For the past 12 months, we have celebrated the university’s 150th anniversary, honoring San José State as the West Coast’s oldest public institution of higher education and recognizing our institution’s many contributions to the growth and success of Silicon Valley. And now there is further cause to celebrate: 2006-2007 marks an unparalleled year in giving.

Thanks to your generosity, we are proud to report that the university has received a record number of private gifts. The total amount, $50,200,000, represents a 98 percent increase over 2005-2006.

Gifts from Charles Davidson and Connie Lurie resulted in the renaming of the College of Engineering and the College of Education, respectively, in their honor. The Davidson and Lurie gifts establish endowments earmarked for student and faculty development, technological innovations and leading-edge education—support that will continue to increase the university’s visibility and enhance our profile. San José State is the only university in the CSU to receive two college-naming gifts in a single year. Also this year, International House founder and Tower Award recipient Phyllis Simpkins has gifted the university with an additional bequest, the most recent of many financial contributions to the university by the Simpkins family.

We are especially grateful to the donors listed in the following pages who make SJSU part of their annual charitable plans and who show their loyalty and commitment to the university by donating consistently, year after year. Every gift, no matter the amount, is important. Every gift counts. Every gift is in an investment in the university’s future. And every gift goes toward making San José State not merely a good university but an excellent one.

Thank you for being such an integral part of assuring San José State’s legacy of learning.

Gratefully,

Fred Najjar
Vice President, University Advancement
Legacy Giving

The President’s Club
Legacy giving recognizes individuals who have given at least $150,000, cumulatively, to the university during their lifetime.

- The Chancellor’s Circle: $1,000,000 or more
- George W. Minns Society: $150,000 – $999,999
- The Heritage Society
  The Heritage Society recognizes individuals who include the university in their estate plans.

Leadership Giving

The Tower Society
The Tower Society recognizes individuals who have given at least $1,000 during the fiscal year to any area or program, including athletics.

- President’s Circle: $50,000 or more
- Washington Square Council: $25,000 – $49,999
- The 1857 Club: $10,000 – $24,999
- The Gold & Blue Society: $5,000 – $9,999
- Tower Ambassadors: $1,000 – $4,999
- The Dean’s Circle
  $1,000 or more to a dean’s discretionary fund
  Giving to a dean’s discretionary fund allows each dean to take advantage of special opportunities or direct funds where needed most. Dean’s Circle members are also recognized through their annual and cumulative giving in leadership and legacy giving societies.

The Gateway Club
- Brick & Tile Patrons: $500 – $999
- Friends of the University: up to $499

Corporate & Foundation Giving

University Partners
Recognizes the cumulative giving of organizations, corporations and foundations.

- The President’s Society: $1,000,000 or more
- The 1857 Fellows: $150,000 – $999,999

Donor Recognition Society members provide the means by which SJSU’s colleges and units continue to achieve academic excellence and athletic success. Recent Alumni who have graduated within the last five years are recognized for gifts at half the minimum giving level of each recognition society. Matching gifts from employer corporations and foundations not only double or triple the amount of original support, they raise the level of an individual’s society membership.
Our Donor Recognition Society program was created to honor individuals and organizations that support the university through annual and cumulative giving.

Every gift received during fiscal year July 1, 2006, through June 30, 2007 is listed on the following pages in acknowledgment of your generous support. We sincerely thank you for the gift that you made over this past fiscal year to support our students, outstanding faculty and programs.

With your investment in San José State and its vision, we are poised to begin another wonderful and productive 150 years!

thank you!

A former teacher, Betty Jeanne Johnson knows how important it is for children to have caring and committed teachers. She gives regularly to the Annual Fund and to the College of Education.

Betty Jeanne Johnson, ’41 Education, knew she wanted to teach in an elementary school long before she had to declare a major. “For as long as I can remember, I’ve always wanted to be a first-grade teacher,” she says. “I have so many happy memories of my time at San José State—all I have are happy memories. I loved being there. They taught me to be a teacher, and I think I was a good teacher.”

In elementary school, in San José, Betty Jeanne first met her late husband, Kenneth, a boy she “forgot all about” when he moved away. Kenneth, however, did not forget. Ten years later, after much searching, he tracked her down at San José State. “I had another boyfriend at the time,” she says with a laugh—but that soon changed.

