

San José State University

Art 140 Glass

Topic: General Crafts

Fall 2021

Course and Contact Information

Instructor:	Cassandra Straubing
Office Location:	Zoom
Email:	Cassandra.straubing@sjsu.edu (Canvas messaging is preferred)
Office Hours:	M/W 3-4 PM or directly after class (preferred)
Class Days/Time:	Section 1: M/W 9-11:30 AM, Section 2: M/W 12:30-3:20 PM
Classroom:	Online

Course Format

This course will meet on line AND in person throughout the semester. Taking this course completely online is not possible.

Technology contents:

Course materials such as syllabus, handouts, notes, assignment instructions, etc. can be found on the Canvas learning management system course website. You are responsible for setting your Canvas settings to alert you when your instructors send an announcement on Canvas. We will also be using Zoom, therefore internet connection is needed during class.

Course Description

This semester, Art 140 will be an introduction to glass as a material, history, industry and process. We will learn the fundamental tools and equipment of the studio and the fundamentals of hot glass working. We will learn how to cold work the surface of glass, using the facilities equipment. We will learn about the physical and philosophical aspects of glass and use them to explore light. 3 Units.

Course Learning Outcomes (CLO)

The assessment is based on an analysis of student behaviors and products in which they demonstrate how well they have mastered learning outcomes. Upon completion of this course, students will be able to:

CLO1 Gather and sculpt hot molton glass.

CLO2 Cut and etch glass using traditional cold glass techniques and equipment

CLO3 Recognize the importance Glass plays in our world and how we cannot live without it.

CLO4 Discuss contemporary and historical topics of glass

Required Readings and Materials

Readings: There will be glass articles posted on Canvas at various points throughout the semester. A written assignment will follow, to be submitted through Canvas.

Materials list:

1. COVID mask
2. Eye protection- safety glasses can be purchased from any hardware store. Prescription will also equally suffice.
3. Permanent marker
4. Exacto blade
5. At lease 5 regular sized wine bottles.
6. Sketchbook
7. Kitchen glass blowing tools:
 - Broomstick
 - Tennis ball
 - BBQ tongs
 - Small tongs
 - Large cooking spoon
 - Honey
 - Chopsticks
 - A chair without arms, close to a table
 - Large mixing bowl or small bucket

** Any additional specific materials needed for projects will also be your responsibility

Course Requirements and Assignments

SJSU classes are designed such that in order to be successful, it is expected that students will spend a minimum of forty-five hours for each unit of credit (normally three hours per unit per week), including preparing for class, participating in course activities, completing assignments, and so on. More details about student workload can be found in [University Policy S12-3](http://www.sjsu.edu/senate/docs/S12-3.pdf) at <http://www.sjsu.edu/senate/docs/S12-3.pdf>.

When a project is due, please upload clear photographs of your piece, from 3 angles, to the file upload within that assignment, for grading purposes.

- Shop Vocab Test- (10%)
- The Hot Glass Dance Studio Performance. (10%)
- Solid Hot Sculpting (20%)
- Make a glass set [of cups] with traditional cold cutting techniques. (20%)
- The Migration of Light- Video Shorts (20%)
- Misc (20%)

Final Evaluation:

Final critiques will be held on the last day of class. Your scheduled final examination day will be used for individual meetings when noted.

Determination of Grades:

Rubrics: When presented, each project description has a detailed list of what and how the project will be evaluated for a grade. Categories include:

1. Mastery of the process and techniques
2. Design execution and creativity
3. Participation, dedication, and effort

Each category will have different percentage points associated with it. You will be awarded points for the level of completion your project demonstrates in that category. The points are totaled up and a grade is given based on the valued grade percentage.

NOTE that [University policy F69-24](http://www.sjsu.edu/senate/docs/F69-24.pdf) at <http://www.sjsu.edu/senate/docs/F69-24.pdf> states that "Students should attend all meetings of their classes, not only because they are responsible for material discussed therein, but because active participation is frequently essential to insure maximum benefit for all members of the class. Attendance per se shall not be used as a criterion for grading."

