2/13
3/13
4/10
5/8

Carlos will take notes at all meetings he can attend. Carlos will not be attending 11/14

V. Approval of Minutes from 5/9
Minutes approved

VI. Priority Registration Changes – Update (Susan)

a. Last year changes where made in priority registrations.

b. SUSAN – main changes

1. Some groups that get priority no matter what – the main change is that those groups no longer need that.

2. New groups applying for priority will get shorter time periods before they have to be reevaluated.

3. Those in group B have to have a regular scheduled meeting or practices that is during prime time.

4. Changes in effect for fall 15

VII. Unfinished Business

a. Review of department roadmaps

1. Roadmaps are how you major and the path for completing degree.

2. All should check to see if our colleges/departments have those road maps.
3. Should be labeled 4 year road map – check out chemistry/biology for examples of good ones.

VIII. Supplemental Course Criteria
   a. Discussion
   b. Suggestion that we should advocate for these changes because they will relieve impaction.
   c. Will ensure that students can engage in upper division courses and complete degree in timely manners
   d. For Fall 2016

IX. New Business
   a. Proposal for mandatory academic advising
      1. Mandatory advising at 30/60/90 units for students with 2.0 or 2.5 GPA.
      2. This was requested previously for all students but shut down for workload issues.
      3. Some value for students with low GPAs who are in ghost majors but don't have the ability to be successful in the major they are hoping to be a part of. This allows for the redirection of students.
      4. Across campus advising practices are inconsistent and this creates a problem for mandatory advising.
      5. Student success centers alleviate this demand for advising
      6. Mandatory group advising might help with workload issues
   b. Determine what classes are roadblocks in each college because of fail rates or availability? Work with deans/chairs to find solutions.
      1. Will work on this going forward.
      2. Departments are probably aware of this.
      3. How can SSC work with departments to address that?
   c. Training for Faculty Advisors
      1. Should we have it?
      2. Maureen runs Faculty Advising Training through SASS. Her past sessions have been successful. The next session will be in January.
         i. Training is not department specific takes a more broad/theoretical approach.
         ii. Also focuses on resources available at SJSU
      3. Interest in a subcommittee aimed at consolidating advising training services.

X. Other Business for the year
   a. Going around the group to discuss concerns
      1. Susan –
         i. Building Statway as an alternative to some math requirements.
         ii. Looked at pass rates for students coming out of remediation and they out preformed other students.
iii. Update list of approved remediation classes for departments

2. Maureen
   i. Find roadblocks to students moving forward and then possible to address those issues
   ii. From a college and department perspective what can be done at the university level to assist in those issues
   iii. Contact ??
   iv. It was suggested that making lists by College identifying the problematic classes and other roadblocks to student success would be useful.
   v.

3. Toby
   i. Dorms and addressing issues there

4. Cathy
   i. Speaking on housing
      1. Recovered well
      2. Training, hired another director
      3. More mental health issues
      4. Building CV2 which will allow for more administration
   ii. New student union
      1. Sees an increase in student engagement – student union
      2. Outside of the classroom experience
   iii. New student rec center coming
      1. More space
      2. More programing
      3. Field on top of the new rec center
I. Announcements
   a. December meeting will be held 12/5
   b. Website updates

II. Approval of Minutes from 9/12

III. Priority Registration Policy – Update
   a. Approved by AS
   b. Possible issues
      i. Priority Registration Totals – added
      ii. Practice of assigning registration using a rotating alphabetical schedule
      iii. Humanities 177 A&B- Possible revision to policy

IV. Unfinished Business
   a. Four-year roadmaps by department
   b. Roadblocks by department because of fail rates or availability? Work with deans/chairs to find solutions.

V. New Business
   a. SSC – official charge of the committee
   b. Strategies to more holistically address this charge.
   c. Possible referrals
   d. STRETCH 1A -- potential
Student Success Committee  
Minutes November 14, 2014

Present:
Cathy Busalacci, Adrienne Eastwood, Gisela Gray-Peoples, Colleen Johnson, Cindy Kato, Karla Larson, Steve Branz for Susan McClory, Maureen Scharberg, Julio Soto, Rob Vitale

Meeting was called to order at: 9:12 AM

Minutes from the previous meeting (09/12/14) were approved as written.

