graduation Writing Assessment Requirement (GWAR), undergraduate level.
   a. Demonstration of competence in written communication shall be a requirement for graduation with any bachelor’s degree. Competence shall be demonstrated by satisfaction of the university requirement for Written Communication II (Area Z). Students shall satisfy the Written Communication II requirement either by passing a course approved as provided below in (c), or, if permitted by the requirements of their major, by passing at the designated level the Writing Skills Test (WST) provided for below in (d), or by satisfying the CSU Graduation Writing Assessment Requirement (GWAR) prior to matriculation at San José State University. Completion of General Education lower-division requirements for written communication and passage of the WST shall be prerequisites for taking the Written Communication II course.

   b. Normally, students shall satisfy the Area Z requirement as soon as possible after completion of 60 units. The Provost or designee shall take appropriate measures to assure that students satisfy the requirement before completion of 90 units. In exercising this authority, the Provost or designee may allow satisfaction of the requirement after completion of 90 units if s/he finds that curricular patterns and requirements in particular majors justify the postponement and also give adequate assurance that the requirement will be duly satisfied.

   c. Courses fulfilling Area Z:
      i. Every department (or equivalent unit) responsible for an undergraduate degree program shall either offer an upper-division writing workshop (Written Communication II) course for its majors or designate for its majors, by agreement with that department, such a course offered by another department. College deans shall coordinate department offerings to assure that students will be accommodated. The primary responsibility for offering such courses is that of the major department and college. A department shall not designate a course in another college without notice to and consent of both college deans.

      ii. Courses satisfying the Written Communication II requirement are submitted for approval to the Board of General Studies in the same manner as all other GE and SJSU Studies courses. For approval,
the Board must be satisfied that the proposed course will require substantial appropriate writing, that a high standard for successful completion of the course will be maintained and that the course complies with all other applicable criteria. The Board shall periodically review all approved courses and may recommend withdrawal if, in the Board’s judgment, sufficiently high standards have not been maintained or the course has otherwise become deficient. The University Writing Committee (UWC) shall be consulted for advice at the Board’s request.

d. Writing Skills Test (WST):
  i. If permitted by the requirements of a major, the Writing Skills Test referred to above in (a) may also serve as a waiver examination for Written Communication II. The UWC shall designate the score on the WST necessary to satisfy the Written Communication II requirement.
  ii. The specific form and content of the WST and the minimum passing score shall be as approved by the Board of General Studies on the recommendation of the UWC.
  iii. The WST shall be administered by the Testing Office at least twice a semester and once each summer. Students taking the WST shall pay a fee sufficient to cover the costs of providing, administering, and grading the test.
  iv. The Provost or designee shall appoint a faculty member recommended by the UWC as Writing Skills Test Coordinator. The duties of the Coordinator shall include appointment and training of faculty or other readers for the essays.

2. Graduation Writing Assessment Requirement (GWAR), graduate level.
  a. Every department (or equivalent unit) responsible for a graduate degree program shall include a GWAR course in the program requirements and overall units. If a student’s GWAR is fulfilled as described in section 2.b, the required units shall be made up with a departmentally-approved elective course, so that the unit count for the program is identical regardless of a student’s pathway for completion of the GWAR.
  b. Fulfillment of the GWAR shall be a requirement of classified graduate students as a condition necessary for advancement to candidacy for the award of the graduate degree. Master’s and doctoral degree requirements may be considered separately. Fulfillment of the GWAR shall be established by:
Satisfactory completion of a course approved by the College of Graduate Studies of at least three units in which a major report is required. The course should be completed prior to advancement to candidacy; or

Approval by the College of Graduate Studies of a professional publication for which the candidate was a primary author; or

Completion of a master’s or doctoral program at an accredited university in which the primary language of instruction is English unless a department requires additional documentation of writing proficiency.

c. Courses proposed to satisfy the graduate-level GWAR must be approved by the College of Graduate Studies. Courses will use guidelines developed by the College of Graduate Studies in consultation with Graduate Studies and Research and University Writing Committees. The College of Graduate Studies shall review and recertify these courses every three years. Approved courses may be recommend for withdrawal by the Dean of the College of Graduate Studies if sufficiently high standards have not been maintained or the course has otherwise become deficient. The University Writing Committee (UWC) shall be consulted for advice at the request of the College of Graduate Studies.

3. University Writing Committee (UWC) Charge and Membership

a. Charge: The charge of the UWC shall be to develop and support writing instruction at SJSU. To do this, the UWC shall study and support the teaching of writing at all levels, all across the curriculum. The UWC shall be a resource for the teaching and learning of writing all across campus, in support of student writers’ university careers from beginning to end.

Members of the UWC serve a vital role as representatives of their colleges and departments. UWC members shall communicate with faculty members in their home colleges and departments, keeping them informed of the activities of the UWC; act as conduits between their colleges and departments and the UWC, helping the committee understand the various (and varied) needs of departments and programs on campus; and help develop policies and programs to address these needs.

The UWC may sponsor workshops and training programs for instructors of approved courses and shall use these and other appropriate means to
provide guidance on the uniformity of composition standards throughout the University.

The UWC will be consulted as necessary for the following:

- assessment of the writing core competency
- writing as part of the Directed Self-Placement program
- writing in General Education and GWAR courses, especially Areas A2, A3, and R; and writing in capstone and other courses as part of a student’s degree program

b. Committee membership.

i. The University Writing Committee shall be special agency reporting to the Curriculum & Research Committee, and be composed of the following 19 members:

- College dean (EXO; UWC Chair; Appointed by the Provost)
- SJSU Writing Programs Administrator (WPA) (EXO)
- SJSU Writing Across the Curriculum (WAC) Director (EXO)
- Writing Center director (EXO)
- Coordinator of Multilingual Writing Support Services (EXO)
- AVP, Undergraduate Studies or designee (EXO)
- Director of Testing (EXO; non voting)
- Dean, College of Graduate Studies or designee (EXO)
- 2 faculty, Humanities & the Arts, with one from the Department of Linguistics and Language Development
- 1 faculty each from all other colleges.
- 1 faculty, University Library
- 2 students, one undergraduate that has satisfied University Written Communication II, one graduate student that has satisfied graduate writing requirements.

ii. Recruitment and appointment of members. Faculty members will serve a 3-year term with the possibility of renewable for one additional 3-year term if selected. Student members will serve a renewable 1-year term. Recruitment to serve on the UWC will be done through the normal Committee on Committees process for the seats designated for faculty members and students. When there are multiple applications for a seat, the Executive Committee of the Academic Senate will select individuals to serve. In considering potential UWC members, attention should focus on the person’s experience including that they have taught an undergraduate
writing course. At least two faculty must have experience teaching a writing course either at the masters or doctoral level.

