Other information covered in the course will include linguistic terminology, components of language, stages of language development, and language diversity factors. The course will include information on first and second language acquisition and learning as well as general characteristics of speech and language disorders.

College of Education Mission Statement

The mission of the College of Education at San Jose State University is to prepare educators who have the knowledge, skills, dispositions and ethics that ensure equity and excellence for all students in a culturally diverse, technologically complex, global community.

Department of CD&S Mission Statement

The mission of the CD&S Department is to provide a high quality program for speech-language pathologists to meet the communicative needs of our increasingly diverse multilingual/multicultural population. The program follows an academic and clinical curriculum based on a sound theoretical framework and research findings

which promote competent practitioners who participate in lifelong learning experiences. The program is enhanced through faculty, academic, and clinical expertise, transdisciplinary and family collaboration and technological advancements in assessment and intervention.

Knowledge Base

The course content is drawn from various fields which include linguistics, sociolinguistics, psycholinguistics, education, multiculturalism, communication disorders, and child development as well as technology. Various theories of language development will be discussed and contrasted such as the Behaviorist perspective (Skinner, 1957), Nativist (Chomsky, 1968), Bates (1987) and others which view language as developing in context. The debate between language and cognitive development will be addressed by reviewing the works of Piaget (1963) and Vygotsky (1962). First language development will be studied through the works of Brown (1973), Clark (1973), Nelson (1974) and others. The importance of pragmatic development will be emphasized as well with the works by (Bloom and Lahey, (1978). Research on second language development will be reviewed by discussing the works of Cummins (1984, 1989), and Krashen (1981, 1989), along with others. Additionally, adolescent language will be studied referring to the work of Larson & McKinley (2003). Information on speech and language disorders will be reviewed as well.

3. **Standard 13: Special Education Field Experiences with Diverse Populations**

The program provides a sequence of field experiences involving a broad spectrum of interactions with diverse populations. These experiences are age and/or grade appropriate to the areas of service authorized by the credential. Each candidate participates in and reflects on a variety of activities representing different roles of special educators, including interactions with parents. Grievance Procedure

Students dissatisfied with course policies should refer to “Students Rights and Responsibilities” section in the SJSU catalog for information about the SJSU procedures for filing a complaint.

University Policies

General Expectations, Rights and Responsibilities of the Student

As members of the academic community, students accept both the rights and responsibilities incumbent upon all members of the institution. Students are encouraged to familiarize themselves with SJSU’s policies and practices pertaining to the procedures to follow if and when questions or concerns about a class arises. See University Policy S90–5 at <http://www.sjsu.edu/senate/docs/S90-5.pdf>. More detailed information on a variety of related topics is available in the SJSU catalog, at <http://info.sjsu.edu/web-dbgen/narr/catalog/rec-12234.12506.html>. In general, it is recommended that students begin by seeking clarification or discussing concerns with their instructor. If such conversation is not possible, or if it does not serve to address the issue, it is recommended that the student contact the Department Chair as a next step.

Dropping and Adding

Students are responsible for understanding the policies and procedures about add/drop, grade forgiveness, etc. Refer to the current semester’s Catalog Policies section at <http://info.sjsu.edu/static/catalog/policies.html>. Add/drop deadlines can be found on the current academic year calendars document on the Academic Calendars webpage at http://www.sjsu.edu/provost/services/academic_calendars/. The Late Drop Policy is available at <http://www.sjsu.edu/aars/policies/latedrops/policy/>. Students should be aware of the current deadlines and penalties for dropping classes.

Information about the latest changes and news is available at the Advising Hub at <http://www.sjsu.edu/advising/>.

Consent for Recording of Class and Public Sharing of Instructor Material

- “Common courtesy and professional behavior dictate that you notify someone when you are recording him/her. You must obtain the instructor’s permission to make audio or video recordings in this class. Such permission allows the recordings to be used for your private, study purposes only. The recordings are the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material.”
 - It is suggested that the greensheet include the instructor’s process for granting permission, whether in writing or orally and whether for the whole semester or on a class by class basis.
 - In classes where active participation of students or guests may be on the recording, permission of those students or guests should be obtained as well.
- “Course material developed by the instructor is the intellectual property of the instructor and cannot be shared publicly without his/her approval. You may not publicly share or upload instructor generated material for this course such as exam questions, lecture notes, or homework solutions without instructor consent.”
