Public Outreach Intern

Job Description

The City of San José Office of Economic Development is looking for a Public Outreach intern to work with the Diridon Program Manager. The Diridon Program Manager is responsible for leading community engagement efforts for a variety of projects affecting the Diridon Station Area (west side of Downtown), including:

- Google’s Mixed-use Development Project
- Amendments to the City’s Diridon Station Area Plan (adopted in 2014)
- Area-wide studies on Affordable Housing, Parking, and Infrastructure Financing
- Coordination with separate but related processes, such as the Diridon Integrated Station Concept Plan and Downtown Transportation Plan

Through this internship, you will assist with communications and outreach tasks, grow your administrative and program management skills, and contribute your own unique perspective and ideas to the development and implementation of community engagement strategies. This internship will expose you to local government and major projects affecting San José. For more information on the past and upcoming community engagement processes related to the Diridon Station Area, please visit www.diridonsj.org.