iii. Interim appointments. When a seat will be vacant for no more than 1 semester (e.g., sabbatical) an interim appointment can be made following normal Committee on Committee processes. Any seat that will be vacant for a year or more will require a replacement for the remainder of the term associated with that seat.

iv. Replacing members. If a member is absent from three regularly scheduled committee meetings in an academic year, the chair of the UWC may request that the Associate Vice Chair of the Senate initiate action to recruit a replacement. If a member repeatedly does not perform assigned committee duties, the chair of the UWC may request that the Associate Vice Chair of the Senate initiate action to recruit a replacement.
Policy Recommendation

Amendment H to University Policy S15-7

“RTP Procedures”

Criteria for “Late Add” materials

Resolved: That S15-7 be amended as shown in the strikeout and underline

Rationale: Faculty undergoing the Retention, Tenure, and Promotion system must submit a dossier of their materials for consideration by a certain date identified in a calendar produced annually by the University. The review process takes the entire academic year, and so faculty have always been allowed to amend their initial submission with “late add” materials. These materials are restricted to materials that only became available after the dossier closed, and they have always been examined by a “late add” committee to determine if they meet this qualification for inclusion.

The benefit of including late add materials is that faculty receive significant accomplishments that warrant consideration after the mid October deadline. If the candidate is showing increasing effectiveness from year to year, the best achievements might in fact be expected to peak during the last year. Without a late addition opportunity, the long, drawn out RTP process would cut some of these achievements off from consideration.

The problem with late add materials is that they are inserted after the college and department level reviews have taken place, and so their addition requires both the college and departments to re-examine the dossier and re-vote. If late additions were routine, it would create chaos with the review process.

Cases have arisen recently, however, in which it has been unclear whether late-add materials should be allowed. Should, for example, Fall SOTEs be allowed to be inserted late? If this routinely happened, then all department and college deliberations would have to be repeated. But what if a candidate is in danger of termination due to
poor teaching, and those fall SOTEs show marked improvement? Then not considering them would be missing highly relevant information with very great consequences.

The current policy is utterly silent on what should be allowed. The amendments provide a mechanism for clarifying this important question.

Policy Recommendation

Amendment of S15-7 “RTP Procedures”

Criteria for “Late Add” materials

5.4.3 Late Add Materials. The Provost, or designee, in consultation with the Professional Standards Committee, shall issue guidelines for determining which materials may be inserted after the dossier has been officially closed (see “Deadlines.”) Late materials must have the approval of a committee (the “Late Add Committee”) consisting of one member elected from and by each college committee. This committee shall apply the guidelines and limit materials and shall be limited to items that became accessible after the dossier is closed. Material inserted in this fashion shall be returned to the initial personnel committee for review, evaluation and comment before consideration at subsequent levels of review.
Policy Recommendation
Amendment A to University Policy S15-3,
Leaves of Absence for Students

Background and Rationale:
Leaves of absence (LOA) for students have been granted for many years at SJSU. Previous policies that governed Leaves of Absence include S88-1: Health Leave Policy and S93-1: Planned Student Leave; Absence. This current policy outlines general provisions for LOAs, categories of LOA-eligible students, expectations for LOA applications, exceptions to eligibility, and other items. The policy is guided by certain principles:

- Students may encounter circumstances that affect their education goal.
- Students should be empowered to determine if those circumstances justify a temporary interruption in their educational goals.
- Limited term LOAs have minimal effects on other students or applicants for admission.
- As long as the originally stated reason(s) remain in effect for the student, leaves up to two years are permitted.
- Retroactive leaves will be considered when appropriate.

Leaves of Absence for Students

I. General Provisions

Students who have attended at least one semester as matriculated students and who are in good or probationary academic standing may choose to be voluntarily absent from the university (“stop out” or not enroll) for one semester (Fall or Spring) without submission of a leave-of-absence petition or any penalty. A student must return the semester following a stop-out semester and continue his or her enrollment as a matriculated student unless the stop-out semester is immediately followed by an approved leave of absence. If a student does not return in the semester following the one semester stop-out, application for re-admission for the next available admission term is required. If the student is in disqualified status or was disenrolled the previous semester for nonpayment of fees, he or she can neither apply for a leave of absence nor enroll after the initial absent semester without application for re-admission.

II. Categories of Leaves of Absence
1. **Medical Leaves.** These leaves (including physical and mental health leaves) must be supported by submission of the Treating Healthcare Professional’s Verification of Medical Condition Form. Details of the medical condition or the type of healthcare professional consulted should not be included, only that there is a medical condition that justifies the leave and is supported by a State-certified healthcare professional’s authorization with respect to both the severity of the medical condition and the period of need for a leave, as given by means of the Treating Healthcare Professional’s Verification of Medical Condition Form. A semester of pregnancy, maternity, or paternity leave (beyond the first stop-out semester) is acceptable.

2. **Primary Caregiver Leaves.** In most cases, a healthcare professional’s certification of need for the care must be included by submission of the Treating Healthcare Professional’s Verification of Medical Condition Form, as indicated above.

3. **U.S. Military Deployment Leaves.** For students called to U.S. active duty, leave requests must be supported by a copy of the U.S. military orders. Such leaves may be for as long as five years. They may occur during the first semester of matriculation.

4. **Educational Leaves.** These are leaves in which the student gains some value to his or her educational program by being away from campus. The personal statement must address the educational advantage to be gained, and there must be a clear educational objective for award of the leave. At least one supporting letter from an advisor, mentor, or chair from SJSU as well as the consent of the associate dean of the college is also necessary.

5. **Personal Leaves.**
   a. **Personal Hardship Leave.** This category encompasses a variety of social or financial insecurities, including, but not limited to, financial hardship, temporary job relocation, increased work hours in order to maintain employment, or housing insecurity. A personal statement of understanding is required and must include objectives to resolve the personal insecurity to be able to return successfully to one’s studies.
   b. **International Military Service.** For international students called to active military duty, leave requests must be supported by a copy of the military orders. Such leaves may not exceed four consecutive semesters.

---

**III. Process**

To request a leave of absence, undergraduate and graduate students shall submit a petition to the Registrar’s Office after obtaining the necessary signatures on the petition. A decision shall be made within 30 days, and the student shall be informed, along with reasons in the case of a denial, via email. Other than for a first-semester leave, leaves shall not be granted.
for a current semester. Approval by the Registrar or designee for leaves other than first-
semester, retroactive, and educational leaves shall be awarded when the reason for the
leave is clearly within the parameters of these guidelines and documentation is provided to
substantiate the reason.

