

San José State University
Department of Art and Art History
Photo 40, Beginning Photography, Section 04, Fall 2021

Course and Contact Information

Instructor(s):	Heather Brown
Office Location:	Virtual Office via Zoom (link will be provided by instructor)
Telephone:	408-924-4320
Email:	heather.brown@sjsu.edu
Office Hours:	Friday, 3:00pm-4:00pm
Class Days/Time:	Tuesday, Thursday 8:00am-10:50am
Classroom:	Virtual Classroom via Zoom

Course Description

A beginning photography course which introduces basic aesthetic issues in (primarily black and white) image making. Introduces photographic technique utilizing digital cameras, electronic image processing and digital printing. Requires a DSLR (digital single lens reflex) type camera. Requires Adobe Lightroom Classic.

Faculty Web Page and MYSJSU Messaging

Course materials such as syllabus, handouts, notes, assignment instructions, etc. can be found on my faculty web page at <http://www.sjsu.edu/people/firstname.lastname> and/or on [Canvas Learning Management System course login website](http://sjsu.instructure.com) at <http://sjsu.instructure.com>. You are responsible for regularly checking with the messaging system through [MySJSU](http://one.sjsu.edu) on [Spartan App Portal](http://one.sjsu.edu) <http://one.sjsu.edu> (or other communication system as indicated by the instructor) to learn of any updates.

Course Goals

This course will introduce you to the basics of photography including operating a DSLR camera and editing images using Adobe Lightroom Classic. You will also learn the basic principles of light and optics in order to create technically and conceptually successful photographs in various types of environments. This course will additionally incorporate the analysis of work of both historical and contemporary photographers to better understand the context of photography in the greater fine art realm.

Course Learning Outcomes (CLO)

Upon successful completion of this course, students will be able to:

CLO1 – Successfully operate a DSLR camera in full manual mode

CLO2 – Create photographic images which are properly focused, exposed, composed, and edited

CLO3 – Utilize Adobe Lightroom Classic to organize and edit digital images

CLO4 – Understand the importance of influential historical and contemporary photographers
CLO5 – Create a cohesive and fully developed body of work containing several original images

Required Texts/Readings

All required readings will be posted to the course Canvas page.

Course Web Materials

You can access all course materials online via the SJSU Canvas site for this section. Your Username is your 9-digit SJSU ID number, and your password is your SJSU-One account password.

Course Requirements and Assignments

The grading percentage breakdown for this course is as follows:

Activities (15% of total grade)

- Scavenger hunt
- Photo walk
- Portraits
- Photo Jeopardy
- Small group discussions

Projects/Critiques (30% of total grade)

- Genres of photography (10%)
- Humans vs. nature (10%)
- Photographer emulation (10%)

Basics of Photography Quiz (5% of total grade)

Research Project/Presentation (15% of total grade)

Final Exam (25% of total grade)

- Photographer Website project and critique

Participation (10% of total grade)

- Class discussions
- Class activities
- Critiques
- Having zoom camera turned on and engaging actively in the class

Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/studying, or course related activities, including but not limited to internships, labs, and clinical practice. Other course structures will have equivalent workload expectations as described in the syllabus.

Course Materials

The materials required for this course are as follows:

- A professional-grade operational DSLR or mirrorless camera with a minimum image quality of 12 megapixels. The camera must be able to capture images in RAW format using a fully manual mode and should support interchangeable lenses. You can check out DSLR cameras for free from the photo equipment room (access varies depending on current university policy in regard to COVID-19).
- A high-speed memory card for your camera with at least 32 GB of storage.
- A laptop with at least 40GB of free storage and the ability to run Adobe CC programs.
- Adobe Lightroom Classic CC. You have access to the entire Adobe CC Suite for free through SJSU. The Student Access Request Form can be found here: <http://www.sjsu.edu/ecampus/teaching-tools/adobe/index.html>
- An external hard drive with at least 500GB of storage or access to a cloud drive to back up your work. You are also encouraged to purchase a flash drive or memory stick for quickly sharing and transferring files.
- A USB cable or card reader for transferring images from your camera to your computer.
- \$25-40 to cover the cost of the photo book (required for final exam)