After receiving her degree, she taught in San Martin. The Johnsons married in 1942. “It was wartime,” she explains, and when Kenneth, a pilot in the U.S. Air Force, left Santa Clara County, she accompanied him, substitute teaching when and where she could.

“Our was a good, long, romantic marriage,” Betty Jeanne says and throughout their marriage the Johnsons made a tradition of giving—to educational institutions and other charitable organizations. Now a widow living in San Francisco, Betty Jeanne continues that tradition. For more than 50 years, she has contributed to the humanitarian organization CARE. She also contributes to the San José Museum of Art, the San José Historical Museum and the Guadalupe River Park. To her alma mater, she gives regularly to the Annual Fund and to the College of Education.

“San José State is my college and I’m loyal to it,” she says. “I don’t have a lot. I’m not a large contributor, but when you add it all up, it’s pretty good,” she says. “And if everybody would do the same, it would be even better.”
SJSU Director of Science Education and Professor of Chemistry Maureen Scharberg helps a future teacher lead grade-school children through a science experiment.
Sharing his good fortune

Since 1987, World War II veteran Bertram Gale Jr. has been giving to the Annual Fund. His reason is simple. He gives “so that kids can go to school.”

When Bertram Gale Jr., ’48 Industrial Arts, thinks back on his most vivid memory of his time at San José State, it is actually the memory of leaving it. As did so many men of his generation, Gale interrupted his academic studies to serve his country in the U.S. Army. Along with 99 other Spartans, including his friend Bill Perry and San Jose Mercury News reporter Harry Farrell, Gale was part of the historic “March of 100.” Together, as a unit, that group of young Spartan men walked from campus to the downtown train depot to begin their military service during World War II. All were leaving San José and college for the battlefields of Europe and the uncertainties of life as a soldier.

One of the lucky ones, Gale came home to finish his degree at SJSU. “I thoroughly enjoyed my time at San José State, before the war and after,” he says, then jokes: “Thank God, they kept me for as long as they did!”

After graduation, he embarked on what would become a 33-year career at Chevron USA. For the last 15 years of that span, he worked in the company’s San Francisco office. He retired in 1981 as manager of industrial relations for exploration, land and production activities.

Since 1987, he has been giving to the university's Annual Fund. The reason is simple, he says. He gives so that “kids can go to school.”

Gale, who celebrated his 85th birthday in October, doesn’t get out much these days, but he’s proud to be a Spartan and support the university. “When I started to do well, I thought I’d better give a little bit back,” he says.

—A “little bit” that means a great deal to the university and future Spartans.
Bertram Gale helps to ensure that deserving students have the financial support to study at SJSU.
Thank you for your gift to San Jose State University.

Your support does make a difference

Although San José State is a public university, donor support is needed now more than ever. Maintaining academic excellence and cutting-edge programs, and keeping talented, award-winning faculty becomes more expensive every day. Your support is a vital ingredient in increasing the already high quality of an SJSU education. We are most grateful for your ongoing commitment and investment in San José State’s educational mission and vision.

Ways to give

Cash – Make a quick and easy gift by writing a check or using a credit card. You can use the enclosed envelope or mail your gift to: Tower Foundation, San José State University, One Washington Square, San José, CA 95192-0256.

Online – Use our secure web site with your credit card. Simply go to www.sjsu.edu/giving/ and click on Give to SJSU online.

Securities – Avoid long-term capital gain tax by giving stocks, mutual funds or bonds to SJSU. For information on how to transfer securities, please visit our web site.

Planned Gifts – Make a gift now that gives benefits later. For information on gifts of real estate, charitable annuities, bequests, and life income arrangements, call the Office of Planned Giving at 408-924-1123.

Note to our contributors

This Donor Honor Roll includes all who have supported San José State University between July 1, 2006 and June 30, 2007. We have made every effort to assure the accuracy and completeness of the information published on these pages. Please accept our sincere apologies for any inadvertent omissions or errors and contact us at stewardship@sjsu.edu so that we may correct our records.

With our appreciation for your support of San José State,
The University Advancement staff

San José State University is the Silicon Valley’s largest institution of higher learning, with 30,000 students and 4,000 employees. Our 154-acre campus is set in downtown San José, the nation’s 10th largest city and home to leading tech companies. Founded in 1857, the university is the oldest public institution of higher education on the West Coast and one of the largest in the California State University system.