For first-semester, retroactive, and educational leaves or in cases in which the Registrar
determines that a university review is needed, the petition shall be forwarded for ultimate
decision to a Leave of Absence Committee consisting of the Vice President of Student
Affairs (or designee), the Associate Dean of Undergraduate Studies, and the Associate
Dean of Graduate Studies, with a majority vote required for approval. Students awarded a
leave of absence may return to active enrollment the semester following the leave without
application for re-admission. These students are guaranteed the right to return to their
department and degree program even if that program has restricted access during the time
of the approved leave, such as by admission caps. The Registrar shall inform the
departments/schools of the award, denial, extension, and duration of leaves within a timely
period.

IV. Leave Durations and Extensions

Fully approved petitions for leaves must be submitted prior to the first semester of the
period requested. Leaves, other than for U.S. military duty, may be requested for a
maximum of four Fall and Spring semesters, typically two semesters at a time, including an
initial stop-out semester. In other words, the initial stop-out semester shall be considered
part of the maximum of four consecutive semesters. Petition submission would then be
required before the start of the semester following the stop-out semester.

Extensions can be requested prior to the first day of classes following the approved leave
by submission of a new leave-of-absence petition. If the request is for a different reason
than the original leave, an explanation and documentation for that reason must be
provided. Exceptions to the maximum of four consecutive semesters shall be rare.

At the end of the leave period, failure to enroll in classes shall result in disenrollment from
the university. Application for re-admission would then become necessary for a return to
matriculated status at the university. An early return from leave must be accompanied by
written notice to the Registrar’s Office in order to activate the student’s enrollment once
again. For students in academic cohorts, restrictions may apply for early returns; see
“Exceptions” below. Students cannot graduate during a leave of absence, so they must
enroll in classes the semester following a leave to complete their programs during those
semesters.

V. Retroactive Leaves of Absence

Retroactive leaves may be granted for up to two semesters after the semester of the
student’s last enrollment, excluding summer and winter sessions. These leaves shall
modify the enrollment status retroactively. After two semesters, the student will be
required to reapply and be subject to current application deadlines.

VI. First-Semester Leaves of Absence
These leaves, which are to be awarded sparingly, are for matriculated students exclusively. Therefore, the student must have been admitted into the university rather than merely applying for admission. Any conditions or provisions imposed on admission status that are still in effect shall carry over to the semester of re-enrollment following the leave.

VII. Course Expiration

Course expiration, as per long-standing SJSU practice, (10 years on undergraduate courses and 7 years on graduate courses) shall remain in effect even for students who have taken leaves of absence. Upon a student’s return, the student’s catalog rights shall pertain to his or her most recent admission date.

VIII. Exceptions

1. Graduate Students in RP Status. Per University Policy S17-5, graduate students who have completed all degree requirements except their thesis, project, comprehensive examination, or other culminating experience must maintain continuous enrollment every Fall and Spring semester until the culminating experience has been completed and approved. During this stage of a graduate student’s career, leaves of absence for any reason beyond medical or U.S. military duty shall be precluded except under rare circumstances, as evaluated and approved by the College of Graduate Studies.

2. International Students. International students are eligible for leaves of absence when authorized by International Student and Scholar Services. Lack of enrollment for any reason other than prevention of the ability to pursue one’s studies by severe medical circumstances shall result in the student having to leave the United States. If the student is able to return from abroad at the expiration of the leave period, he or she shall derive the benefits of having had the formal leave, such as avoiding the readmission process. However, other restrictions, such as in the ability to work within the United States, may be imposed by federal immigration regulations.

3. Cohort Programs. Students who are members of an academic cohort may be restricted by their respective departments or schools in the duration of their leaves. Thus one-semester leaves may not be possible if it is necessary for course enrollment to join a future cohort, which usually would start after one academic year.
Policy Recommendation, Rescind and Replace S05-4, Qualifications for Student Office Holders

Legislative History: On April 4, 2005, the Academic Senate approved S05-4, Academic Qualifications for Student Office Holders. On March 27, 2012, the Chancellor’s Office updated the coded memorandum AA-2012-05, entitled Minimum Qualifications for Student Office Holders, which establishes minimum qualification standards for student office holders.

Whereas: The current policy, S05-4, is outdated and redundant in various areas that specify requirements; and

Whereas: The minimum requirements in S05-4 are inconsistent throughout and are more stringent than those in the AA-2012-05; therefore be it

Resolved: That S05-4 be rescinded and replaced with the following.

1. Authority

1.1. The Chancellor’s Office of California State University (CSU) in a memorandum AA-2012-05 entitled Minimum Qualifications for Student Office Holders, dated March 27, 2012 established minimum qualification standards for student office holders and those seeking office as candidates in elections. These standards state that student office holders have an obligation to demonstrate academic involvement, achievement and progress as set forth in the memorandum. The CSU memorandum delegate to the campus president the authority to define specific terms in the policy and to establish additional requirements for student office holders. This Academic Senate policy provides these definitions and requirements, as well as additional information for interpretation of the policy at San José State University (SJSU).

1.2. These requirements are minimum qualifications. Each agency overseeing the election or appointment process for the positions described in this policy may establish additional requirements.

1.3. Failure to meet any requirement will result in the student being immediately ineligible to continue to hold or assume office.
2. **General Requirements**

2.1. The following general requirements apply to the major student offices as defined in Section 4.1, the minor student offices as defined in Section 5.1.1 and appointees to system wide committees in Section 6.0, including incumbents for all offices.

2.1.1. Must be matriculated at SJSU

2.1.2. Must be in good standing with SJSU

2.1.3. Must not be on probation of any kind, e.g. academic, administrative, or conduct.

2.1.4. Must maintain a cumulative on-campus GPA of at least 2.0 each semester while in office and the semester running for office. Failure to obtain the required GPA by the end of the semester makes the student immediately ineligible to continue to hold office or (in the case of candidates) ineligible to assume office.

2.1.5. Unit Load

Undergraduate students must maintain 6 semester units per term while running or holding office. Graduate and credential student candidates must maintain 3 semester units per term while running and holding office.

2.1.6. Maximum Allowable Units

Undergraduate students are allowed to earn a maximum of 150 semester units or 125 percent of the units required for a specific baccalaureate degree objective, whichever is greater. Graduate and credential students are allowed to earn a maximum of 50 semester units or 167 percent of the units required for the graduate or credential objective, whichever is greater. Students holding more than this number of units will no longer be eligible for office. A double major does not exempt the student from this requirement.

2.1.7. Residency

Undergraduate students must be enrolled at SJSU and have completed at least one semester prior to the election, earning a minimum of 6 semester units during that year. Graduate and credential students must be currently enrolled in a minimum of 3 semester units at SJSU per term to be eligible.

3. **Verification of Eligibility**

3.1. Responsibility for the verification of the eligibility of students as defined in this policy is delegated to the Vice President for Student Affairs or designee, who shall also be responsible for interpreting this policy. Under extraordinary
circumstances, the University President may make an exception to the requirements delineated in this policy.

