---------------------------	----------------------	------------	----------------------

Signature (electronic or hand-written)	<input type="text"/>	Date	<input type="text"/>
--	----------------------	------	----------------------

## Requirements

Signatures from all committee members must be present when your thesis is submitted to the Office of Graduate Studies & Research for review. GS&R will accept either electronic or hand-written signatures as long as all signatures appear together on the same form. This form must be included with the Thesis Information Packet. Please visit the GS&R website for more detailed information about submission guidelines: <http://www.sjsu.edu/gradstudies/thesis/>

Students should inquire of their advisor the number of thesis committee members that are needed for departmental approval. University policy S87-6 requires that a minimum of three individuals serve on a student's thesis committee. The majority of the committee members must be SJSU faculty. The chair of the thesis committee must be a full time, tenured, or tenure-track SJSU faculty member not on leave or sabbatical. Faculty participating in the Faculty Early Retirement Program (FERP) are considered active faculty members and, as such, can function as the thesis chair. Non-faculty members must be recognized experts in the subject matter of the thesis. If the thesis committee includes an off-campus member, please specify the affiliation (e.g., Mr. Marvin King, ABC Corporation) in the department field. If there are more than four committee members, please fill out an additional form as needed.
