Course Description

Welcome to Introduction to Sociology! Sociology is the study of human social life, social change, and the social causes and consequences of human behavior. Sociologists investigate the structure of groups, organizations, and societies, and how people interact within these contexts. This course is designed to introduce students to the basic concepts, theories, and methods of sociology.

Through readings and online activities (discussions, films, and exercises), we will explore the various aspects of human life with which sociologists are concerned. At the end of the course you will have a greater understanding of what it means to “think sociologically” about human behavior and a variety of social issues.

GE Learning Outcomes for CORE GE Area D1

After completion of this course the student should be able to:

- Place contemporary developments in cultural, historical, environmental, and spatial contexts. [GE]
  --Activities designed to assist you in meeting this objective:
  1. Readings and REVEL activities in Chapters 1, 2, 3, 14, 17, and 22
  2. Online activities #1, #3, #4, #7, and #12

- Identify the dynamics of ethnic, cultural, gender/sexual, age-based, class, regional, national, transnational, and global identities and the similarities, differences, linkages, and interactions between them. [GE]
  --Activities designed to assist you in meeting this objective:
  1. Readings and REVEL activities in Chapters 3, 4, 10, 11, and 12
  2. Online activities #4, #5, #8, #9, #10
• Evaluate social science information, draw on different points of view, and formulate applications appropriate to contemporary social issues. [GE]
  --Activities designed to assist you in meeting this objective:
  1. Readings and REVEL activities in Chapter 2
  2. Online activities #2
  3. Paper assignment (Journal article review)

• To recognize the interaction of social institutions, culture, and environment with the behavior of individuals. [GE]
  --Activities designed to assist you in meeting this objective:
  1. Readings and REVEL activities in Chapters 1, 2, 3, 4, 8, and 16
  2. Online activities #1, #3, #4, #5, #6, and #11

Course Objectives for Introduction to Sociology:
• Identify, explain, and apply the major theoretical positions in sociology (I.e. Conflict, Functionalist, Symbolic Interactionist, and Feminist).
• Explain and appropriately apply key sociological concepts.
• Describe and explain the basic dimensions of social inequality and social change in contemporary society.
• Use your sociological imagination to analyze your own perspective on the social world and explain how you came to possess this outlook.

Required Materials
The central item that you need to purchase for the course is access to an online learning environment called REVEL by Pearson's Publishing Company. Once you have purchased this, you automatically have access to a digital copy of the course textbook (Sociology: A Down-to-Earth Approach, 12th edition, by James Henslin.) Access to REVEL may be purchased one of two ways:

1. Via the campus bookstore. At the bookstore you may purchase the online access code to REVEL bundled with a looseleaf print copy of the text. (ISBN: 9780133965483)

OR

2. Via the REVEL website. You will receive a link to the REVEL website (it will be posted on the Canvas website) and there will be a place where you can purchase the online access code here. You can also purchase a looseleaf print copy of the text that will be delivered to you by mail.

Course Websites
Because this is an online course, you will need regular access to a computer and reliable internet access. This course will utilize two separate web-based learning management systems:

1. Canvas
   The course will be delivered via Canvas, the university’s Learning Management System.
Here you will find the central course homepage. Because all communication will take place through Canvas, you should plan on checking your account regularly. I encourage you to take advantage of the various notification systems offered through Canvas (apps, texting, email-linking, etc.) so that you can receive all important class communication in a timely manner.

You can log into the site here: Information about how to find your Canvas username, how to log into your account, and how to use Canvas can be found here:
http://www.sjsu.edu/at/ec/canvas/ and
http://www.sjsu.edu/at/ec/canvas/student_resources/index.html

If you encounter problems with Canvas and need help with technical support issues, (i.e. password reset, browser problems, etc.), you will need to contact the Informational Technology (IT) Help Desk. Their phone number is (408) 924-2377 and their email address is: ecampus@sjsu.edu. You may also visit the websites listed above.

