1. CONTACT:

I. How to Contact Me

1. Inbox/Conversations PREFERABLE

One of the ways to reach me is through the Canvas Inbox/Conversations messaging system. This is the messaging tool used instead of email to communicate with a course, a group, an individual student, or a group of students. So, you may also use this tool to communicate with one another.

- Click the **Inbox** link in the left menu.
- Choose a name, course, or group you would like to send a message to.
- Write and send the message.

2. Email: emanuela.sintamarian@sjsu.edu

**NOTE:** Please:

Do NOT email assignments/ discussions. Please upload them to the corresponding Module.

website: https://www.emahsin.com/

**Independent Zoom Meetings:** Please, email me at least 48 hours before scheduling an independent meeting.

II. How I Will Contact You

I will be an active participant in this course. You can expect that I will contact you a few times each week, via the following methods:

- **Announcements:** I will most likely send weekly announcements.
- **Canvas Inbox messages**

**NOTE:** Please, check regularly your Canvas (you might want to do the appropriate setting to get immediately notifications https://community.canvaslms.com/docs/DOC-10624 (Links to an external site.)

* Office hour: Zoom Meetings: W 2.00-3.00 PM-by appointment only.

**NOTE:** : Please,

* email me 24 hours before scheduling a meeting.
* find on Canvas “M0: About the class”, the link to our Office zoom link
+ zoom live meetings
* check Canvas Inbox / Announcements for any possible changes regarding Office Hours.

2. COURSE DESCRIPTION

The primary objective of this course is to thoroughly familiarize the student with the visual elements that are the foundation of the drawing forms and to give experience in the manipulation of those elements for the purpose of making successful and coherent visual statements. Additionally, students will develop a vocabulary of art terminology to serve as the basis for the manner in which they think,
talk, and perhaps write about their own creative work and of the others. The course will also aim to challenge the manner in which the student may be accustomed to solving visual problems and viewing the world of visual information. Finally, the course will emphasize the handling of various materials and media. It will be just as concerned with the “how” of making things as it is with the “what” and the “why”. At its conclusion, the student will have a greater understanding of and empathy for the concept of “quality craftsmanship”.

3. COURSE FORMAT and FEATURES

Please, check your Canvas Inbox and/ or Announcements every week. Although this course is online, we will meet constantly. All our 1. Lectures, 2. Demos, 3. "Work in class-time", 4. Discussions /Critiques, 5. Quizzes will be held via Zoom.

Although this course in online, we will meet constantly. We will have:

I. Lectures:
   • always at the beginning of a new project
   • they will be "live" but I will try to do my best to provide recordings

II. Demos:
   • While some of the demos will be given directly, others are prerecorded (so, watch ALL instructional VIDEOS BEFORE you START WORKING)

III. "Work in class-time"—we will work in class—please look at the schedule beforehand and be prepared.

IV. Work during class—it means you will work during class time, but I will keep the zoom meeting on for 1 hour so you could just drop in if you need help. (be prepared)

   NOTE: if you need/ want to drop in:
   • Make sure you have your camera on
   • To maximize our time, before you drop in, please either:
     1. have at hand your project you need help with, OR
     2. take a good photo of it, save it to your desktop, and be ready to share it on zoom (or make sure you posted it on slack)

Slack: for immediate feedback, we will use this application for this class. If you did not download yet, please let me know so I could send you an invitation. Also, make sure you join the "Work in Progress Art 24" file—or post there.

V. Critiques: The critique day will be announced beforehand.

   Please, be ready for it—in order to do so:
   Either. A. upload your photos of your works on our class power point SJSU Drawing Critiques
   or, if you did not have time to do so, B. Take a good photo of your artwork/artworks (as stipulated) and have it saved on your desktop ready to share it with class

VI. Assignments must be uploaded under Assignment Canvas (each of them will have a specific deadline, however you will be able to upload works until May 10th—please read “late works”)
7. WEEKLY CANVAS MODULE LESSON
You must log in EVERY WEEK to complete the week's lesson, which could include reading, images, videos, lectures demos, and homework instructions, and to complete other tasks including posting images and comments to forum discussions and completing drawings.