I Priority Registration Policy – Update and Possible Issues
The Advance Registration and Priority Registration policy was approved on 10/20/14.

When the Academic Senate reviewed this policy, they added under 3.0 Implementation section 3.1 “It is the intention that no more than 10% of the FTES of SJSU be available for priority registration under the policy” and 3.5 An increase of more than 10% will require a statement of justification submitted to the Student Success Committee by the coordinator of the approved group. Committee discussed how best to implement this and Cindy Kato will ask Dora Ozawa to obtain the current numbers of graduate and undergraduate students using priority registration to give us a baseline total number.

Currently, the priority registration appointment times are assigned per rotating alpha groups for Categories A, B, C and D. Every 20 minutes 80-100 appointments are allocated between the hours of 7:00 AM to 7:00 PM excluding weekends and holidays.

Professor Cynthia Rostankowski from Humanities has requested review of HUM 177A/177B under Category C for priority registration. Dr. Steve Branz stated Category C was intended for the lower-division core GE as these students will typically have later registration dates. And usually, Area Z is overlapped with a major requirement and this would cause HUM 177A/177B to cover only three areas of SJSU Studies. Adrienne Eastwood will contact Professor Rostankowski.

II Unfinished Business
Major roadmaps are essential tools for academic advisors and students. Most department roadmaps/major requirements are available on the Advising Hub website which the Committee agreed would be the best place to house major roadmaps. The Advising Hub website needs to be updated to include these majors: African American Studies, Anthropology, Behavioral Sci, Communication St, Economics, Environmental St, Geography, Global St, History, Mexican American St, Political Sci, Chemistry, Geology, Journalism, Social Work, Creative Arts, English, Foreign Languages, Humanities, Liberal St, Linguistics, Music, Radio-TV-Film, Religious St, Theatre Arts, Industrial St
Adrienne plans to email Committee members to check roadmap information on Advising Hub. Hopefully, anticipated updates will be made prior to WASC review in April 2015. Any problems/issues, please email Maureen Scharberg.

Defining major roadmaps will highlight problem areas (roadblocks) of department resources and semester course scheduling. One suggestion is to make the 100W course a pre-requisite for other upper division major requirements and enforcing this would allow more students to take the 100W in the beginning of their degree requirements instead of waiting until the end.

Major departments could look at their senior lists for possible mandatory advising and identification of high-unit seniors to facilitate semester course scheduling. Mandatory advising could be held in small groups instead of individually. Using the MySJSU messaging system will allow the department to verify date and time the student received the message.

III New Business
We agreed to keep the Student Success Committee’s charge/mission in a holistic direction.

Lisa Oliver, Educational Leadership, will be invited to attend future meetings to gather information for research towards a project regarding students’ experience.

For Fall 2015 incoming Freshmen will take a placement test to see whether they are prepared to take ENGL 1A in one or two semesters.

IV. Next Meeting

   ii. Maureen will look into CoS
   iii. Adrienne will look into Humanities

c. Gisela mentioned the opening of H&A Student Success Center

V. New Business
a. Susan – Concern with conditional exemptions:
   i. Issue is with entering students who are conditionally exempt in English and math.
   ii. The problem arises when students do not complete required courses in high school. If the classes are not passed then they have to take remedial courses - or they can take E(nglish)P(lacement)T(est) E(ntry)L(evel)M(ath) placement exams. But these courses are not/can not be required of students.
   iii. The problem that arises has to do with placement of students and the scheduling of remedial classes.

b. Ashlei – student attendance policy. Asking for a more comprehensive policy.

c. Sharon – Hearings to be held regarding certain courses being given priority for certain impacted programs. Hearing at SJSU will be on 02/26 -3-5 Student Union Theater and 03/03 6:30-8:30 in Engineering