3.2. It is the responsibility of each agency overseeing the election or appointment process for the positions described in this policy to ensure that the names of candidates, nominees and incumbents are delivered to the Vice President for Student Affairs or designee for verification in a timely fashion. Election to or appointment to the positions in this policy are not valid until the verification process has been completed. The University does not recognize the votes cast by nor the signature authority of student office holders whose eligibility has not been verified or who have been declared ineligible to hold office.

3.3. Students who have been declared ineligible to hold office but who continue to participate as office holders shall be subject to referral to the office of Student Conduct and Ethical Development for disciplinary action.

4. Major Student Offices

4.1. Major student offices include:

4.1.1. Associated Students Board of Directors

4.1.2. Campus representative(s) to the California State Student Association (CSSA)

4.1.3. Members of the Student Union Board of Directors

4.1.4. Members of the Spartan Shops Board of Directors

4.1.5. Members of the University Foundation Board of Directors

4.1.6. Any other student position which may be created or designated by the President as a major student office

5. Minor Student Offices

5.1. Minor student offices include:

5.1.1. Policy committees, operating committees, special agencies and other committees of the Academic Senate

5.1.2. Campus Fee Advisory Committee

5.1.3. University search committees

5.1.4. Presidents and Treasurers of Recognized Student Organizations
5.1.5. Any other student position which may be created or designated by the President as a minor student representative office.

6. Systemwide Committee Appointees

Systemwide committee appointees include all students who serve on regular or ad hoc system wide committees.

Policy Recommendation
Rescind and Replace University Policy F10-1,
The Use and Abuse of Alcohol and Other Drugs

Whereas, the use of, abuse of, intoxication from, and a dependency on alcoholic beverages and other drugs are of concern to the University community, as well as to our society at large; and
Whereas, alcohol and drug abuse remains a serious concern among college students, one that has direct and indirect effects on the health and academic performance of students; and
Whereas, the existing University policy on alcohol, F10-1, is not in alignment with current CSU policies and procedure; and
Whereas, the existing University policy on alcohol, F10-1, does not accurately address the California State University Executive Order 1109: Sales and Advertising of Alcoholic Beverages at University Athletic Facilities; Executive Order 1098: Student Conduct Procedures; Executive Order 1068: Student Organization Code of Conduct; therefore be it
Resolved, That University Policy F10-1 be rescinded and that the attached document be adopted as University policy.

PURPOSE
The purpose of this policy is to delineate University policy concerning alcohol and illegal drugs or substances, provide procedural guidelines, and communicate the consequences of failing to adhere to established policies. The use of alcohol and illegal drugs or substances is inconsistent with the primary mission of the University as an educational institution.

Provision for the purchase, sale, service, and consumption of alcoholic beverages on campus is a privilege accorded to University members with the understanding that they will comply with internal rules, regulations, and relevant legislation (local, state or national). All members of the University community as well as their guests have a responsibility to ensure that alcohol is used in a responsible manner by persons twenty-one (21) years of age or older.

I. EDUCATION
The use or abuse of alcohol, and a dependency on alcoholic beverages and illegal drugs or substances are issues of concern to the University community, as well as to our society at large. To this end, education becomes the responsibility
of the entire campus community, including an individual’s peers and any
organization sponsoring an event where alcoholic beverages are served.

Copies of the University’s Alcohol and Drug Policy will be distributed to all
students and employees on an annual basis in compliance with the Drug Free
Schools and Communities Act.

The Division of Student Affairs has the responsibility to inform new students and
their parents and/or guardians about the University’s Alcohol and Drug Policy,
before and after they arrive on campus. A letter and a policy brochure will be
provided to all new students and their parents and/or guardians informing them of
the campus alcohol and drug policy. This information will be included with
materials for all new student orientation sessions for frosh and transfer students.
All students will receive information about the policy in the class catalog, online
schedule of classes, residential life handbook, University website and/or direct
email/mail. Copies of the University’s Alcohol and Drug Policy are also posted on
the Student Health Center, Student Involvement, and Student Conduct & Ethical
Development websites.

All student organizations must have at least one officer attend an orientation
program provided by Student Involvement during the fall semester in order to
maintain the organization’s recognized status. This orientation program will
inform student organization officers on University policy and procedures, event
planning, non-alcoholic programming, procedures for handling emergencies,
responsible behavior and alcohol usage, and campus and community referrals
and resources.

All advisors to student organizations will be notified about the University’s Alcohol
and Drug Policy. They will be strongly encouraged to attend the fall semester
officers’ orientation program as well as other alcohol education and prevention
programs sponsored by the University.

University Personnel has the responsibility to distribute the policy to all
employees annually.

II. ENFORCEMENT

All SJSU students are accountable to The California Code of Regulations, Title 5,
Section 41301, which establishes behavioral expectations of our students.
California State University’s policies are outlined in the Student Conduct
Procedures (Executive Order 1098) as well as in the Student Organization Code
of Conduct (Executive Order 1068).

The Office of Student Conduct & Ethical Development administers both codes of
conduct. Student organizations, as well as their members, may be held
collectively and/or individually responsible for violations if the misconduct occurs
on University property, on premises used or controlled by the organizations, and/or at University-sponsored activities. The officers or leaders of student organizations may be held collectively and/or individually responsible when such violations are committed by individuals associated with their organization.

a. **Sanctions for individuals may include and are not limited to:**
   - Restitution
   - Loss of Financial Aid
   - Educational and Remedial Sanctions
   - Denial of Access to Campus or Persons
   - Disciplinary Probation
   - Suspension
   - Expulsion

b. **Sanctions for student organizations may include and are not limited to:**
   - Social probation
   - Restitution of any damages that result from the conduct of the violator(s)
   - Report of violation(s) to the national headquarters
   - Required alcohol and/or other drugs education program
   - Loss of University recognition

Individual department or campus organization policies must be in compliance with this University Policy on Alcohol and Drugs and may impose more stringent standards. Examples of these departments and campus organizations include University Housing Services, Student Involvement, and Athletic Programs.

Management personnel at the campus handle alleged infractions of this policy by employees in accordance with the appropriate bargaining unit and other University policies.

