

The Web Services Unit functions as the on-campus Web design and Web application development group by providing enterprise wide [services](#), support and consultation for the overall Web presence of San José State University and campus-wide Web initiatives. We play a prominent role in developing, contributing to and enforcing Web accessibility and standards on behalf of the [Web Oversight Committee](#) and [ATI task force](#) by working with various campus entities. We maintain the [University home page](#), [Search Engine](#), [SJSU Events](#), [iTunes U](#), [Google Apps](#), [numerous](#) university websites and support all Web pages inside [www.sjsu.edu](#) domain.

This document provides a list of services for SJSU faculty.

---

- **iTunes U @ SJSU**

*URL:* <http://www.sjsu.edu/webservices/services/faculty/itunesu>

iTunes U delivers easy, 24/7 access to educational content and it is accessible to anyone with a Mac or PC. Here content is designed to meet the needs of all, including those who have disabilities.

- **Google Apps @ SJSU**

*URL:* <http://www.sjsu.edu/webservices/services/faculty>

Integration with numerous services offered by [Google](#)↗ via [Google Apps](#)↗

- **Website Builder**

*URL:* <http://www.sjsu.edu/webservices/services/websitebuilder>

Website Builder is a simple and user-friendly solution that allows faculty to easily create and maintain a professional and accessible website.

- **University Experts**

*URL:* <http://experts.sjsu.edu>

A single source for information about campus experts that facilitates an easily accessible way to connect mutual interests and resources on our campus and into the broader community.

Faculty use Website Builder to create and update their experts profile.

- **Web Accessibility Consultation**

<http://www.sjsu.edu/webservices/services/webaccessibility>

Numerous resources, including [hands-on training](#), [accessibility reporting](#) and [online resources](#) to create accessible content is available.

- **WEB Mailing List**

<http://www.sjsu.edu/webservices/services/maillinglist>

The WEB mailing list is open to anyone maintaining web pages, web site(s), providing or approving content for any domains inside SJSU.EDU or affiliated with SJSU.
