Film Screening: The Bikes of Wrath
Schiro Program Room, MLK Library 5th Floor

In this 2018 documentary film, five Australians attempt to cycle 2600 kilometers from Oklahoma to California in honor of the westward migration undertaken by the Joad family in Steinbeck’s The Grapes of Wrath. Through chance encounters with everyday Americans, the cyclists expand on the novel’s core themes of migration, inequality and the perceived land of opportunity. The group explores whether America has progressed since the book was written, discussing the wealth gap, immigration and the American Dream.

The screening will be followed by a Q&A with director Charlie Turnbull.