Class participation: This includes one-on-one discussions of your project progress, discussion of your colleagues' work in critiques, and discussion of the artists' work presented in video presentations. I will take attendance in Canvas at the beginning of each class period. If you don't speak up a lot in class, at least the attendance log will show me that you were (quietly) participating.

Grading Policy

(Instructor reserves the right to change an assignment or a due date with adequate advance notice.)

Grades will be assigned according to University policy from A to F as outlined in the SJSU catalog. All work must be finished and turned in according to ascribed deadlines and instructions.

I will assign you a numerical grade for each of your projects in this class, as follows:

A+ = 100-97%	A = 96-93%	A- = 92-90%
B+ = 89-87%	B = 86-83%	B- = 82-80%
C+ = 79-77%	C = 76-73%	C- = 72-70%
D+ = 69-67%	D = 66-63%	D- = 62-60%

A= Excellent work

B= Above average work

C= Average work

D= Below average work

F= Unsatisfactory work

All grades will be culminated and posted in a timely fashion on Canvas for you to access whenever you want.

Penalty for Late Work

Projects will loose 1 letter grade per week that they are late, unless proof of illness or extraordinary circumstances is presented. There are no make-up's given for missed tests or Critiques. This results in a zero as the recorded grade for the missed assignment or participation.

Instructor reserves the right to move a due date with adequate notice, to a later date than the one listed on the course calendar.

“Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally 3 hours per unit per week with 1 of the hours used for lecture) for instruction or preparation/studying... Other course structures will have equivalent workload expectations as described in the syllabus.”

For a class that meets 6 hours per week, this means a MINIMUM of 3 hours per week of work outside of class is expected.

Final Examination or Evaluation

Final critiques will be held on the last day of class. Your scheduled final examination day will be used for individual meetings when needed.

Zoom Recording of Classes

This course or portions of this course (i.e., lectures, discussions, student presentations) will be recorded for instructional or educational purposes. The recordings will only be shared with students enrolled in the class through Canvas. The recordings will be deleted at the end of the semester. If, however, you would prefer to remain anonymous during these recordings, then please speak with the instructor about possible accommodations (e.g., temporarily turning off identifying information from the Zoom session, including student name and picture, prior to recording).

“Course material developed by the instructor is the intellectual property of the instructor and cannot be shared publicly without his/her approval. You may not publicly share, or upload instructor generated material for this course such as exam questions, lecture notes, or homework solutions without instructor consent.” This university policy (S12-7) is in place to protect the privacy of students in the course, as well as to maintain academic integrity through reducing the instances of cheating. Students who record, distribute, or post these materials will be referred to the Student Conduct and Ethical Development office. Unauthorized recording may violate university and state law. It is the responsibility of students that require special accommodations or assistive technology due to a disability to notify the instructor.

Technology Requirements

Students are required to have an electronic device (laptop, desktop or tablet) with a camera and built-in microphone. SJSU has a free equipment loan program available for students. Students are responsible for ensuring that they have access to reliable Wi-Fi during tests. If students are unable to have reliable Wi-Fi, they must inform the instructor, as soon as possible or at the latest one week before the test date to determine an alternative. See Learn Anywhere website for current Wi-Fi options on campus.

Academic Dishonesty

Students who are suspected of cheating during an exam will be referred to the Student Conduct and Ethical Development office and depending on the severity of the conduct, will receive a zero

on the assignment or a grade of F in the course. Grade Forgiveness does not apply to courses for which the original grade was the result of a finding of academic dishonesty.

