Course Requirements and Assignments
SJSU classes are designed such that in order to be successful, it is expected that students will spend a minimum of forty-five hours for each unit of credit (normally three hours per unit per week), including preparing for class, participating in course activities, completing assignments, and so on. More details about student workload can be found in University Policy S12-3 at http://www.sjsu.edu/senate/docs/S12-3.pdf

NOTE that University policy F69-24, “Students should attend all meetings of their classes, not only because they are responsible for material discussed therein, but because active participation is frequently essential to insure maximum benefit for all members of the class. Attendance per se shall not be used as a criterion for grading.”

Classroom Protocol
I expect that you will attend regularly and participate in class discussions. Please arrive on time; it is disruptive to everyone else when someone arrives late. Turn your cell phone off or, if necessary, place in vibrate mode. Text messaging will not be tolerated. Laptops are strongly discouraged. If you absolutely must use one, you have to sit in the front row. The material covered in this class is highly personal to many students and it is rude not to give each other complete attention.

Assignments and Grading Policy
PowerPoint Presentation on Selected Topic 1/3
Final Exam 1/3
Individual Research Paper 1/3

“A minimum aggregate GPA of 2.0 SJSU Studies (R, S, & V) shall be required of all students as a graduation requirement.” To see full text, review University Policy S11-3 at http://www.sjsu.edu/senate/docs/S11-3.pdf

PowerPoint Presentation
The class will be divided into groups comprised of approximately 3-4 individuals. Each student will be able to choose the topic of most relevance to his/her interests. The group will research the topic and present a PowerPoint presentation to the class. The group will also responsible for providing their PowerPoint presentation, including a list of References, to other students in the group upon request.
Final Exam

Questions on the exam will be multiple choice. Test will be in-class. Please bring an 882-E Scantron form and #2 pencil. Each group will provide 5 multiple-choice questions for the Final Exam; the best 3 from each group will be selected. Sharing these questions with other members of the class will be considered cheating and a breach of academic integrity and dealt with accordingly (see section below on Academic Integrity).

Individual Research Paper

One paper, 5 total pages in length (Title page, 3 pages of body, Reference page). Students are to select one situation that falls within the field of trauma that has special intellectual interest or personal meaning in their own lives & critique relevant theory and literature. I must approve all topics well in advance of the due date. References must be in APA style. I strongly encourage showing me early outlines, drafts etc. Points will be deducted for each day late.

Grading
A+/97-100, A/93-96, A-/ 90-92; B+/ 87-90, B/83-86, B-/80-82; and so forth.

University Policies

Consent for Recording of Class and Public Sharing of Instructor Material

University Policy S12-7, http://www.sjsu.edu/senate/docs/S12-7.pdf requires students to obtain instructor’s permission to record the course.

- “Common courtesy and professional behavior dictate that you notify someone when you are recording him/her. You must obtain the instructor’s permission to make audio or video recordings in this class. Such permission allows the recordings to be used for your private, study purposes only. The recordings are
the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material.”

- It is suggested that the green sheet include the instructor’s process for granting permission, whether in writing or orally and whether for the whole semester or on a class by class basis.
- In classes where active participation of students or guests may be on the recording, permission of those students or guests should be obtained as well.

- “Course material developed by the instructor is the intellectual property of the instructor and cannot be shared publicly without his/her approval. You may not publicly share or upload instructor generated material for this course such as exam questions, lecture notes, or homework solutions without instructor consent.”

Academic integrity

Your commitment as a student to learning is evidenced by your enrollment at San Jose State University. The University Academic Integrity Policy SO7-2 at http://www.sjsu.edu/senate/docs/S07-2.pdf requires you to be honest in all your academic course work. Faculty members are required to report all infractions to the office of Student Conduct and Ethical Development. The Student Conduct and Ethical Development website is available at http://www.sjsu.edu/studentconduct/

Instances of academic dishonesty will not be tolerated. Cheating on exams or plagiarism (presenting the work of another as your own, or the use of another person’s ideas without giving proper credit) will result in a failing grade and sanctions by the University. For this class, all assignments are to be completed by the individual student unless otherwise specified. If you would like to include your assignment or any material you have submitted, or plan to submit for another class, please note that SJSU’s Academic Integrity Policy S07-2 requires approval of instructors.

Campus Policy in Compliance with the American Disabilities Act

If you need course adaptations or accommodations because of a disability, or if you need to make special arrangements in case the building must be evacuated, please make an appointment with me as soon as possible, or see me during office hours. Presidential Directive 97-03 at http://www.sjsu.edu/president/docs/directives/PD_1997-03.pdf requires that students with disabilities requesting accommodations must register with the Accessible Education Center (AEC) at http://www.sjsu.edu/aec to establish a record of your disability.

In 2013, the Disability Resource Center changed its name to be known as the Accessible Education Center, to incorporate a philosophy of accessible education for students with disabilities. The new name change reflects the broad scope of attention and support to
SJSU students with disabilities and the University's continued advocacy and commitment to increasing accessibility and inclusivity on campus.