Final Examination (Final Book Project)

University policy requires that all courses have a culminating activity during their allotted final time slot which students are required to attend. The final exam for this course will be a group critique of the final book project. The final book project is due at the beginning of the exam period. Attendance is required for the entire exam period. Tardiness or leaving early will result in a severe grade deduction and possible failure of the final exam.

The final exam for this class is scheduled for: Wednesday, December 8th, 2021 from 7:15am-9:30am.

Grading Information

Determination of Grades

The work created for this course will be evaluated using the following criteria:

A: Outstanding. The ideas and concepts are complex and thoughtful and have been presented in a clear, organized, and engaging manner; the work shows dedicated consideration far beyond the basic requirements.

B: Good. The ideas and concepts are interesting and successfully presented. The work shows potential, but is not necessarily distinctive or complex, or otherwise stops just short of being fully developed.

C: Average. The work achieves minimum requirements of the assignment, but seriously lacks clarity, consideration, or ambition. Quality of work meets minimum requirements but is markedly light on

conceptual and/or technical knowledge or creative risk. This includes promising ideas or concepts that have ultimately been presented in an incomplete state.

D: Unsatisfactory. The work does not satisfy the minimum requirements of the assignment, shows a complete lack of serious concept or consideration, or is otherwise generally unsatisfactory in terms of quality and clarity.

F: Failed. No assignment was submitted, or materials submitted do not meet basic assignment criteria.

Grade	Percentage
A plus	96 to 100%
A	93 to 95%
A minus	90 to 92%
B plus	86 to 89 %
B	83 to 85%
B minus	80 to 82%
C plus	76 to 79%
C	73 to 75%
C minus	70 to 72%
D plus	66 to 69%
D	63 to 65%
D minus	60 to 62%

Critiques

Attendance is required only on critique days as well as the final exam. Absence from a critique, except in cases of emergency or extreme situations, will result in a failing grade for the project. Students who do not have their finished project by the beginning of the first critique period will also receive a failing grade.

Weighted Grades

The lowest grade from the semester, excluding the final exam, will be dropped and not affect the student's final grade for the course. Additionally, grades from the last portion of the course may be weighted in situations where it will benefit, but never harm, the student.

Extra Credit

Extra credit opportunities are always available for this course. If a student wishes to receive extra credit for an assignment, they must request so from the instructor. If approved, the instructor will assign an activity or allow for a former activity or project to be turned in again. The amount of extra credit points permitted is decided upon exclusively by the instructor. If you are concerned about your grade or made a mistake in the early portion of the course, it is vital to communicate your desire to improve your grade to the instructor. We understand that mistakes happen or situations in life can be challenging, and it's important to fix that mistake rather than give up and accept failure.

Classroom Protocol

Respect

The instructor will always do their best to create an inclusive, non-judgmental, respectful, and safe classroom space for all students. You as a student are required to always be respectful and mature towards the instructor and all other students. Any disruptive, mean-spirited, hateful, exclusive, or antagonizing behavior will not be tolerated. The instructor reserves the right to ask disruptive students to leave the classroom at any point in time.

Participation

During virtual class sessions, students are required to leave their cameras turned on during the entirety of class (unless receiving prior approval from instructor). When the instructor calls on a student, the student must respond verbally or by using the chat box available on zoom. Failure to participate in class activities and critiques may result in a severe grade deduction.

Critiques

Verbal participation in critiques is mandatory for all students. Criticism must always be constructive, specific, relevant, and respectful. That being said, it is important to not 'sugar-coat' or give only positive feedback as everyone, instructor included, can always improve their work. Art is entirely subjective so all opinions, even if you do not agree, are valid and welcome. (We will go over the etiquette of critiques before your first one.)