2. Pearson REVEL
This is the website that provides a digital version of the textbook and supporting materials (videos, various activities, quizzes, practice exams, etc.). After you purchase and/or register your textbook access code, the website will then direct you to create and your password and login information. More information about this is located here:

Information and Recommendations for using REVEL:

a. **How REVEL Counts Toward Your Overall Course Grade:** Your REVEL assignments and quizzes will be worth 20% of your overall course grade.

b. **Combining REVEL Grades into your Course Grade:** Please note that your REVEL cumulative score will only be added to the rest of your course grades at the end of the term.

c. **The Scheduling of REVEL Assignments:** Please note that although most REVEL assignments have been accounted for in the course schedule, you may be assigned additional REVEL assignments as appropriate.

d. **Module vs. Chapter Quizzes:** There are two types of quizzes in REVEL: Module quizzes (which are shorter quizzes that cover various sections of each chapter) and Chapter quizzes (which are longer quizzes that cover the entire chapter).

e. **REVEL Quiz Performance:** You are allowed multiple attempts on each question. Each guess will reduce your score by 1 point if not correct. In other words, it’s best to have REVEL open in 2 browsers (Chrome to take the quiz, and FireFox to view the eText) so you can have the quiz in one and the eText in the other for quick reference and study between attempts.

f. **REVEL Scores:** Please note that on your Performance Dashboard, the outer view shows your score compared to all possible points, so that view will progressivly show your score moving up throughout the semester (your target is to hit 100% by the end of the semester). Your actual score according to the REVEL course calendar is on the interior view (compared to the class average at that point in the term).
REVEL Trouble Shooting:

a. It is recommended that you use primarily Chrome for accessing REVEL. Other browsers that work well with the REVEL program include FireFox and Safari. We do not recommend Internet Explorer.

b. If you still have a tech support issue, go to the REVEL page at www.pearsonhighered.com/revel under students/support

If you need tech support, we need you to follow these steps in order to resolve your issue within 24 hours:

Submit your Incident to Tech Support (247pearsoned.custhelp.com) and they will follow up with you. Please note that you are using REVEL via Canvas and let tech support know when you file your incident. Please follow these steps:

- Go to the chat button and initiate your help session. Please retain your Incident Number in case you need further follow up.
- If you need further help, you can call into our tech support for further assistance with the same Incident Number: (855) 875-1801
- If you still need further assistance, please send your Incident Number to your local rep who can be found at www.pearsonhighered.com then click on “Find Your Rep”.

IMPORTANT: We need to have an Incident Number in order to help you regardless of the method you choose.

Class Protocol
To be successful in this online class, you will need to do the following things:

1. Learn how to access and use the two online systems utilized in the course (Canvas and REVEL). Given that this class is web-based, I am assuming that each student enrolled is fairly confident utilizing technology (or at least willing to learn!). You are responsible for becoming familiar with the online systems used in the course and for resolving any computer issues and/or problems that you might have accessing and/or using any of the course materials.

2. Understand that a web-based course such as this requires a fair amount of self-direction and independence. You are responsible for accessing and understanding the course materials and completing the assignments. This course is not less work than a traditional course; in fact, due to the limited in-class contact that we will have, success in this course requires perhaps a higher commitment to following through with readings and assignments than does a traditional course.

3. Complete assignments in a thoughtful and timely manner. The activities and assignments for this course are designed to help you better learn and understand the course material. I encourage you to put the time and energy into your work that is necessary for you to produce something that you can be proud of. Having computer problems is NOT a valid excuse for not completing your work. Thus, make sure that you
do not wait until the last minute to access materials, complete online assignments, etc. in case you encounter any technological issues. See below for the course late-work policy.

Almost every week there be will various required and recommended supplemental online activities that you should complete in order to facilitate your understanding of course concepts and material.

4. **Keep in touch with me if you are struggling or having problems.** If you are having ongoing personal or academic problems impacting your success in the class, I request that you let me know as soon as possible. You cannot “disappear” for weeks and expect that you will be able to make up everything that you have missed. I do not give incompletes except for in cases of extreme emergencies, and even then a student must have completed at least a majority of the course work.

