Mental Health Verification Form

To Evaluator: To qualify for support services from the Accessible Education Center at San José State University, an individual must have their disability verified by an appropriate licensed professional. Documentation necessary to substantiate the diagnosis must be comprehensive and be based on a comprehensive diagnostic/clinical evaluation.

Please Note: The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we are asking that you not provide any genetic information when responding to this request for medical information. “Genetic information,” as defined by GINA, includes an individual’s family medical history, the results of an individual’s or family member’s genetic tests, the fact that an individual or an individual’s family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual’s family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

Please note: Student medical records supplied to this office constitute “education records” under the Family Education and Privacy Act (FERPA) and as such, may be reviewed by the student upon written request.

For general questions pertaining to this form, or to obtain clarification about the information requested, please contact the AEC at aec-info@sjsu.edu.

Verification requested for: ____________________________________________________________

Student Name: (Last, First M.I.)

To be completed by licensed practitioner:

Name: ___________________________________________________________________________

How often do you see this student? __________________ Date of student’s last visit: ______________

Length of time this student has been under your care: __________________________________________
## DSM-5 Diagnosis(es):

<table>
<thead>
<tr>

### Method(s) of Determining Diagnosis(es): Check all that apply:

- Comprehensive Diagnostic Evaluation
- Review of Medical Records
- (Nero) Psychological Assessment
- Consultation with Former Provider of Care
- Clinical Interview
- Other: __________________________

Based on your diagnosis, how does the student's functional limitations* affect the student's ability to perform and function in an academic and test-taking environment (i.e. disorders of thinking, psychosis, reading comprehension, attention span, alertness, response speed, motor functions, writing, calculating, etc.)?

*Functional limitations are substantial limitations in an individual's ability to perform in a condition, manner, or duration of a required major life activity.

____________________________________________________________________________________________________________________
____________________________________________________________________________________________________________________
**Major Life Activity:**

Does the impairment limit a major life activity?  Yes  No

If yes, what major life activity(ies) is/are affected? Please check the level of limitation you believe this student experiences as a result of their disability(ies). Check only those boxes that apply.

<table>
<thead>
<tr>
<th>1 = Unable to determine</th>
