

San Jose State University

**Department of Special Education  
Policies**

**Student Review Committee (SRC)**

The Student Review Committee (SRC) is comprised of all Department of Special Education faculty members. The team meets on a monthly basis to discuss any candidate who experiences challenges with dispositions and scores a “no” on any item of the evaluation (see Dispositions Policy), challenges with academic work or assignments, directed teaching field work and/or collaboration with peers, or for Interns who request to change school placement or job. Any faculty or supervisor can refer a candidate to the Student Review Committee (SRC). Faculty members discuss the areas of concern and develop an Action Plan or Recommendations for the candidate to assist with making improvements. Follow-up of the situation takes place in the following SRC meeting.