The best way to reach me is via Canvas, as I check my email account there every weekday. Due to my workload I am unable to respond to every email that students send me. Thus, I do not respond to emails that request information easily found on the syllabus and/or the CANVAS site (such as: When is the exam? What are we doing next class? When are your office hours?) If you have a legitimate question or concern than I will try my best to respond to your email within 24 hours (excluding weekends).

**Missed Exam Policies**

I only allow students to make up exams in cases of extreme emergencies. If you cannot take an exam during the scheduled time, you need to let me know as soon as possible prior to the exam. I reserve the right to request documentation in order to allow you to make up the exam.

**Course Learning Assessments**

The assignments in this course are designed to enhance analysis and understanding of course material. Your final grade in this class will be based on the following:

1. **Revel quizzes**

   Every week when you read a new chapter, there are "Module" Quizzes over each section of the chapter for that week. These are taken via REVEL and are due every Wednesday. There are also quizzes over the entire chapter that are due the week before an exam. They are to be used as an exam review. These "Chapter" quizzes are not accessible until the week before the exam.

2. **Online Canvas assignments**

   On most weeks you will need to complete an online assignment (see the schedule for the due dates). There are 12 online assignments and 10 will count to your final grade (which means you can miss or drop two assignments). They are worth 4 points each. (Late activities will NOT be given any credit—there are absolutely no exceptions to this). Online assignments will be posted and submitted via Canvas.

3. **Paper**

   There will be one paper in the course that will be approximately 4-6 pages (1500 words). You will receive specific details about this paper at a later date.
4. Exams
There will be three exams (including the final exam). Each exam will consist of multiple choice, true-false, matching, and short answer questions. All exams will be taken online via Canvas. Information about online test taking will be provided at a later date. The final exam will include some cumulative assessment.

The breakdown of your final grade looks like this:

<table>
<thead>
<tr>
<th>Component</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>REVEL Quizzes and Assignments</td>
<td>20%</td>
</tr>
<tr>
<td>Online Canvas Assignments</td>
<td>15%</td>
</tr>
<tr>
<td>Paper</td>
<td>15%</td>
</tr>
<tr>
<td>Exam #1</td>
<td>15%</td>
</tr>
<tr>
<td>Exam #2</td>
<td>15%</td>
</tr>
<tr>
<td>Exam #3</td>
<td>20%</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>100%</strong></td>
</tr>
</tbody>
</table>

Final letter grades for the course will be assigned based on the following scale:

- A   = 93 – 100%
- B   = 83 – 87%
- C   = 73 – 77%
- D   = 63 – 67%
- A-  = 90 – 92%
- B-  = 80 – 82%
- C-  = 70 – 72%
- D-  = 60 – 62%
- B+  = 88 – 89%
- C+  = 78 – 79%
- D+  = 68 – 69%
- F   = 59% or less

University Policies

General Expectations, Rights and Responsibilities of the Student

As members of the academic community, students accept both the rights and responsibilities incumbent upon all members of the institution. Students are encouraged to familiarize themselves with SJSU’s policies and practices pertaining to the procedures to follow if and when questions or concerns about a class arises. See University Policy S90–5 at http://www.sjsu.edu/senate/docs/S90-5.pdf. More detailed information on a variety of related topics is available in the SJSU catalog, at http://info.sjsu.edu/web-dbgen/narr/catalog/rec-12234.12506.html. In general, it is recommended that students begin by seeking clarification or discussing concerns with their instructor. If such conversation is not possible, or if it does not serve to address the issue, it is recommended that the student contact the Department Chair as a next step.

Course Requirements by Credit Hour

Success in this course is based on the requirement that students will spend, for each hour of credit, a minimum of 45-hours over the length of the course (normally 3 hours per unit per week with one of the hours used for lecture) for instruction or preparation/studying or course related
activities including but not limited to internships, lab, clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus.