I will publish the weekly module by Monday. You may log on any time during the week but must complete the module / its activities by its deadline and / or before the next Zoom meeting and be sure to keep in mind the deadlines for submissions, which are usually on Sundays.

Weekly Zoom Meeting

Unless we are working on longer drawings, the Zoom meetings are MANDATORY. In the beginning of course, they will be held weekly, then according to the length of the project(-s) we will change them.

NOTE: for longer project we will still have the Drop-in sessions, or you could use Slack, or both.
All times will be announced before hand. That is why it is important you attend the meetings and check Canvas Inbox/ Announcements)

You will receive a Zoom invitation/ meeting
On Tuesday (usually), we will have lectures/demos for a new assignment
On Thursday -this is the time to “work during-class”: I will leave my Zoom on so you could connect if you need help/ run into problems.

Discussions/Critiques will be both on-line as well as via Zoom.

ZOOM MEETINGS LINK:
Topic: SJSU_ 2D DESIGN-Please, find on Canvas “M0: About the class”, the link to our zoom live meetings + Office zoom link
Time: 12.30-3.20 PM Pacific Time

4. STUDENT LEARNING OUTCOME
1. To discover and demonstrate proficiency in studio foundation skills as they relate to the elements of art and principles of design
2. To encourage the student to adopt a creative approach to problem solving and to become self-critical in the making / editing of the work
3. To develop a vocabulary of terms specific to the visual arts and particularly two-dimensional art.
4. To demonstrate understanding of contemporary art issues through exploration of synthesis of content, problem solving and creativity.

5. TOPICS TO BE COVERED / SCHEDULE
Different techniques and media (wet and dry)
• Various formalist topics such as
   I. The three basic concepts of: 1) Subject; 2) Form; 3) Content
   II. The Elements of Art: (1) Line; 2) Shape and Form; 3) Space; 4) Value; 5) Texture; 6) Pattern; 7) Color
   III. The Principles of Design: (1) Balance (Symmetry vs. Asymmetry)/ Location; 2) Proportion /Scale; 3) Economy; 4) Movement/Direction; 5) Variety; 6) Harmony Repetition/Rhythm)
   IV. Conceptual issues on Contemporary Art
6. SCHEDULE: This is a provisional schedule. It is open to change based on the flow and needs of the class. Please be in class (Zoom meetings) and check your Canvas Inbox and Announcements regularly to receive notices regarding any changes.

**Monday:** 12.30PM-3.20 PM—Lectures. Demos, going over the assignments

**Wednesday:** Drop-in -12.30-1.30 PM

**NOTE:**
- CRITIQUE DAYS WILL BE ANNOUNCED BEFOREHAND

FINAL KNOWLEDGE ASSESSMENT
7. METHOD OF EVALUATIONS
Based on assignments (work ethic and progress), Oral Presentation, Critiques, and Quizzes

8. GRADING
Each assignment includes a clear deadline and a detailed grading rubric.
Please:
1. Re-read (watch videos, lecture and/or demos which accompany each assignment) before starting to work on your assignment
2. Review the rubric of each assignment before submitting your work to ensure you have addressed all the required elements of the assignment.
If your work is submitted on time, I will make every effort to review and comment on the work within the same week. I encourage you to review the feedback, and, if needed, submit a revision of your project.

Grading Policies: San Jose State University uses a standard a plus and minus system for letter-grade scale for final grades: A (4.0) (A+, A-), B (3.0) (B+ / B-) , C (2.0) (C+, C-), D (1.0 (D+, D-), and F (0).

II. Grading
All project grades will be assessed on a scale of 0-100. All of these projects will be worth one grade except for the final project, which will be worth three.

