Crane Center

Services Update

Sexually Transmitted Disease (STD) testing and treatment will not be offered as of December 28, 2007. HIV testing and counseling will continue to be available at the Crane Center. For more information please call 408.792.3720.

The following health centers offer STD testing and treatment as well as HIV counseling and testing. Bilingual staff are available at most centers. For languages spoken, please contact individual health centers. Health center hours and payment/insurance information are subject to change without notice. Please call to verify information before going.