**III. INDIVIDUAL CONSUMPTION AND USE**

a. Individuals under the age of twenty-one (21) are not to possess or consume alcohol.

b. Alcoholic beverages may not be sold or consumed in generally accessible open areas on campus that are available to the public. Such areas include the common area of any campus residential community, building, classroom, meeting places, recreational facilities, etc. on campus. This does not apply to those alcoholic beverages possessed during University-sponsored events or purchased from campus food vendors and consumed in designated areas. Exceptions to this apply for the consumption of alcoholic beverages in the parking lots of sporting facilities (tailgating), which is discussed in Section VII.

c. No person will have in their possession any alcoholic beverage which has had the seal broken or the contents partially removed while in any public area on campus. This does not apply to those alcoholic beverages possessed during University-sponsored events or purchased from campus food vendors and
consumed in designated areas. Exceptions to this include the consumption of alcoholic beverages in the parking lots of sporting facilities (tailgating), which is discussed in Section VII.

d. Use, possession, manufacture, or distribution of alcoholic beverages (except as expressly permitted by law and University regulations) or public intoxication while on campus or at a University related activity is prohibited.

e. Use, possession, manufacture or distribution of illegal drugs, or drug-related paraphernalia, (except as expressly permitted by law and University regulations) or the misuse of legal pharmaceutical drugs is prohibited.

IV. UNIVERSITY HOUSING SERVICES

In addition to compliance under Executive Order 1098, the following applies to students residing in University Housing:

Alcohol

California state law prohibits alcoholic beverages from being sold, furnished or given to any person under the age of 21. As such, residents under the age of 21 are not permitted to be in the presence of, possess, or consume alcohol.

a) A resident who is at least 21 years of age and elects to consume alcohol in University Housing may do so only if all those present in the room are over 21 years of age, including all roommates. CVA Residents – this excludes minors who are a resident’s dependents.

b) If at least one resident of a room, suite, or apartment is under 21 years of age, no alcohol is permitted in the common areas of that room, suite, or apartment. Alcohol may only be consumed or stored in the bedroom if all residents in that room are 21 years of age or older.

c) Residents who are 21 years of age or older, may not provide alcohol to persons under 21 years of age at any time.

d) If all residents occupying a room, suite, or apartment are over 21 years of age, alcohol is permitted in the living space.

e) No possession, transportation (in plain view) or consumption of open containers of alcoholic beverages is permitted in building common or public areas by any person, regardless of age.

f) Residents of University Housing may transport unopened alcoholic beverage containers to their apartment or bedroom in a concealed bag.

g) Kegs or other “common source” containers such as party balls or beverage coolers used as mixing units are not permitted in the residence halls.

h) Empty alcohol beverage containers must be disposed of and may not be kept in the room, even as decorations regardless of the age of the residents occupying the unit.

Any alcohol found that violates the SJSU alcohol policy, regardless of the age of the owner, must be disposed of under the supervision of a University Housing staff member.
Residents found in violation of alcohol policies are subject to criminal prosecution as well as University disciplinary proceedings which may be grounds for immediate disciplinary action and/or revocation of the Housing License Agreement.

Residents, whose License Agreement is revoked, will still be responsible for the full amount owed in their Housing License Agreement for the academic year.

These policies exclude minors who are dependents of licensed residents of CVA and are authorized as "additional occupants" by University Housing Services.

Please note that residents found in violation of alcohol policies are subject to judicial action and/or criminal prosecution.

**DRUGS**

The possession, use, distribution, sale, or manufacture of any illegal drugs or other substances is prohibited by law and University policy. **This includes but is not limited to marijuana, which remains illegal for all purposes and uses under federal law (and University policy).** Such drug activities are not permitted and will not be tolerated in UHS facilities. For University Housing student conduct purposes, the smell of marijuana in addition to the presence of other evidence that supports the use of marijuana may be sufficient enough to revoke a resident's License Agreement. Revocation of the License Agreement may also result if the sale or inappropriate usage of prescription drugs is found. Possession of these items may result in revocation of the License Agreement. In these instances, all housing fees are NON-REFUNDABLE.

Please note that residents are subject to criminal prosecution as well as University disciplinary proceedings through the Office of Student Conduct & Ethical Development.

**V. STUDENT ORGANIZATIONS**

a. Student organizations must comply with State laws governing possession, sale, use, or consumption of alcoholic beverages which prohibits the sale or giving of any alcoholic beverage to any person under the age of twenty-one (21).

b. Per California State University Executive Order 1006 Student Activities, all officers are required to complete an Alcohol Education Training offered by Student Involvement.

c. Student organizations sponsoring events are responsible for following the appropriate procedures to prevent underage drinking, including providing alternatives to alcohol.
d. Student organization event sponsors will make every effort to prevent drinking and driving. Designated driver responses, safe ride type activities, or other safety programs at events are recommended.

e. Members cannot permit, tolerate, encourage or participate in “drinking games” including the promoting of massive consumption of alcohol.

f. All membership recruitment functions (e.g., fraternities and sororities, departmental clubs, and special interest groups) will be alcohol free.

g. Alcohol beverages may not be served to any under-aged or obviously intoxicated individual.

h. Use, possession, manufacture or distribution of illegal drugs, or drug-related paraphernalia (except as expressly permitted by law and University regulations) or the misuse of legal pharmaceutical drugs is prohibited.

i. Sponsoring/hosting an activity at which illegal drugs or substances are used is prohibited.

VI. EVENTS

a. Event planners must take responsibility for preventing underage drinking during events sponsored on campus (e.g., socials, parties, concerts, tailgate parties). It is the responsibility of the sponsoring organization and/or University entity in control of the facility being used for an event, to ensure that underage drinking does not occur. This is to be done through the engagement of University police or other approved subcontracted security and their subsequent observations of the designated areas where alcohol is sold, served, or consumed.

b. No re-entry at athletic events, including all events at CEFCU Stadium University facilities or the Event Center where alcohol is being served. There will be no systematic patron re-entry allowed to any ticketed events where alcohol is being served at CEFCU Stadium or the Event Center. However, patron re-entry may be allowed for special circumstances on a case-by-case basis, including evaluation of the person’s behavioral state.

c. All University sponsored events held off campus will comply with this policy.

VII. ATHLETIC EVENTS

CSU Executive Order 1109: Sales and Advertising of Alcoholic Beverages at University Athletic Facilities, permits the sale of alcoholic beverages at any athletic event held in university owned or operated facilities.

It is recognized that tailgating, including the consumption of alcoholic beverages in sporting event parking lots, is a part of the University tradition. University Police and the Athletics Department will work together to set reasonable limits on tailgating including arrangement of an appropriate time for the gates to open before the event. Consumption of alcoholic beverages in the parking lot will not be allowed after the start of the event. All alcohol beverage consumption laws apply and will be enforced at all times. Failure to comply with the laws could result in arrest if one is a minor and removal from the stadium if one is 21 or older.
VIII. ASSESSMENT

The University’s committee on Alcohol and Drug Prevention will establish or ascertain accurate information relative to student alcohol consumption. The reporting systems developed will ensure confidentiality. Policies and programs will be assessed each year using this system and other standard assessment instruments to determine if SJSU is meeting established learning and behavioral outcomes. Coordination of such efforts will be the responsibility of the University’s Committee on Alcohol and Drug Prevention and the Office of Student Conduct and Ethical Development, in consultation with various departments. Student Health, Student Involvement, University Housing, and Student Conduct & Ethical Development will assess and share with the University’s Committee on Alcohol and Drug Prevention any assessments or interventions conducted in this area to ensure student success. At minimum, the assessments will include such characteristics as patterns of student alcohol use; consequences of alcohol use; alcohol-related beliefs and perceptions; protective behaviors; environmental influences; and effectiveness. The University’s Committee on Alcohol and Drug Prevention will regularly report this information to the Academic Senate, University Administrators, faculty, staff, and students in an effort to improve prevention efforts.