University Policies

Per [University Policy S16-9](http://www.sjsu.edu/senate/docs/S16-9.pdf) (<http://www.sjsu.edu/senate/docs/S16-9.pdf>), relevant university policy concerning all courses, such as student responsibilities, academic integrity, accommodations, dropping and adding, consent for recording of class, etc. and available student services (e.g. learning assistance, counseling, and other resources) are listed on [Syllabus Information web page](http://www.sjsu.edu/gup/syllabusinfo) (<http://www.sjsu.edu/gup/syllabusinfo>), which is hosted by the Office of Undergraduate Education. Make sure to visit this page to review and be aware of these university policies and resources.

ART 140 Beginning Glass

Fall 2021

The schedule is subject to change with fair notice on the Canvas web page or announced at the beginning of class.

Course Schedule

Week	Date	Topics, Readings, Assignments, Deadlines
1	8/23 ZOOM	Intro to class. Homework: order your tools from the links in the materials list.
1	8/25 ZOOM	Contemporary Glass Blowing Take notes for the test
2	8/30 ZOOM	Intro to various glass techniques- blowing, casting, patte de Verre, slumping, engraving and flame working.
2	9/1 ZOOM	Glass studios in India and Afghanistan Roman Glass
3	9/6 ZOOM	Labor Day. Campus closed.
3	9/8 ZOOM	Maestros and the history of Venetian Glass
4	9/13 ZOOM	American Studio Glass Movement
4	9/15 ZOOM	Myth Busters and Corning Inc., Modern glass factories, Recycling

5	9/20 ZOOM	Virtual Glass Blowing and Contemporary Glass Art. Demo: homeschooled kitchen glass blowing practice Hot Shop Vocab intro Homework: Gather your kitchen glass blowing tools.
5	9/22 ZOOM	Corning Amphitheater contemporary glass blowing Practice kitchen glass blowing Homework: Study for the studio vocab test
6	9/27 ZOOM	Studio Vocab test Corning Amphitheater contemporary glass blowing Practice kitchen glass blowing Homework: Study for the Hot glass studio dance test
6	9/29 ZOOM	Hot Glass Studio Dance performance test. Corning Amphitheater contemporary glass blowing *Note- this is the last Zoom class for a while
7	10/4 STUDIO	*Note- Class will be in person on Campus today. Plan to arrive on time, leaving ample time for parking. Project intro: Hot Glass Sculpting Demo: Gather Marver Block
7	10/6 STUDIO	Work on Gather Marver Block
8	10/11 STUDIO	Work on Gather Marver Block Sculpt
8	10/13 STUDIO	Work on Gather Marver Block Sculpt Homework: bring in 5 empty clean wine bottles.
9	10/18 STUDIO	Demo: hot popping wine bottles Homework: Cut your bottles. Make sure you have a sound pair of vessels Homework: Sketch up your imagery for your vessels
9	10/20 STUDIO	Demo: Coldworking the surface of glass
10	10/25 STUDIO	Split into 2 teams Team 1- Hotshop work day Team 2- Coldshop work day
10	10/27 STUDIO	Split into 2 teams Team 1- Hotshop work day Team 2- Coldshop work day
11	11/1 STUDIO	Light and Shadow Project intro: The Migration of Glass Light The L.A. Light Movement
11	11/3 STUDIO	Prepare your characters and set design for Film Shorts
12	11/8 STUDIO	Studio project work day
12	11/10 STUDIO	Studio project work day
13	11/15 STUDIO	Studio project work day

13	11/17 STUDIO	Last day to work in the glass studios
14	11/22 STUDIO	MANDATORY Final studio clean up. Virtual Zoom class from here on out.
14	11/24 ZOOM	Thanks Giving Holiday
15	11/29 ZOOM	ZOOM Finalize film shorts
15	12/1 ZOOM	Zoom Critique and presentation of student short films
16	12/6 ZOOM	ZOOM Critique and presentation of student short films
	12/9 7:15-9:30	Section 1 Final Individual Meetings (as needed)
	12/10 9:45-12	Section 2 Final Individual Meetings (as needed)