Project grading will be usually based on:
- assignments 65%
- discussions 25%
- quizzes 10%

In evaluating each of the projects I will take into consideration your time investment.
Regarding the conceptual content of your work, I am looking to find your personal and critical understanding of the assigned elements from the assignment and how well you respected the formalist and technical requirements of each project (assignment)

This means that I do not expect you to “illustrate” the assignment, but to use it as a starting point for analyzing the larger perspective of visual answers. So, my suggestion to you with regard to your philosophy of approaching work, is that the fulcrum of it should be based upon a system of questioning the progressive steps of your work: For example: What are the main points of this assignment? What is the basic intention (idea) of my project? What (visual) solution can best represent my ideas? Why have I chosen a particular material? These sorts of questions during the creative act may be considered guides, as well as a way to practice your knowledge at the visual level. These questions can help you to develop, over the course of time, your ability to harmonize your rational skills with your intuition.
In evaluating **conceptual content** and the **aesthetic values**—which is a schema of personal appreciation of the environment—I do not intend to judge your artwork, but to examine your knowledge and decision-making power, more than your refined skills.

The **technical presentation** is the final form of your artwork. It is the aspect, or “how” your work is presented- the quality of your photo —please, if you need to, visit (again), Module 0: How to Take Photos of Your Artwork with Your Phone

<table>

</tbody>
</table>

"I" (Incomplete):

a. Except in cases of documented emergencies, incomplete grades are not given in this course.
b. It will only be assigned if at least 80% of the course work is complete. Students who want to and meet the criteria for an "I," must make an arrangement with the instructor in writing to complete the course work within six months.
c. After the deadline, the "I" becomes an "F." All "I" designations must be changed to grades prior to graduation.

NOTE: Please, do not disregard the factor of effort and improvement. Each student has the same opportunity to improve and do well in this class. Talent is nothing without work. I support sincere attempts and I emphasize process, persistence and hard work. I aim to encourage critical thinking, imagination, and experimentation. In order to progress, it is extremely important to take advantage of class time as an opportunity for interaction with your peers and me for criticism and help with printing. Confidence comes as your skills develop through practice. Furthermore, I appreciate questions: thus, ask questions during class lessons, demonstrations, and work time. It is sometimes difficult to address questions immediately before class.

So, everyone has the chance to raise his/her grade according to his/her effort during the semester. It works the other way, too—your grade may decrease if little effort is shown over the course of the entire semester. Do not take for granted a good start if it is not supported in time by hard work!

IV. Is there any way to get extra credit?

YES! According to each individual situation we could figure out together the best manner to increase your grade. Furthermore, I will take into account any extra work on your sketchbook/binder. The extra work in your sketchbook does not replace the in-class work and/or homework. The extra credit does not cover missing works!

Late Submissions:
Under any other circumstances, late work would generally be unacceptable. However, we live in an uncertain world, things can happen. That is why, you will have a fixed deadline, but the possibility to either redo some works (if you think you could do better, and you will do better), and/or submit the works later (until May the 10th)

However, keep on mind, that passed deadlines could mean more stress on the long run. So, my advice, don't fall behind (too) much! Hence, Be aware of deadlines and save back-up copies of everything + ALL your semester Works. Please, on the LOWER CORNER of each project: date it and write the name of the exercise/ project (USE AN HB PENCIL)

- On times works will start getting graded from A
- Resubmitted works will not be marked down
- Late works will start getting graded from B+
- Missing work will be marked as a zero.

11. SUBMITTING WORKS FOR GRADING
I. All assignments including drawings, discussion posts, projects, and writing will be handed in through Canvas. You will sometimes also post your drawings in the context of a discussion, but I will also need you to submit each assignment through the Assignment Page in Canvas so that I can grade it.

II. Be sure to post your work to the correct assignment.

III. Documenting your 2D Work with an iPhone (CHECK CANVAS!!)
9. GETTING FEEDBACK

We will be using Slack in this class. Please accept the invitation. This app will be for faster feedback. (See more on Canvas)

I will post grades and comments about all work onto Canvas and return drawings as soon as I can, usually within two weeks. Once I have graded an assignment, you may see your grade, and my comments about your submission in "Grades." (Linked in the left Course Navigation Bar).

I give extensive feedback on most assignments in the Canvas Grade Book. Comments by me will either be in text or video format. It is essential that you view your grades and this feedback after each assignment is graded so that you can get the full benefit and learn what is working and why and how to improve. It is especially important to do this since we will not be meeting face to face as often. It helps to replace the conversations that would take place in the classroom about your work. Please be sure to learn how to view the feedback and take the time to reflect on it. You are also welcomed to make comments or questions in reply.