Policy Recommendation
Amendment A to University Policy F15-13;
Updating the Board of General Studies (BOGS) Membership,
Charge, and Responsibilities

Legislative History: F15-13 rescinded S96-9 and S02-7 and is our current policy
articulating the membership, charge, and responsibilities for the Board of General
Studies (BOGS).

Whereas, Location of the committee reviewing proposals for GE courses within the
infrastructure of university committees has been reviewed by the
Organization and Government Committee, and

Whereas, The membership and responsibilities of such a committee indicates it is
best situated as an operating committee reporting to the Curriculum and
Research Committee, and

Whereas: This change is consistent with EO 1100, therefore be it
Resolved: That F15-13 be amended as provided in this recommendation, and be it
further
Resolved: That updates to the 2014 General Education Guidelines reflect the
changes documented here.

Rationale: The Board of General Studies (BOGS) is presently constituted as a
committee under the category “other” with no direct reporting responsibilities to the
Curriculum and Research Policy Committee. Neither its membership nor its
responsibilities calls for the board to reside outside the infrastructure of University
committees. With one representative from each of the academic colleges, a student,
and appropriate ex-officio members it can and should be an operating committee
reporting to the Curriculum and Research policy committee. Additionally, WASC
reviewers and an external review of our GE program noted the need for program level
assessment, rather than granular course level assessment. A full review of the
guidelines for General Education, American Institutions, and Graduation Writing
Assessment Requirement is expected in AY 2019-2020. Therefore, changes needed as a result of this proposal can readily be addressed.

Board of General Studies General Education Advisory Committee Membership, Charge, and Responsibilities

1. Board of General Studies General Education Advisory Committee

The General Education Advisory Committee (GEAC) shall be an operating committee reporting to the Curriculum and Research Policy Committee. Executive order 1100 (which superseded EO 1065) provides guidance on a range of issues including implementation and governance pertaining to CSU General Education Breadth Requirements. Specifically, section 6.2.2 3 notes that “each campus shall have a broadly representative GE committee, a majority of which shall be instructional faculty and shall also include student membership. The committee will provide oversight and make recommendations concerning the implementation, conduct, and evaluation of requirements specified in this executive order. As a companion to the GE committee, a campus may choose to establish a GE program assessment committee to conduct the work described in 6.2.5 of this executive order.”

1.1 Charge

BOGS The GEAC receives and solicits courses and curricular proposals designed to satisfy General Education (GE), American Institutions (AI), and Graduation Writing Assessment Requirements (GWAR) requirements from all colleges and departments of the University; provides support to departments seeking to develop GE, AI, or GWAR proposals; reviews, approves, and authorizes new courses and curricular proposals for purposes of GE, AI, and GWAR; and evaluates the courses and curricula proposed it has approved according to procedures described in the 2014 Guidelines. The Board GEAC evaluates modifications requested by degree programs in accordance with the 2014 Guidelines.

1.2 Membership

1.2.1 Election and Appointment of Members

1.2.1.1 The faculty members of the Board shall be elected by the faculty electorate in each college in an election administered by the Dean's office. Each department in a college shall be informed of a pending election and shall nominate one tenured faculty member.

Each non-ex officio faculty member will initially serve a 3-year term renewable for one additional 3-year term. Student members serve a one-year term and can be re-appointed. Recruitment of applicants to serve on the GEAC will be done through the normal Committee on Committees process for the seats designated for a faculty member and student. Each person seeking nomination shall prepare a brief (not more than 100 words) statement summarizing her/his experience and interest in General Education.

When there are multiple applications for a seat, the Executive Committee of the Academic Senate will select individuals to serve. Selection of faculty shall be based on interest, competence, and experience teaching in the General Education curricula. Student appointments should be made on the basis of interest, experience in the General Education curricula, and a scholastic record of academic excellence.

When a seat will be vacant for no more than 1 semester (e.g., sabbatical or leave of absence) an interim appointment can be made following normal Committee on Committee processes. Any seat that will be vacant for a year or more will require a replacement for the remainder of the term associated with that seat.

1.2.1.2 Prior to the departmental nomination, each person seeking nomination shall prepare and circulate to the department faculty a brief (not more than 100 words) statement summarizing her/his experience and objectives in General Education.

1.2.1.5 Faculty shall serve three-year staggered terms. When a full-term vacancy is to be filled, or a vacancy for an unexpired term of more than one year, applications shall be solicited from the college, and an election held as provided above.

1.2.1.6 Vacancies of one year or less shall be filled for the balance of the unexpired term. The college curriculum committee in consultation with the Dean shall select a member to fill the vacancy. Consideration shall be given to, among others, those who applied for the last vacancy for which college-wide solicitation was required.

1.2.1.7 A faculty member of the Board may be granted a leave for one semester. A one-semester interim appointment may then be made as provided in 1.2.1.6.

1.2.1.8 If a college is unable to elect a faculty member to the Board, then the position will be filled for one year by the college curriculum committee in consultation with the Dean.

1.2.1.9 Student appointments should be made on the basis of interest, experience in the General Education curricula, and a scholastic record of academic excellence. Student members of the Board shall be appointed by the Provost in consultation with the elected members of the Executive Committee and the Associated Students President.

1.2.1.10 Student appointees shall serve one-year terms and may seek independent study credit by working with the Chair of BOGS.

1.2.2 The Chair shall be a faculty member with at least one year of service on the Board. College faculty representatives through a vote will select the chair from among those with continuing appointments before the end of the spring semester for the
subsequent year. The chair will be a faculty member from the committee, with at least
one year of service, appointed by the Provost in consultation with the Senate Executive
Committee.

1.2.3 Ex officio members will be non-voting members with the exception that in the case
of ties, the AVP or his/her designee to the committee may vote.

1.2.4 If a member is absent from three regularly scheduled committee meetings in an
academic year the chair of the GEAC BOGS may request that the Associate Vice Chair
of the Senate initiate action leading to the election appointment of a new member. If a
member repeatedly does not perform assigned committee duties, the chair of the GEAC
BOGS may request that the Associate Vice Chair of the Senate initiate action leading to
the appointment election of a new member.