Dropping and Adding

Students are responsible for understanding the policies and procedures about add/drop, grade forgiveness, etc. Refer to the current semester’s Catalog Policies section at http://info.sjsu.edu/static/catalog/policies.html. Add/drop deadlines can be found on the current academic year calendars document on the Academic Calendars webpage at http://www.sjsu.edu/provost/services/academic_calendars/. The Late Drop Policy is available at http://www.sjsu.edu/aars/policies/latedrops/policy/. Students should be aware of the current deadlines and penalties for dropping classes.

Information about the latest changes and news is available at Advising Hub at http://www.sjsu.edu/advising/.

Academic integrity

Your commitment, as a student, to learning is evidenced by your enrollment at San Jose State University. The University Academic Integrity Policy S07-2 at http://www.sjsu.edu/senate/docs/S07-2.pdf requires you to be honest in all your academic course work. Faculty members are required to report all infractions to the office of Student Conduct and Ethical Development. The Student Conduct and Ethical Development website is available at http://www.sjsu.edu/studentconduct/.

Campus Policy in Compliance with the American Disabilities Act

If you need course adaptations or accommodations because of a disability, or if you need to make special arrangements in case the building must be evacuated, please make an appointment with me as soon as possible, or see me during office hours. Presidential Directive 97-03 at http://www.sjsu.edu/president/docs/directives/PD_1997-03.pdf requires that students with disabilities requesting accommodations must register with the Accessible Education Center (AEC) at http://www.sjsu.edu/aec to establish a record of their disability.

Student Technology Resources

Computer labs for student use are available in the Academic Success Center at http://www.sjsu.edu/at/asc/ located on the 1st floor of Clark Hall and in the Associated Students Lab on the 2nd floor of the Student Union. Additional computer labs may be available in your department/college. Computers are also available in the Martin Luther King Library. A wide variety of audio-visual equipment is available for student checkout from Media Services located in IRC 112. These items include DV and HD digital camcorders; digital still cameras; video, slide and overhead projectors; DVD, CD, and audiocassette players; sound systems, wireless microphones, projection screens and monitors.

SJSU Peer Connections

Peer Connections, a campus-wide resource for mentoring and tutoring, strives to inspire students to develop their potential as independent learners while they learn to successfully
navigate through their university experience. You are encouraged to take advantage of their services which include course-content based tutoring, enhanced study and time management skills, more effective critical thinking strategies, decision making and problem-solving abilities, and campus resource referrals.

In addition to offering small group, individual, and drop-in tutoring for a number of undergraduate courses, consultation with mentors is available on a drop-in or by appointment basis. Workshops are offered on a wide variety of topics including preparing for the Writing Skills Test (WST), improving your learning and memory, alleviating procrastination, surviving your first semester at SJSU, and other related topics. A computer lab and study space are also available for student use in Room 600 of Student Services Center (SSC).

Peer Connections is located in three locations: SSC, Room 600 (10th Street Garage on the corner of 10th and San Fernando Street), at the 1st floor entrance of Clark Hall, and in the Living Learning Center (LLC) in Campus Village Housing Building B. Visit Peer Connections website at http://peerconnections.sjsu.edu for more information.

**SJSU Writing Center**

The SJSU Writing Center is located in Clark Hall, Suite 126. All Writing Specialists have gone through a rigorous hiring process, and they are well trained to assist all students at all levels within all disciplines to become better writers. In addition to one-on-one tutoring services, the Writing Center also offers workshops every semester on a variety of writing topics. To make an appointment or to refer to the numerous online resources offered through the Writing Center, visit the Writing Center website at http://www.sjsu.edu/writingcenter.

**SJSU Counseling Services**

The SJSU Counseling Services is located on the corner of 7th Street and San Fernando Street, in Room 201, Administration Building. Professional psychologists, social workers, and counselors are available to provide consultations on issues of student mental health, campus climate or psychological and academic issues on an individual, couple, or group basis. To schedule an appointment or learn more information, visit Counseling Services website at http://www.sjsu.edu/counseling.
