

Tech 199A Visit of NASA Ames Research Center

On Thursday February 28, 2019, Members of the Delegation from US-Japan Forum including students and staff from The University of Tokyo, Tohoku University, Niigata University and Tsukuba University visited SJSU. This delegation had the opportunity to tour the Aviation Program Flight Simulation Laboratory, ME Program Hybrid and Electric Vehicle Technology Lab, and the Smart Home and Energy Efficiency Lab. The visitors enjoyed the tours and learned of SJSU students' experience in hands-on education.
