San José State University
Department of Art & Art History,
Department of Computer Science
Art/CS 108, Section 1, 26881/28792, Spring, 2016

Course and Contact Information

Instructor: James Morgan
Office Location: ART 325
Telephone: 408-924-4590 (do not call this number)
Email: james.morgan@sjsu.edu (preferred contact)
Office Hours: M/W 1100 – 1200
Class Days/Time: M/W 1800 - 1915
Classroom: ART 135

Course Format

This course will be taught primarily face to face, but students are expected to have reliable Internet connections for use of the Canvas Learning Management System (Canvas or LMS) and for use of online resources.

Course Description

Introduction to the systems, design, history, and cultural analysis of games with emphasis on development, technological literacy, markets and impact on society.

In this course we shall read about, write about, play and design traditional paper based and video games.

Course Goals and Student Learning Objectives

Upon successful completion of this course, students will be able to:
LO1 Demonstrate an appreciation for the cultural value of the technologies and strategies used in games through writing and projects;
LO2 Investigate and research user experiences of their own games and those of others;
LO3 Apply researched information to improve player experience;
LO4 Speak and write clearly about their own and others' work;
LO5 Demonstrate and apply technological and information literacy;
LO6 Translate different kinds of subject matter into gaming environments;
LO7 Create original and creative content through the medium of games.
Selected Readings

These readings represent contemporary thinkers in the fields of game design, media studies and others. This is a selection of what we will be reading and discussing in class. All readings are due at the beginning of the listed class session. I reserve the right to add or change readings with proper notice to accommodate recent events and advances in gaming. This list is provided as a reference.

Books most of which are available as epubs whose links can be found http://www.refworks.com/refshare2?site=037051143000000000/422131408431531578/art-CS-108 :

Brathwaite, B., & Schreiber, I. (2012). Breaking into the game industry :Advice for a successful career from those who have done it.

Please also be aware that the library has tremendous resources relating to games and game studies. We have a lib guide at http://libguides.sjsu.edu/GameStudies

**Selected Games**

Artistic: Passage, Every Day the Same Dream

Early: Pong, Space Invaders, Asteroids, Pac-Man

RTS: Civilization, Age of Empires, Warcraft III, StarCraft

RPG: Torchlight / Diablo, Skyrim, Dark Souls, To the Moon

Simulation: Sim City, Sims, Goat Simulator, Flight Simulator 2002, RollerCoaster Tycoon, Sim Copter

Fighting: Mortal Kombat, Marvel vs Capcom, Nidhogg

Mobile: Ingress, Space Team, Hearthstone, Bejeweled

Puzzle: Braid, Portal

Creative: Terraria, Minecraft

Other: NetHack, Stanley Parable, Gone Home, DDR, Settlers of Catan, Cosmic Encounter, Diplomacy, Nomic

**Library Liaison**

Rebecca Kohn (rebecca.kohn@sjsu.edu). You may also want to take a look at some of the LibGuides that Rebecca has put other classes: http://libguides.sjsu.edu/profile/RebeccaKohn

**Course Requirements and Assignments**

SJSU classes are designed such that in order to be successful, it is expected that students will spend a minimum of forty-five hours for each unit of credit (normally three hours per unit per week), including preparing for class, participating in course activities, completing assignments, and so on. More details about student workload can be found in University Policy S12-3 at http://www.sjsu.edu/senate/docs/S12-3.pdf.
General Advice –
Fail early, and fail often. If you take chances in your proposal and draft there is always room to fix it in your final. A mediocre idea that is work-shopped through your peers on time creates a better project then an amazing idea that is realized the night before.

Assignments and Grading Policy

Game labs - 20%
Game labs are structured play or design sessions often followed by brief reflective writing, and in-class discussion. These sessions are done as a group and are very difficult to make up. LO2, LO3.

Blog - 20%
Students will be asked to maintain a weblog to publically post writings and responses to readings. Students will write no less than 200 words (approximately one 'typed' page and include images). Points will be given for both postings and peer review. LO1, LO4, LO5.

Participation - 10%
Active participation within groups and in discussion is expected. Performance can be tracked in CANVAS beginning the second week of class. LO4

Game 1: paper prototype – 10%
Design, play test and turn in a paper based game using the readings and your group as a development guide. Games will be evaluated according to the game rubric. LO1, LO2, LO3, LO4, LO5, LO6, LO7.

Game 2: videogame prototype - 10%
Design, play test and turn in a digital game using the readings and your group as a development guide. We shall use Game Maker for this prototype so that we can see the advantages of a toolkit like GM. Games will be evaluated according to the game rubric. LO1, LO2, LO3, LO4, LO5, LO6, LO7.

Midterm -10%
Midterm will cover essential vocabulary and concepts. The class will work on a study guide throughout the semester. LO1.

Final - Paper, Presentation, Game or Exam – 20%
The final project of this course will be negotiated between the individual and the instructor. It may be a formal paper, presentation (video or in person), third game or written exam. This form will be determined by the midterm. LO7.