Academic Integrity

Submitting projects already turned in in another class qualifies as cheating. All work made in this class must be new and created solely by the individual student submitting the project. In addition, each assignment must consist of new images taken specifically for that assignment. If you wish to appropriate old work or work from other courses you may only do so upon receiving permission from instructor prior to completion of the project or activity.

University Policies

Per [University Policy S16-9](http://www.sjsu.edu/senate/docs/S16-9.pdf) (<http://www.sjsu.edu/senate/docs/S16-9.pdf>), relevant university policy concerning all courses, such as student responsibilities, academic integrity, accommodations, dropping and adding, consent for recording of class, etc. and available student services (e.g. learning assistance, counseling, and other resources) are listed on [Syllabus Information web page](http://www.sjsu.edu/gup/syllabusinfo) (<http://www.sjsu.edu/gup/syllabusinfo>), which is hosted by the Office of Undergraduate Education. Make sure to visit this page to review and be aware of these university policies and resources.

Dropping and Adding

Students are responsible for understanding the policies and procedures about add/drop, grade forgiveness, etc. Refer to the current semester's Catalog Policies section at <http://info.sjsu.edu/static/catalog/policies.html>. Add/drop deadlines can be found on the current academic year calendars document on the Academic Calendars webpage at http://www.sjsu.edu/provost/services/academic_calendars/. The Late Drop Policy is available at <http://www.sjsu.edu/aars/policies/latedrops/policy/>. Students should be aware of the current deadlines and penalties for dropping classes.

Information about the latest changes and news is available at the Advising Hub at <http://www.sjsu.edu/advising/>.

Consent for Recording of Class and Public Sharing of Instructor Material

University Policy S12-7 , <http://www.sjsu.edu/senate/docs/S12-7.pdf>, requires students to obtain instructor's permission to record the course and the following items to be included in the syllabus:

- “Common courtesy and professional behavior dictate that you notify someone when you are recording him/her. You must obtain the instructor's permission to make audio or video recordings in this class. Such permission allows the recordings to be used for your private, study purposes only. The recordings are the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material.”
- “Course material developed by the instructor is the intellectual property of the instructor and cannot be shared publicly without his/her approval. You may not publicly share or upload instructor generated material for this course such as exam questions, lecture notes, or homework solutions without instructor consent.”

Campus Policy in Compliance with the American Disabilities Act

If you need course adaptations or accommodations because of a disability, or if you need to make special arrangements in case the building must be evacuated, please make an appointment with me as soon as possible, or see me during office hours. Presidential Directive 97-03 at http://www.sjsu.edu/president/docs/directives/PD_1997-03.pdf requires that students with disabilities requesting accommodations must register with the Accessible Education Center (AEC) at <http://www.sjsu.edu/aec> to establish a record of their disability.

PHOT 40 / Beginning Photography

Fall 2021

Course Schedule

Week	Date	Topics, Readings, Assignments, Deadlines
1	8/19/21	Class Intro <ul style="list-style-type: none">• Getting to know each other• Review of syllabus• Activity: What's in the box?• Instructor's digital collage • Homework: Make a digital collage of images which describe interesting things about you and post to canvas. We will use these next class to play an 'icebreaker' game.
2	8/24/21	<ul style="list-style-type: none">• Weekly article response #1• Workday
2	8/26/21	Understanding Light <ul style="list-style-type: none">• Icebreaker game: digital collages• Article discussion• Lecture: understanding light, camera obscura• Activity: turn your room into a camera obscura (virtual demo) Cameras 101 <ul style="list-style-type: none">• Lecture: types of cameras, parts of a camera, film vs. digital, DSLR vs. smartphones • Homework:<ul style="list-style-type: none">○ Find one photo you love and one you hate and be ready to share next class○ Bring a fully charged and working DSLR camera (with at least 16gb memory card) to next class.
