Advising Road Map

Major:	BA ECONOMICS
Concentration in:	
Total Units to Degree:	120
Academic Year:	2015-2016

The following road map is an advising tool that outlines a path of courses a student can take to complete requirements for graduation. This roadmap should be used in consultation with the catalog and your department to identify additional requirements for completing the major (for example course grade minimums). Students must have 60+ units in order to take SJSU Studies courses.

NOTES: *__(1)__ Courses ***such as*** AMS 1A and 1B are 6 units each and satisfy 7 Lower Division GE Areas using a total of 12 units. If you take individual courses at 3 units each it would take a total of 21 units to meet the 7 Lower Division GE Areas. This reduces the number of ANY COURSE ELECTIVES needed to reach a total of 120 units for graduation. AMS 1A and 1B are suggested but feel free to take any GE courses that interest you. **(2)** Select 'Econ Electives' from any upper division economics course that is a 4 unit class. There are 8 Econ Electives in the B.A. degree. The first 4 electives must be from ***at least*** two different specialty areas. The remaining 4 electives can be ***any*** upper division economics course. **(3)** Econ 100W can also be used to satisfy one of the Econ Electives and simultaneously satisfy SJSU Studies Area Z. **(4)** 'Any Course Electives' give you latitude to select a minor or other courses that help you achieve outstanding Communication Skills, strong Statistical Analysis Skills, renewed Critical Thinking skills, and the ability to apply economic concepts.
* Either B1 or B2 requires a B3 lab component.
