M) Director Maldonado

S) Director Saif

Controller Maldonado opens the conversation on the approval of the 2023-2024 budget. He adds that there were questions about the budget which he continues to answer. The first question was by director Aquino who asked why there was only \$10,000 in the Spark Community fund? They did some adjustments to the budget and took \$10,000 from student org funding and put it in the Spark Community fund. Continuing, President Chaung asked about the CDCs line. Kingson states that it's not an Annual budget so it's not something that is done on a periodic basis. President Chaung also asked if they were going to have enough to bring politicians to campus. Controller Maldonado states that it falls under hospitality for A.S Government. Government does have the biggest budget so yes they will bring politicians for students as those events are important. However for this they have to reallocate funds from the travel category to hospitality(\$750). Controller Maldonado asked if the new 2023-2024 budget should be approved. Everyone agrees it looks good and moves on to votes.