1.3 2.0 Responsibilities of the General Education Advisory Committee Board of General
Studies

1.3. The GEAC Board shall report to the Curriculum and Research Policy Committee
Provost and Vice President for Academic Affairs.

2.1 1.3.2 Members are expected to know the current Guidelines for GE, AI, and GWAR.

2.2 1.3.3 The GEAC Board shall actively solicit courses and curricular proposals
designed to satisfy General Education requirements from all colleges and departments
of the University, shall review, and where appropriate approve new courses and
curricular proposals for purposes of General Education, and shall evaluate existing GE,
AI, and GWAR courses and curricula.

2.3 1.3.4 The committee Board, in consultation with the appropriate college deans and
department chairpersons, shall provide for and approve recommend to Curriculum and
Research Committee modifications to requirements requested by degree programs in
accordance with the 2014 Guidelines.

2.4 1.3.5 Policy proposals affecting General Education curricula shall be brought to the
Academic Senate by the Curriculum and Research Committee. The Organization and
Government Committee shall present policy proposals relating to charge, membership,
and responsibilities of the GEAC BOGS.

2.5 1.3.6 Annually, early in Fall Semester, the Board GEAC chair will provide for the
Senate (through Curriculum and Research Committee) a written report on its activities
for the preceding academic year.

2.6 1.3.7 In accordance with the 2014 Guidelines, BOGS is responsible for the
assessment and continuing certification of GE, AI, and GWAR courses. In collaboration
with the Director for Assessment, and any other entity charged with assessment of the
General Education Program overall, GEAC, as needed, will be consulted regarding plans for assessment of the GE program as expressed in EO 1100 section 6.2.5.

2.7 The GEAC is encouraged to liaise with the CSU GE Advisory Council to facilitate communication.

3.0 4.4 Procedures

3.1 4.4.1 Meetings of the Board committee shall be open to the campus community, except in cases where the GEAC BOGS elects to conduct votes in closed session.

3.2 4.4.2 Departmental representatives (normally course coordinators and chairs/directors) shall be invited in a timely manner by the GEAC BOGS to attend, as needed, Board meetings at which their course(s) will be discussed. No vote to reject a proposal shall be taken until departmental representatives have been invited to a discussion of their proposal.

3.3 4.4.3 At the committee’s Board’s discretion, discipline-specific faculty will be invited to participate in discussions concerning proposals when the GEAC board determines additional expertise is needed.

3.4 4.4.4 The GEAC Board may appoint ad hoc General Education Review Panels (GRP) Advisory Panels (GEAPs). Each GRP shall be focused on a specific curricular requirement or set of requirements that is under the purview of the GEAC Board. The creation of GRPs shall be at the discretion of the committee Board, except for the American Institutions GRP which is required. A GRP may be an ad hoc group constituted for the short duration needed to review and subsequently advise the GEAC Board on specific proposals, pertaining to certification or continuing certification.

3.4.1 4.4.4.1 Purpose. A GRP shall provide the GEAC Board with advice drawn from disciplinary expertise and may assist the committee Board with the workload associated with reviewing and assessing courses associated with a particular curricular requirement.

3.4.2 4.4.4.2 Membership. The membership of Review Advisory Panels shall be determined by the Board GEAC but shall be no less than three persons, and shall consist of individuals with subject-matter expertise and teaching experience relevant to the particular curricular requirement. The GEAC chair will work with the Associate Vice Chair of the Senate to organize outreach to constitute a GRP.

3.4.3 4.4.4.3 American Institutions. The American Institutions GRP shall include, at a minimum, a representative with a doctorate in Political Science who specializes in American and California Government, a representative with a doctorate in History who specializes in United States History, and a representative who has taught American Institutions requirements in an
interdisciplinary context outside of the Political Science and History departments. The AI review panel may advise the GEAC Board on the GE content of curricular proposals that seek to meet both AI and GE requirements, and it will advise the GEAC Board on the AI content of all curricular proposals that seek to meet AI requirements. The GEAC Board will strongly consider the panel's advice. In the event that the GEAC Board rules differently than the AI panel, the GEAC board will provide the rationale for its ruling and members of the review panel may appeal the ruling to the Curriculum and Research Committee for a final decision.

3.4.4 If the GEAC Board proposes to reject denies certification of a new course, it shall provide the course coordinator with written feedback, explaining the reasons for a recommendation not to approve. If the Board recommends to the Curriculum and Research (C&R) Committee that a course be decertified, it shall provide C&R and the course coordinator with written feedback explaining the reasons for the recommended decertification. For both new and continuing certification, The GEAC Board may not raise in subsequent proceedings on the same course additional objections, except those that apply to new materials submitted.

3.4.5 If the GEAC Board proposes guidelines regarding criteria for certification or continuing certification in addition to those prescribed by University policy, these guidelines shall be submitted to the Curriculum and Research Committee for policy review and will subsequently be made available to all course coordinators.

3.4.6 The GEAC Board may make additional rules for the conduct of its proceedings, but they must be consistent with University policy.

4.0 Assessment of General Education Program

4.1 The GEAC will be consulted as GE program-level learning outcomes and procedures for assessment are developed or modified.

4.2 GE courses will be periodically reviewed through the program planning process in the same manner as courses in the major. While the GEAC is not directly involved in this review, the Program Planning committee can seek the advice of the GEAC where concerns are raised in the program planning review process.

5.0 Subsequent Review of Guidelines

5.1 The Academic Senate, in AY 2019-2020, should direct the GEAC Board of General Studies to conduct the next full review of the Guidelines for GE, AI, and GWAR.

5.2 The GEAC is encouraged to take into consideration the feedback from WASC, the program plan, and the external reviewer’s report.
Policy Recommendation

Amendment A to University Policy S14-9

Guidelines for Concentrations

Whereas: Executive Order 1071 indicates that “an option, concentration, or special emphasis (or similar subprogram) must constitute less than one half of the units required in the major program”, and

Whereas: An FAQ was created for EO1071 that clarifies some of the language in the EO, and

Whereas: University policy S14-9 stipulates that concentrations at both the undergraduate and graduate level “must have at least 30% similarity”; therefore, be it

Resolved: That the following amendment be adopted to replace Section I.A, I.B, and IV.B to bring university policy S14-9 into compliance with EO1071.

Workload Impact: A temporary increase in workload at department, college, and university level for curriculum committees, chairs, associate deans and Undergraduate Studies office staff as programs become compliant.

Financial Impact: None anticipated
I. Curricula Requirements for Concentrations

I. Curricula Requirements

A. Undergraduate Degrees

1. Concentrations within a degree program must have at least 30% similarity in the preparation for the major among the base major and all concentrations in the degree program.

