Advising for the **Summer 2022** semester **starts on 05/30/2022**. We will be using the following procedure to make the process more efficient.

**Step 1: Complete the documentation required for advising:**
- A completed printout of “MyPlanner Report” through your MySJSU portal.
- A completed CEE Department Academic Advising Guide (available via a DocuSign form found at this link https://bit.ly/30PGT1u)
- Make sure that you have entered all of the information requested. In particular, make sure that you enter all of the prerequisites and co-requisites. The prerequisites and co-requisites can be found using the following link to our catalog, which has our courses listed along with the prerequisites; Students can view the prerequisite information for each course by clicking on the specific course under the Courses section on the catalog. [https://catalog.sjsu.edu/preview_entity.php?catoid=12&ent_oid=915](https://catalog.sjsu.edu/preview_entity.php?catoid=12&ent_oid=915)

**Step 2: Select which advisor to route your form to by filling in their name and email address where prompted.**
- Complete the DocuSign form and attach the MyPlanner report. The form will automatically be sent to your advisor for review.
- Your advisor may comment on your advising form electronically and you will receive email notification if a comment has been made on your form.
- Please remember to include the course description next to each course number (do not list just the number of the course).

**Step 3: Your CEE advisor will review your form.**

*Note:* After the term advising is complete your advisor will sign your advising form and it will automatically forward the approved advising packet to the CEE office for your advising hold removal.

**Dr. Laura Sullivan-Green (A-Z)** will be advising students with last names starting with letters A-Z. Enter her full name, Laura Sullivan-Green and her email, [laura.sullivan-green@sjsu.edu](mailto:laura.sullivan-green@sjsu.edu) to route the DocuSign advising form to her.

*Note:* Advising for the Summer 2022 term will be coordinated remotely only.

**DO NOT WAIT TO DO YOUR TERM ADVISING – this can impact the courses you are able to enroll in for next semester.** Be aware that it can take up to a week from submitted your documents before the hold is finally removed.

Remember that the best way for each student to maximize his/her ability to enroll in the courses of his or her choice is:

- Have timely advising and removal of your advising hold before your registration appointment;
- Have prompt enrollment as soon as your registration appointment begins;
- Pay fees on-time;
Follow the recommended course sequence as closely as possible (available at: https://www.sjsu.edu/cee/programs/bs-civil-engineering/4-year-plan.php)

Due to the number of students that require advising each semester, please confine your advising questions and requests to the office hours listed above that are set aside exclusively for undergraduate advising. Note that these office hours are separate from the teaching-related office hours. To meet our goals for better advising, please do not ask for advising during teaching-related office hours. This includes answering “quick” advising questions and asking for required signatures.

Planning for Graduation:

- Graduation applications are completed online through your MySJSU portal.
- Apply for graduation if you:
  1. are two full fall/spring semesters away from graduating;
  2. will have earned 85-90 units at the end of the current semester; and
  3. are not in disqualified academic standing.
- Note: You will have two semesters of priority registration (fall/spring) if you apply by the following deadlines. Late applications will not receive priority registration.

Fall 2022 Registration

The Advance Registration for Continuing Students begins on April 26th. The complete registration calendar can be found here, https://www.sjsu.edu/registrar/calendar/fall-2022.php

Contact the Registrar’s Office for more details.

In Preparation for Graduation:

1. Review MyPlanner
   - MyPlanner is an interactive tool that allows you to map your entire academic path to graduation.
   - MyPlanner should show your plan through the term you intend to graduate.

2. Review MyProgress
   - MyProgress is one of the most important tools to monitor your academic progress and is accessible on MySJSU. This report provides a detailed summary of your degree requirements--both completed and still unmet.
   - To access this report, navigate to your MySJSU Student Center and choose MyProgress from the "other academics" pull-down menu to the left of your class schedule.
   - Note: Unmet requirements (show red) should be the courses planned for your final semesters. All requirements must be complete (all green) in order for your degree to be awarded.
   - See ESSC for general education questions.

3. Verify that your major (and minor, if applicable) and catalog year are accurately listed on your record.
   - You can review this at the top of your MyProgress report.
   - If your major catalog year is not what you expect it to be, see your major advisor.

4. Ensure that all transfer credit completed is reflected on your record.
   - Community college transcripts are submitted to the Registrar’s office
   - All test scores (AP, CLEP, etc.) are submitted to the Registrar’s office
   - Complete a transfer equivalency for all work that is not directly articulated
If it is determined that you will not graduate in the semester for which you’ve applied, you will need to change your graduation date (Graduation Date Change Form – Registrar's website). This change requires a $10 fee. Do not wait to do this form! If your graduation date is in the system as the Fall 2022 term and you do not extend your graduation date beyond the Fall 2022 term -you will not get an advanced registration appointment for the Spring 2023 term!

After You've Applied
You are responsible for completing all the outstanding requirements shown in your MyProgress report. If you feel you should have met a requirement that is not showing as completed, see your major advisor or the ESSC. If you still have questions or concerns after you submit your application or if you think there's a problem, please, first reach out to your major advisor. If there are still questions, visit us at the ESSC.

****************************************************************************************
UNTIL FURTHER NOTICE, TERM ADVISING WILL HAPPEN REMOTELY