Please be sure to check your grades and notes regularly. It is your responsibility to keep track of your assignments and grades through Canvas.
- It is also important that you notify me of any missing grades, or errors as soon as you notice them so that I can correct them.
- Instructions for Looking at Grades

Keep All Your Work Until the End of the Semester Remember to keep all of your work until the end of the semester, in case I need to see it again for grading questions, and also so that you can see your progress. If there is an error in your grade book, you will need to have a photo of the artwork to show me

10. PARTICIPATION & ATTENDANCE

Participation = Attendance!
Online attendance is not marked by your physical presence in a classroom, but rather by your participation and engagement with the course activities and assignments.

Flexibility at an Unprecedented Time:
Your participation is integral to the success of this course, but I also recognize that you are human beings, living through a global pandemic, with many commitments and stressors and challenges. If you have reached a point where you can’t keep up with the weekly schedule, please contact me - we will work together to help you create a path to success.
Remember - while this training is important, your family, your health, and your students need to come first!

Guidelines
This course is designed to take about 6 hours per week (on average). Please plan to:
- Set aside time each week to view all module materials and submit required work
- Log in regularly each week to check for announcements, grades, messages, and comments
- Participate in online discussions/ posts on slack, and respond thoughtfully to your peers
Drop Policy

• If you know you cannot attend, it is your responsibility to drop the class.

If You Fall Behind...

• Your participation is important for the success of this course, but I also recognize that you are human, and life happens. If you've reached a point where you have fallen behind, or can't meet the due dates, please contact me. We'll work together to make a path to success.

• **Communicate with the instructor:** If you start to fall behind in the course, let me know! I cannot help you if I do not know there is a problem. There is always a solution, thus help me to help you!

If you are confused about an assignment or requirement, don't hesitate to email your instructor with questions

11. ACADEMIC INTEGRITY

**What is Academic Integrity?**

Academic integrity means honesty in academic work. All of your coursework should be a result of your own efforts. I understand that you can often feel pressured and overwhelmed by the demands of school, work, and personal commitments.

No matter what level of stress you may be experiencing, it is still expected that you will approach your work with honesty and integrity.

While I recognize that mistakes can happen, violating the college's academic integrity policies may compromise your academic career. You would also be de-valuing your resulting degree or certificate when you enter the workforce or transfer and cannot meet the expectations that your degree or certification requires.

**Advice**

Here are some quick tips, adapted from: *What is Academic Integrity? (Links to an external site.)* (Massachusetts Institute of Technology, 2018):

**Do**

• Trust the value of your own intellect.
• Demonstrate your own achievement and abilities.
• Do original work for each class.
• Undertake research honestly and credit others for their work.
• Ask for help from me, or for more time if you need it!

**Don't**

• Copy ideas or wording without citing your source.
• Present another student's work(-s)
• Present works from another class (unless you checked with me before hand)
• Ask another student to do your work for you.
• Purchase works or have someone do the works for you.

12. LIST OF MATERIALS and SUGGESTED BOOKS

i. RECOMMENDED TEXT(S)

*Launching the Imagination (Links to an external site.)* - By. M. Stewart 6th Edition
## II. COURSE LIST OF MATERIALS

during the semester I will be giving different demos on materials and techniques. Some of you may select to buy some of the materials suggested. Once more, they are not mandatory. If there is anyone who cannot afford all the materials, please let me know and we'll figure out a solution!

12. DISCUSSIONS GUIDELINES

I. Discussion Overview
Discussion forums are used to communicate with other students on a specific topic or general course questions. Postings should be thoughtful and reflect your understanding of the subject matter. You are required to respond to your classmates each week.
I will participate in our discussions and will also typically summarize the class. If someone asks for help in the "Q&A" discussion, please feel free to respond. I will also jump in as needed.