2. Concentrations within a degree program must have at least 30% similarity in the core courses among the base major and all concentrations in the degree program.

3. Concentrations within a degree program must have at least 30% similarity in the major’s courses among the base major and all concentrations in the degree program.

4. At least 10% of the units for the degree must be a unique set of requirements for that concentration.

   1. Options, Concentrations, Special emphasis or other similar subprogram represent less than 50 percent of the major requirements within a degree program. Major requirements may include preparation for the major.

B. Graduate Degrees

1. Concentrations within a degree program must have at least 30% similarity in core coursework requirements for the master’s degree among the base major and all concentrations within the degree, not including culminating experience (project, portfolio, or 299) units.

   1. Options, Concentrations, Special emphasis or other similar subprogram represent less than 50 percent of the major requirements within a degree program.

IV. Existing Concentrations

A. The Office of Undergraduate Studies and Graduate Studies & Research College of Graduate Studies will evaluate existing concentrations (those approved in Spring 2014 or earlier) to determine whether they conform with the curricular requirements of Section I.
B. For existing concentrations that fail to conform with the curricular requirements of Section I, the college curriculum committee and Dean must inform the Offices of Undergraduate Studies or Graduate Studies & Research by the end of the Fall 2016 semester whether they approve of the existing concentrations being “grandfathered” in. If the college curriculum committee and Dean do not approve the concentration, it will be discontinued.

B. For existing options, concentrations, special emphasis or other similar subprogram that fail to conform with the curricular requirements of Section I, they will become compliant by the start of their next program review process.
POLICY RECOMMENDATION

Blended Bachelor’s and Master’s Programs

Whereas: Coded Memorandum AA-2012-01 specifies the minimum requirements for establishing a “blended degree model”, and

Whereas: No current university policy exists to guide the development of a blended bachelor’s degree to master’s degree program at San José State University, and

Whereas: The blending of bachelor’s and master’s degrees would support students in the pursuit of advanced degrees in the same or different fields, and

Whereas: Adopting this model may streamline students’ pathway to completing the master’s degree program, and

Whereas: Title 5 requires completion of a minimum of 120 units for a bachelor’s degree and a minimum of 30 units for a master’s degree, and

Whereas: The decision to offer a blended bachelor’s and master’s degree would be exclusively the decision of the department/school faculty with curricular approval following normal SJSU processes; therefore, be it

Resolved: That programs interested in establishing a blended bachelor’s to master’s degree be allowed to offer the blended program as described in this policy.

Approved: 03/18/2019

Vote: 9-0-1

Present: Thalia Anagnos, Marc d’Alarcao, David Emmert, Cynthia Fernandez-Rios, Susana Khavul, Cara Maffini, Winifred Schultz-Krohn Pam Stacks, Lynne Trulio, Brandon White

Absent: Anand Ramasubramanian, Gwendolyn Mok

Workload Impact: A temporary increase in workload at department, college, and university level for curriculum committees, chairs, associate deans, Undergraduate Studies staff and College of Graduate Studies staff
as programs develop curriculum and application processes for blended degree programs.

A significant increase in workload is anticipated for GAPE, registrar's office, and financial aid staff members to develop business processes and PeopleSoft applications for tracking and implementation.

Financial Impact: None anticipated
I. Academic Objectives of a Blended Bachelor's and Master's Program

1. To provide an accelerated route to a graduate professional degree, with simultaneous award of both bachelor's and master's degrees.
2. To enhance the undergraduate learning experience.
3. To provide a seamless process whereby students (first time freshman or transfer) can progress from undergraduate to graduate status without having to apply through the Admissions Office.
4. To enable a senior project capstone experience to be integrated with a graduate thesis/project.

II. Establishment of a Blended Bachelor's and Master's Program

Academic units that choose to establish a blended program must follow the normal curricular review process. A blended program must meet the following minimum criteria:

1. Title 5 requires the completion of a minimum of 120 units for a Bachelor's degree and a minimum of 30 units for a Master's degree. Thus, a minimum of 150 units are required for a blended program. In a given situation where a Master's degree exceeds 30 units, the curriculum could be designed such that the excess units would be absorbed into the undergraduate portion of the blended program as "blended" units. The blended policy, therefore, differs from university policy S89-2 on graduate credit for undergraduates, which permits students to take as many as 6 units of graduate work in their last undergraduate semester and apply those units (via petition, and only if those units are not counted towards undergraduate requirements) to a subsequent graduate program.
2. Academic units may only implement programs blending existing bachelor's and master's degree programs in the same support mode (e.g. all self-support or all stateside-support).
3. Curricula for the blended bachelor's and master's programs must adhere to existing campus curriculum policies for both bachelor's and master's degrees.
4. The College of Graduate Studies, Undergraduate Studies and the Registrar shall develop guidelines and processes for administration of the blended degrees.

III. Admission to the Blended Bachelor's and Master's Program

1. Individual programs will develop the criteria for admission as well as the degree roadmap for completion of the blended degree programs.
2. The process for applying to the blended program will be internal to the university.
3. To apply to the program, the student must successfully have completed a minimum of 60 undergraduate degree applicable units (including all lower division units) and not exceed a maximum of 120 undergraduate degree applicable units. Departments may require more than 60 undergraduate degree applicable units before students may apply to the blended degree program.

4. The blended bachelor’s and master’s program must include blended units. Blended units are graduate-level courses required for the master’s degree which students in a blended program may take while in undergraduate status.

IV. Change to Graduate Status in the Blended Program

1. Students in the blended Bachelor’s and Master’s program do not apply for the graduate program through Cal State Apply. As noted above in Section III.2, students will apply internally to the university to the blended degree program.

2. A minimum of 2.5 GPA in the last 60 semester units attempted is required. Once admitted to graduate standing, students must maintain an overall 3.0 GPA or better in courses that appear on the Formal Study Plan and adhere to all graduate policies and procedures.

3. Completion of the undergraduate Graduation Writing Assessment Requirement (GWAR) is required before a student can transition to graduate status.

4. A student must complete 120 degree-applicable units (undergraduate or graduate).

5. All lower division undergraduate coursework shall be completed prior to approval of graduate status.

6. The registrar’s office in consultation with College of Graduate Studies shall develop processes for transitioning students from undergraduate to graduate status.

V. Award of Degrees

1. The student applies to graduate for the bachelor’s degree the semester before the student will complete the bachelor’s degree requirements. Upon evaluation of the bachelor’s degree requirements, if the student has satisfied all requirements for the bachelor’s degree, the degree will be awarded.

2. If a student admitted into a blended program opts out of, or fails to complete, the master’s degree portion of the program, graduate level coursework already counted towards completion of the undergraduate degree may not be used towards the completion of a subsequent master’s degree, even if admitted for a future term.