Attendance
NOTE that University policy F69-24, “Students should attend all meetings of their classes, not only because they are responsible for material discussed therein, but because active participation is frequently essential to insure maximum benefit for all members of the class. Attendance per se shall not be used as a criterion for grading.”
Grading Policy

Projects

Each project will be evaluated according to the following formula:
Technical Skill (20%) + Aesthetic Quality (20%) + Conceptual Depth (20%) + Writing (20%) + Followed Directions (20%) = 100% (multiply by points for project)

<table>
<thead>
<tr>
<th></th>
<th>2</th>
<th>1</th>
<th>0</th>
</tr>
</thead>
<tbody>
<tr>
<td>technical</td>
<td>Project exhibits considerable skill, innovation or extraordinary improvement in skill level and handling of the techniques compared to drafts and previous projects.</td>
<td>Project exhibits some skill or moderate improvement in skill level and handling of the techniques as measured from the techniques drafts and previous projects.</td>
<td>Project is sloppy, rushed or doesn't use techniques learned in class.</td>
</tr>
<tr>
<td>aesthetic</td>
<td>Project exhibits considerable or extraordinary understanding of color, format, print quality, composition and other formal elements appropriate for project. Formal elements support conceptual theme of project.</td>
<td>Project exhibits a working understanding of color, format, print quality, composition and other formal elements appropriate for project. Formal elements partially supports conceptual theme of project.</td>
<td>Little or no consideration for the visual qualities of the work.</td>
</tr>
<tr>
<td>conceptual</td>
<td>Project exhibits a depth of knowledge and theme. Extraordinary relevancy and knowledge of subject. Visual elements support an idea.</td>
<td>Ideas represented in project are not clear or not realized.</td>
<td>Project is shallow and shows no consideration for a central idea.</td>
</tr>
<tr>
<td>writing</td>
<td>Readable and relevant to the work, the writing provides insights and clarity to the nature, production or ideas about the work. Writing is in a grammatically relevant writing style.</td>
<td>Writing is unclear or unnecessarily short, contributes little to meaning or understanding, understandable, not in English or not present.</td>
<td>Writing is not readable, not understandable, not in English or not present.</td>
</tr>
<tr>
<td>project direction or process</td>
<td>Attention to details of project description and intention, deviations are pre-approved by instructor.</td>
<td>Project requirements are taken into consideration but work deviates from assignment without project pre-approval of instructor.</td>
<td>Little or no requirements of assignment are exhibited.</td>
</tr>
</tbody>
</table>

Letter Grade  | Range  |
-------------|--------|
A            | 94-100 |
A-           | 90-93  |
B+           | 87-89  |
B            | 84-86  |
B-           | 80-83  |
C+           | 77-79  |
C            | 74-76  |
C-           | 70-73  |
D+           | 67-69  |
D            | 65-66  |
Note that “All students have the right, within a reasonable time, to know their academic scores, to review their grade-dependent work, and to be provided with explanations for the determination of their course grades.” See University Policy F13-1 at http://www.sjsu.edu/senate/docs/F13-1.pdf for more details.

Classroom Protocol

Student Responsibilities

- Students are responsible for all information presented in lectures and demonstrations, and through assigned readings and web related research.
- Students will present and critique their projects, drafts and proposals in class and on-line.
- Students are responsible for finding time to come in to the lab to complete assignments or use their own computer. Computer use and software is made available to students, it is your responsibility to take advantage of this or to purchase your own machines and software.
- Students are responsible for actively engaging in the course material by completing all course assignments and readings.
- In the course of the semester we will undoubtedly talk about things, which are not in the mainstream and may be controversial. If at any time you find the subject or content of this course objectionable you are encouraged bring that into the discussion. If however you find a presentation offensive you are permitted to quietly, without disrupting the class, excuse yourself. It is then your responsibility to contact the instructor for make-up work.
- Students will create a web portfolio that will display all assignments from this course on line - this portfolio is REQUIRED to pass the class.
- Additionally students are responsible for their own well-being. If you need help, it is your responsibility to ask for it.

Late Assignments

Assignments are to be turned in on time and complete. An assignment will not be considered complete until all elements are uploaded and fully working. Assignments that are turned in on time may be redone for full credit until the last week of class. It is most important to present your work publically. Note that project presentation days are mandatory, if a project is not presented on a critique day it may be considered late. Late assignments may receive a one time 10% penalty.

University Policies.