II. Discussion Tips
For online discussions to be successful, it is recommended that you participate within the designated time period indicated in the course. As you develop your response here are a few tips you can use to avoid the "I agree or disagree" responses. (While you can be supportive of your peers by saying, "I like it", "I agree" or "Wow, I never thought of that", these statements alone are not sufficient.)
1. Share your experiences as it relates to the topic. Make connections to your own personal background and culture.
2. Identify and discuss your opinion and describe why you agree or disagree.
3. Search and share reputable sites, books, or articles that pertain to the topic.
4. Add a different view with specific examples.

-To guide you in drafting acceptable response posts, refer to the options below:
• Validate the post by sharing your experience and stating how it relates to the course material or to the initial post.
• Agree or disagree with the post and explain why you agree or disagree.
• Expand on your classmate's post to demonstrate that you understand the topic.
• Reply to a question posed by one of your classmates or by the instructor and support your statements with sources from the text.
• Critically evaluate the post and make a suggestion or respectfully point out an area of the assignment that was not addressed.
• Ask a probing question or ask your classmate for a clarification or an explanation of a point made in the post.
• Share an insight or something you learned from reading your peer's posting or from your other reading.
• Explain how someone's post helped you understand the material or made you rethink your own views.
• Offer an opinion and support it with examples from the text.
• Relate the information in the post to your course assignments and/or research projects.
• **Challenge a statement in the post.** If you would not let a statement go unchallenged in a classroom discussion, do not let it go unchallenged on the discussion board.

• **Tie ideas together:** Discuss how comments other students made relate to your peer's post.

• **Make sure you cite your sources for all references to the textbook and for any other ideas that are not your own.**

### III. Netiquette Tips

- **Avoid sarcasm.** People who don't know you may misinterpret your meaning.
- **Use appropriate language.**
- **Avoid "flaming"** (online "screaming") or sentences typed in all caps.
- **Be courteous** to the other students in the class. You might find it helpful to read your posting out loud before you submit it: "tone" is a very important part of online communication. When you read your message out loud, does it sound the way you would speak to another student in the classroom?

• **Never make derogatory comments** toward another person in the class.

• **You can disagree with ideas**, but do not make personal attacks.

### 13. ZOOM INFORMATION

**A. Live ConferZoom Meetings Once a Week:**

We will have live ConferZoom (also called "Zoom") meetings. During the ConferZoom meetings, we will have lectures, discussions, and we will draw together and share your progress on projects. These meetings are required.

You can find all of our ConferZoom meeting invitations on the Zoom button which is linked in the Course Navigation bar on the left within our course or, most likely, you will find the Zoom invitation on Announcements/Canvas Inbox. I will also be sending out an invitation link to each of our Zoom meetings, so you may also join by just clicking on the link for the meeting. See how to join either type in these *How to Join Zoom Videos*.

**B. Recording Zoom Classes**

**I. Lectures, On Zoom Critiques, Demos**

I will be recorded for instructional or educational purposes. The recordings will only be shared with students enrolled in the class through Canvas. The recordings will be deleted at the end of the semester. If, however, you would prefer to remain anonymous during these recordings, then please speak with the instructor about possible accommodations (e.g., temporarily turning off identifying information from the Zoom session, including student name and picture, prior to recording). At the end of the course, the recordings will be deleted.

**II. Students’ Recording**

Students are not allowed to record without instructor permission. Students are prohibited from recording class activities (including class lectures, office hours, advising sessions, etc.), distributing class recordings, or posting class recordings.

**III. Instructors’ Materials**

The materials presented are created by the instructor for the course (syllabi, lectures and lecture notes, presentations, etc.), thus are copyrighted by the instructor.

This university policy (S12-7) is in place to protect the privacy of students in the course, as well as to maintain academic integrity through reducing the instances of cheating. Students who record, distribute, or post these materials will be referred to the Student Conduct and Ethical Development
office. Unauthorized recording may violate university and state law. It is the responsibility of students that require special accommodations or assistive technology due to a disability to notify the instructor.

C. Zoom Classroom Etiquette
1. Mute Your Microphone: To help keep background noise to a minimum, make sure you mute your microphone when you are not speaking.
2. Be Mindful of Background Noise and Distractions: Find a quiet place to “attend” class, to the greatest extent possible.
   - Avoid video setups where people may be walking behind you, people talking/making noise, etc.
   - Avoid activities that could create additional noise, such as shuffling papers, listening to music in the background, etc.
3. Position Your Camera Properly: Be sure your webcam is in a stable position and focused at eye level.
4. Limit Your Distractions/Avoid Multitasking: You can make it easier to focus on the meeting by turning off notifications, closing or minimizing running apps, and putting your smartphone away (unless you are using it to access Zoom)
5. Use Appropriate Virtual Backgrounds: If using a virtual background, it should be appropriate and professional and should NOT suggest or include content that is objectively offensive or demeaning.
   NOTE:
   - Do NOT use the chat box during the Lecture / demos to ask questions and/or add comments. I will not see your questions / comments until the end of class.
   - If you have a question, please ask it during meeting. If it is a private question, please let me know and we could talk at the end of class (and/or individual meetings during office hour)

14. STUDENT SERVICES/ RESOURCES
I. STUDENTS ACCESSIBILITY SERVICES PROGRAM (SAS)
The Americans with Disabilities Act (ADA) is a civil rights statute that prohibits discrimination against people with disabilities. The Students Accessibility Services program (SAS) at San Jose State University is designed to help students with disabilities to achieve success by providing specialized assessment instructional programs and support services.

II. STUDENT CODE OF CONDUCT
Please review the following document for information regarding Student Code of Conduct guidelines, principles of discipline, standards of conduct, academic and classroom disciplinary procedures, student grievance procedures, and suspension and expulsion.

III. SEXUAL HARASSMENT/DISCRIMINATION POLICY
It is the policy of the San Jose State University is to provide an educational environment in which no person shall be unlawfully denied in whole or in part full and equal access to, the benefits of, or be subjected to discrimination in any program or activity of the District. This policy prohibits discrimination on the basis of legally protected categories which include ethnic group identification, race, color, language, accent, immigration status, ancestry, national origin, age, sex, religion, sexual orientation, gender identity, marital status, medical condition, veteran status, physical or mental disability, or on the basis of these perceived characteristics or based on association with a person or group with one or more of these actual or perceived characteristics.
IV. SAFE ZONE STATEMENT
I am a member of the Safe Zone community network at SJSU, and I am available to listen and support you in a safe and confidential manner. As a Safe Zone Ally, I can help you connect with resources on campus to address problems you may face that interfere with your academic and social success on campus as it relates to issues surrounding sexual orientation and gender identity. My goal is to help you be successful and to maintain a safe and equitable campus.

V. DIVERSITY STATEMENT
I consider this classroom to be a place where you will be treated with respect, and I welcome individuals of all ages, backgrounds, beliefs, ethnicity, genders, gender identities, gender expressions, national origins, religious affiliations, sexual orientations, ability – and other visible and non-visible differences. All members of this class are expected to contribute to a respectful, welcoming and inclusive environment for every other member of the class.

VI. PREFERRED NAME & PREFERRED GENDER PRONOUNS
Class rosters are provided to the instructor with the student's legal name. I will gladly honor your request to address you by an alternate name or gender pronoun. Please advise me of this preference early in the semester so that I may make appropriate changes to my records.

15. TECHNICAL PART
I. Tech Support
Technical Difficulties
Internet connection issues: Canvas autosaves responses a few times per minute as long as there is an internet connection. If your internet connection is lost, Canvas will warn you but allow you to continue working on your exam. A brief loss of internet connection is unlikely to cause you to lose your work. However, a longer loss of connectivity or weak/unstable connection may jeopardize your exam.
Other technical difficulties: Immediately email the instructor a current copy of the state of your project and/or exam and explain the problem you are facing. Your instructor may not be able to respond immediately or provide technical support. However, the copy of your exam and/or project and email will provide a record of the situation. Contact the SJSU technical support for Canvas:
TECHNICAL SUPPORT FOR CANVAS
- email: ecampus@sjsu.edu
- Phone: (408) 924-2337
- https://www.sjsu.edu/it/support/service-desk/index.php (Links to an external site.)
If possible, complete your exam in the remaining allotted time, offline if necessary. Email your exam to your instructor within the allotted time or soon after.
Canvas Support & Hotline
- Click the "Help" icon on the left-menu for the Canvas hotline, and a variety of options for getting immediate assistance