General Expectations, Rights and Responsibilities of the Student

As members of the academic community, students accept both the rights and responsibilities incumbent upon all members of the institution. Students are encouraged to familiarize themselves with SJSU’s policies and practices pertaining to the procedures to follow if and when questions or concerns about a class arises. See University Policy S90–5 at http://www.sjsu.edu/senate/docs/S90-5.pdf. More detailed information on a variety of related topics is available in the SJSU catalog, at http://info.sjsu.edu/web-dbgen/narr/catalog/rec-12234.12506.html. In general, it is recommended that students begin by seeking clarification or discussing concerns with their instructor. If such conversation is not possible, or if it does not serve to address the issue, it is recommended that the student contact the Department Chair as a next step.
Dropping and Adding

Students are responsible for understanding the policies and procedures about add/drop, grade forgiveness, etc. Refer to the current semester’s Catalog Policies section at [http://info.sjsu.edu/static/catalog/policies.html](http://info.sjsu.edu/static/catalog/policies.html). Add/drop deadlines can be found on the current academic year calendars document on the Academic Calendars webpage at [http://www.sjsu.edu/provost/services/academic_calendars/](http://www.sjsu.edu/provost/services/academic_calendars/). The Late Drop Policy is available at [http://www.sjsu.edu/aars/policies/latedrops/policy/](http://www.sjsu.edu/aars/policies/latedrops/policy/). Students should be aware of the current deadlines and penalties for dropping classes.

Information about the latest changes and news is available at the Advising Hub at [http://www.sjsu.edu/advising/](http://www.sjsu.edu/advising/).

Consent for Recording of Class and Public Sharing of Instructor Material

University Policy S12-7, [http://www.sjsu.edu/senate/docs/S12-7.pdf](http://www.sjsu.edu/senate/docs/S12-7.pdf), requires students to obtain instructor’s permission to record the course:

- “Common courtesy and professional behavior dictate that you notify someone when you are recording him/her. You must obtain the instructor’s permission to make audio or video recordings in this class. Such permission allows the recordings to be used for your private, study purposes only.”
- “Course material developed by the instructor is the intellectual property of the instructor and cannot be shared publicly without his/her approval. You may not publicly share or upload instructor generated material for this course such as exam questions, lecture notes, or homework solutions without instructor consent.” – which you have because all materials in Art 74 are licensed under a Creative Commons license, I do recommend that you let me know what you are sharing for proper attribution.

Academic integrity

Your commitment, as a student, to learning is evidenced by your enrollment at San Jose State University. The University Academic Integrity Policy S07-2 at [http://www.sjsu.edu/senate/docs/S07-2.pdf](http://www.sjsu.edu/senate/docs/S07-2.pdf) requires you to be honest in all your academic course work. Faculty members are required to report all infractions to the office of Student Conduct and Ethical Development. The Student Conduct and Ethical Development website is available at [http://www.sjsu.edu/studentconduct/](http://www.sjsu.edu/studentconduct/).

Campus Policy in Compliance with the American Disabilities Act

If you need course adaptations or accommodations because of a disability, or if you need to make special arrangements in case the building must be evacuated, please make an appointment with me as soon as possible, or see me during office hours. Presidential Directive 97-03 at [http://www.sjsu.edu/president/docs/directives/PD_1997-03.pdf](http://www.sjsu.edu/president/docs/directives/PD_1997-03.pdf) requires that students with disabilities requesting accommodations must register with the Accessible Education Center (AEC) at [http://www.sjsu.edu/aec](http://www.sjsu.edu/aec) to establish a record of their disability.

Accommodation to Students' Religious Holidays

San José State University shall provide accommodation on any graded class work or activities for students wishing to observe religious holidays when such observances require students to be absent from class. It is the responsibility of the student to inform the instructor, in writing, about such holidays before the add deadline at the start of each semester. If such holidays occur before the add deadline,
the student must notify the instructor, in writing, at least three days before the date that he/she will be absent. It is the responsibility of the instructor to make every reasonable effort to honor the student request without penalty, and of the student to make up the work missed. See University Policy S14-7 at http://www.sjsu.edu/senate/docs/S14-7.pdf.

**Student Technology Resources**

Computer labs for student use are available in the Academic Success Center at http://www.sjsu.edu/at/asc/ located on the 1st floor of Clark Hall and in the Associated Students Lab on the 2nd floor of the Student Union. Additional computer labs may be available in your department/college. Computers are also available in the Martin Luther King Library. A wide variety of audio-visual equipment is available for student checkout from Media Services located in IRC 112. These items include DV and HD digital camcorders; digital still cameras; video, slide and overhead projectors; DVD, CD, and audiotape players; sound systems, wireless microphones, projection screens and monitors.

**Polling Technology**

I will be using REEF Polling as a student response system in class this term. REEF Polling helps me to understand what you know and gives everyone a chance to participate in class. I will use REEF Polling to keep track of participation. Participation with REEF Polling will account for no more than 10% of the final grade.

**Device Options:**

You will have several options available to participate in clicker sessions, all options are available to you at **NO COST**: REEF Polling App: Allows you to use your smart phone, tablet, or even laptop in class as a clicker to participate. Clicker Remote: You can request to borrow a Clicker remote from eCampus (eCampus@sjsu.edu) for free. Remotes are to be returned to eCampus at the end of the semester.