Crisis Counseling Support:
https://www.sjsu.edu/counseling/students/crisis-intervention.php
Monday through Friday from 8:30 am to 4:30 pm

III. Verify Student Contact Information
A. Contact Information: It is very important that your contact information is entered correctly in Canvas. Follow these steps to verify/update your email address and add text message notifications, if desired.
• Click on the "Account" icon in the left navigation bar
• Click on "Settings"
• On the right side of the screen, verify that your email address is correct. You can also "Add" a new email address
  o change your "default" email to that new email address (Links to an external site.) Links to an external site., and then delete the old one.
  o You can also add your cell phone number (Links to an external site.)Links to an external site. if you want to receive text message alerts from Canvas.
  o No one (including your instructor) will see your phone number or email address - these settings are private.

  User Settings and Profile (Links to an external site.) : https://vimeo.com/74243735

B. Set Notification Preferences
Don't forget to also verify/update your Notification Preferences for Canvas!
• Click on the "Account" icon in the left navigation bar
• Click on "Notifications"
• Use the columns on the right side of the page to indicate how often you would like to be notified for course activity, for each contact method you have entered.

  Set Notification Preference: https://vimeo.com/75514816

IV. Student Support Resources
Students are never alone in an online course.
The College provides a wide array of support – everything from online tutoring to accessibility services – to help students persist in their programs. To find out more about our student and academic support services, click on the following:

Online Counseling:
https://www.sjsu.edu/counseling/ (Links to an external site.)
https://www.sjsu.edu/aars/ (Links to an external site.)

Library
https://library.sjsu.edu/ (Links to an external site.)

Tech Help
https://www.sjsu.edu/it/support/service-desk/index.php (Links to an external site.)

Accommodations Information
https://www.sjsu.edu/aec/students/accommodations/ (Links to an external site.)
Individually with Disabilities may contact the Disability Resource Center on Campus. 924 – 6000, Administration Building 101, for a variety of formats such as Braille, large print, sign interpreters, assistive listening devices, audio tapes, and accommodations for physical accessibility

   Presidential Directive 97-03 requires that students with disabilities requesting accommodations must register with the Disability Resource Center (DRC) at http://www.drc.sjsu.edu/ to establish a record of their disability.

If you have any medical problems that may require special attention, please let me know. Also, if you have some other personal problem that may affect your class participation, please email me as soon as possible so we can discuss possible solutions. I am more than happy to work with you to accommodate your needs.

V. Mobile App for Canvas
Canvas is mobile-friendly, and can be used on your phone or tablet through a mobile browser, or through the Canvas Mobile App. However, there can sometimes be problems, and you may need to
switch to desktop computer. For example, certain power points' sections and/or quiz questions might not display well on a mobile device.

If you'd like, you can download the Canvas Mobile App (Apple iOS Canvas App (Links to an external site.) for iPhone/iPad, Android Canvas App (Links to an external site.))

If your computer crashes, you can always use your smartphone or tablet to access your course!

For more information, see the Mobile Guides for Canvas

VI. Student Readiness Tutorials
Optional, Additional Resources for Online Learning

Enhance your experience in this online course by reviewing these readiness tutorials! Whether this is your first time taking online classes, or you have taken a few in the past, you will find that these resources are tailored to your needs and are focused on enhancing the academic and technical skills needed for success in the online learning environment.

1. Introduction to Online Learning (Links to an external site.)
2. Getting Tech Ready (Links to an external site.)
3. Organizing for Online Success (Links to an external site.)
4. Online Study Skills and Managing Time (Links to an external site.)
5. Communication Skills for Online Learning (Links to an external site.)
6. Online Reading Strategies (Links to an external site.)
7. Career Planning (Links to an external site.)
8. Educational Planning (Links to an external site.)
9. Instructional Support (Links to an external site.)
10. Personal Support (Links to an external site.)
11. Financial Planning
